The mission to Seamen's gross income last year was 21,003/13s. 7d. The Society has now been twenty-seven years in existence, and has been increasing its income and agency largely year by year. The net increase of income in 1882 over the previous year was 1579/14s. 11d.

Why should persons *who attend no Church* with any sort of regularity, who give and do nothing for the Gospel in any way, pay the doctor and the undertaker, and expect the minister to officiate with no offering for religious purposes? We pause for a reply, and will publish a logical one when it comes.

An enterprising citizen of the United States, announces that the obelisk in Central Park, New York, is simply a good specimen of concrete, and that he is prepared to supply exact duplicates for \$15,000 each. As to the hieroglyphic inscriptions he declares that they show as plainly as anything can that they were placed in the "pattern" box into which the concrete was rammed.

It is not evidence that the world is increasing in wickedness because dynamite manufacture is an invention of these days; nor does an epidemic of crime in the form of dynamite explosions show that the human heart is any blacker than it has been in the past. It only shows that malice is as quick to follow fashion, as ready to be entertained with new devices, as other passions are.

Reliable Testimony.

Philadelphia, Pa., Sept 6, 1882.

Hop Bitters Co.

I am 74 years old, have lived 34 years in Philadelphia, and well known among Germans. I have been troubled 12 years with a white swelling on my right foot, and getting worse every year, and very painful and breaking out in hot weather. I consulted several doctors and they told me it was incurable and I would have to take it with me in the grave. Some time ago I lost my appetite, was costive, had headache, and fever, in fact was very sick. I saw in the German *Democrat* that Hop Bitters was what I needed. I got a bottle took it one week and was well again as ever, and to my greatest surprise right from the first, my swelling went down gradually and I taking another bottle got entirely well of it. The wife of my neighbor had two such swellings on her legs and three bottles cured her. I think this is a great triumph for your bitters.

Dear Sirs.—I have read so much about Hop Bitters and always being afflicted with neuralgia, weakness, diseased stomach, never having much health I tried a couple bottles: it has strengthened and helped me more than any medicine or doctor. I am now on my third bottle and am thankful that it has helped me. I will advise all that are afflicted to give it a trial.

I have not been well for three years, tried almost every kind of patent medicines and no less than seven doctors, one of Elmira, N. Y., none have done me any good. I finally tried your Hop Bitters and found them just the thing. I have praised them so highly there is a great number here who use them with great benefit and satisfaction.

Very Respectfully Yours
R. HUNT.

Gentleman.—The "Hop Bitters" meet with large sales and give general satisfaction. One case in particular you should know of. Mr. John B. Green, 728 Spring Garden St., Phila., Pa., has been suffering from kidney affection, which superinduced rheumatism. He tried physicians and remedies in vain. He was obliged to take morphine to induce sleep his trouble was so great. Reading your advertisement in the "Christian at Work," he was prevailed upon by one of his daughters to try it. Three bottles effected a cure, and now he is an enthusiast for "Hop Bitters." He is one of the oldest residents in the locality named; and known as a gentleman of unusual probity.

I have been suffering five years past with neuralgia, liver complaint, dyspepsia and kidney complaint, and I have doctored with fourteen different doctors who did me no good. At last I tried Hop Bit-

ters, and after used a few bottles I received a great benefit from them, and if I had used Hop Bitters regularly I would have been well before. I know them to be the best medicine in the world for nervous diseases of all kinds.

Wicked for Clergymen.

"I believe it to be all wrong and even wicked for clergymen or other public men to be led into giving testimonials to quack doctors or patent medicines, but when a really meritorious article composed of valuable remedies known to all, and that all physicians use and trust in daily, we should freely commend it. I therefore cheerfully and heartily commend Hop Bitters for the good they have done me and my friends, firmly believing they have no equal for family use. I will not be without them.

REV. B. R.—Washington, D. C.

A good Baptist clergyman of Bergen, N. Y., a strong temperance man, suffered with kidney trouble, neuralgia and dizziness almost to blindness, over two years after he was advised that Hop Bitters would cure him, because he was afraid of and prejudiced against the word "bitters." Since his cure he says none need fear but trust in Hop Bitters.

Another great Victory

—FOR—

**EAGAR'S
PHOSPHOLEINE**

Below is another certificate from a grateful patient who has been rescued from that dread disease,

CONSUMPTION:

M. F. EAGAR, ESQ.:

DEAR SIR,—My wife, Laura A. Finson, was taken ill early this year, and suffered severely with a bad cough, accompanied by expectoration of mucus containing blood, and great weakness of the chest, general prostration, and clammy night sweats, and continued to grow worse until I was recommended to procure for her some bottles of your Phospholeine and Wine of Kennet. This I did, and after using about five bottles of the Phospholeine, taking a teaspoonful at a time in a wineglass of milk, increased afterwards to a tablespoonful, and shortly after each dose a teaspoonful of your Wine of Kennet, she became thoroughly well, her improvement commenced after the first half bottle had been taken. She can now superintend her household duties without inconvenience, eats and sleeps well, and every symptom of consumption has banished. I have to thank your medicine for her restoration to health.

WAITER R. FINSON,

Vanceboro', Maine, U. S.

The statement of facts contained in the above certificate is in all respects accurate. I feel assured that I owe my cure to your medicines.
