

A food that has demonstrated under exacting clinical tests for over a quarter of a century, its value in the dietary of infants, nursing mothers, surgical cases, consumptives, typhoid fever patients and other invalids. The standard Malted Milk, representing the highest achievement, in every detail peculiar to its manufacture. The result of modifying pure milk with the soluble extract of malted grain in which the enzymes of the malt are perfectly developed under our own supervision. So easily assimilated as to greatly extend the usefulness of a milk diet in private or hospital practice.

Samples sent, free and prepaid, to the profession upon request.
