THE PRESIDENTIAL CONTEST. THE BLAIRE MEN BEATEN IN MEN YORK-YIRGINIA DELEGATES FOR ARTHUR—BLAIME'S STRENGTH IN OHIO AND COMMECTICUT-MISSISSIPPI UM.

ATTACHED.

Urica, N.Y., April 23.—The republican state convention to-dayelected four delegates. at-large to the national convention. The delegates favored Edmunds for presidential nominee. The election of the Edmurds men was due to the Atthur supporters, who were about equal in strength to Biaine's, voting the Edmunds ticket, defeating Biaine. The convention adoped resolutions approving of Arthur's conduct in the presidential effice, testifying great respect for the President, whose administration began under ofrcumstances of peculiar sadness, delicacy and em-barrassment, and has by eminent prudence and sagacity commended itself to the esteem of the country, and as such receives the cordial acknowledgment of the Republicans of his own State. The convention also signifies its approval of the policy of protecting home industry from foreign competition, which has through a century of national being encouraged immi-gration, rewarded labor, fostered enterprise and assured unparalleled progress and prosperity, all variations from which policy have been the occasion of business confusion and disaster, and which, therefore, is alike justified in intelligence and by experience. When the reference to President Arthur was read there was long and foud applause, and in response to a call for three cheers by an enthusiastic delegate, they were given with a will and a tiger.

RICHMOND, Va., April 23—Mahone, upon calling the republican convention to order was vociferously cheered. The convention is the largest and finest in appearance of any republican body ever assembled here. The delegates to Chicago are for Arthur. CLEVELAND, O., April 23.—Ohio state district delegates to Chicago show 26 for Blaine,

14 for Sherman, and 2 unknown. State delegates will be elected to morrow. HARTFORD, Conn., April 23 .- State delogates to Chicago favor Hawley, with Biaine

as second choice. Jackson, Miss., April 23.—The republican state convention has passed resolutions endecaing the administration and directing the delegates to cast their votes for the candidates most acceptable to the people of the republican and doubtful states.

NEW OILEANS, April 23.—Returns from all sections of the State show the success of the democratic state and parish tickets. Official returns will probably elect the democratic state ticket by 20,000.

Tonoaro, April 23 .- Rev Dr Talmege, the Brooklyn divine, who is here at present, on being interviewed as to the presidential campaign, says that Tilden ought to have the upanimous nomination of the North South, East and West of the Democratic party Personally he thinks the United States could not do better than to re-elect Arthur, who has made a good president, is a very gental gentleman and has made few mistakes in-

THE LATEST DYNAMITE HOAX. It was known that a certain smart U. S. young man had studied chemistry for six months; had ordered a sectioned hand-bag and sailed for England. It was subsequently ascertained that he had made several visits to a clock and watch maker before leaving. The cable was used to cause his arrest on arrival, and a trio of metaphysicians were summoned to open the bag, which, in view of probabilities,... were regarded as patriotic heroism of the highest order. SUFFERINGS OF THE PIUTE TRIBE. Washington, April 23 .- Princess Winnemuces, of the Plute tribe of Indians, was before the sub-committee on internal affairs, to-day, pleading for the setting apart of a reservation for her tribe. She depicted the griefs of her people, and was frequently moved to tears. She said her tribe had scattered and been driven from place to place. Two winters ago, she said, while being driven from one point, the old men and children were frozen to death. The Indian agents had deprived the tribe of stores provided for them by the government.

The St. James's Gazette calls attention to the recent untimely death of Mr. W. Page Phillips, a well known carsman and champion runner, who died a few days ago of heart disease, which it says may at first sight cause alarm to some parents whose sons are just now engaged in university athletics. "Mr. Phillips was a well known performer at Hen-ley. Last July he was rowing No. 7 in the Kingston eight, and a few days after he was running in the champion short distance races. It is now plain that he must at the very time when he was taking so prominent a part in athletics have been suffering from heart dis-ease; otherwise his sudden end could hardly be accounted for. If all intending oarsmen and runners will submit to a chest examination and will abide by their doctors' advice if not passed by them as 'sound,' there will be little fear of these melancholy and premature deaths of athletes. That university boat racing is not dangerous to sound constitutions the statistics of lives of old Blues' amply proves. Of the fathers' of the match, who rowed in the first race In 1829, just one-half are still alive, a percentage higher than rates of life assurance would lead one to expect."
