**Check Books.**

Few of the Retail Merchants of Canada require any argument to prove to them that Counter Check Books are necessary to the proper carrying on of any business. The Storekeeper who does not acknowledge this, and sticks to the old methods of recording sales, gives himself much unnecessary labor, and is probably

MESSRS. FERRIS & CO.,

DEAR SIRS.—About two years ago I was in Philadelphia, and while there I bought one of your Steam Washers, and brought it home to my wife. She has been using it ever since, and is well pleased with it. It does all you claim for it, and every family should have one, for the saving on clothes every few months would more than pay for the machine.

**FAILED TO CURE THIS LADY.**

**DR. McCULLY CURED HER.**

This cut represents Miss Lizzie McMillan, of 97 Pearl Street, formerly 277 Parliament Street, Toronto. She for a long while was the victim of a distressing disease, commonly called salt rheum, and had patches of it all over her hands. She tried three leading Professors of this city, now teaching in our Medical Schools, the last one being in self-estimation one of the big medical mugwumps in and out of the Toronto General—How not to cure 'em—Hospital. This brilliant medical luminary treated her till he got all her money. Having ascertained that fact, he in that peculiar grandiloquent, high and mighty style, that sits with such grace on the blind groveller in medical science here, advised her to become an outdoor patient of the Mill of the Medical Gods. Having no desire for a sudden transition from mortal to immortal she declined, became a patient of Dr. McCully's, and is cured. The medical mugwumps of this city, I am informed, held an informal meeting in their mill on Monday afternoon to devise ways and means to abate me and my exposures of the knowledge and medical skill that handles and buries thousands of valuable lives in this city and provin e. They bury more than they cure, and half that die are packed off into eternity by medical ignorance. In the words of the immortal Rip Van Winkle, "Let 'em rip."

Remember we treat and cure chronic diseases, and remedy the mistakes of the medical profession when there are any vital forces left to work upon. We rectify deformities, cure all forms of female diseases and the errors of youth and maturer years. Consultation free. Address,

**DR. McCULLY,**
