The Printer's Miscellany.

ST. JOHN, N. B., CANADA, OCT., 1877.

Printers' Relief Committee.

In our last issue, for want of space and at the last moment of going to press, we were unable to give the craft the final decision of the St. John Printers' Relief Committee. The Committee, after printing and forwarding circulars throughout the British Dominions and the United States, a copy of which we printed in the July number, *acknowledging* the receipt of certain sums forwarded for the relief of St. John printers, finally decided to assemble together and disburse the amounts equally and impartially. The Secretary, having received no answers to said circulars, concluded that no other amounts than those acknowledged had been forwarded to St. John. The Committee met at Sparrow's Hall on Saturday evening, Nov. 3rd., to make a distribution of the amount on hand. The amount (219.05) was so small that among thirty printers and nineteen apprentices the dividends were very light. Below we

give the report of the Treasurer, showing the receipts and disbursements:—

F. A. Lugin, Treasurer, in account with the Printers' Relief Committee:—

To Correspondents.

A large number of letters are received every month at this office from parties asking information about the chances for a situation somewhere, which foundry makes the best type, which foundry sells the cheapest, who makes the best and cheapest paper, ink, presses, etc., etc., embracing the whole list of materials used by printers and bookbinders. Up to the present writing we have failed to find the necessary stamps enclosed for a reply. This is not fair. Correspondents who expect an answer must enclose, at least, the necessary stamps for a reply.

Those intending to subscribe for the *Miscellany* should lose no time, as in a short while, back numbers cannot be furnished.
