October 26, 1933.

Sir Arthur Currie, G.C.M.G., K.C.B., LL.D.,  
Principal,  
McGill University,  
MONTREAL, P.Que.

Dear Sir Arthur,

I have read with interest your letter of October 25, with reference to "Seed and Plant Distribution".

I was present when Prof. Bunting took this matter up with you in Dean Snell's office. At the time he made the proposition you expressed yourself as being in full sympathy with the plan and stated that you were prepared to make it possible, but before doing so you asked Prof. Bunting to submit to you, in writing, an outline of the scheme. Prof. Bunting did so in June and sent me a copy at the time.

Inasmuch as Prof. Bunting had sent this report to you direct I took it for granted that you would communicate your reply direct to him, probably sending me a copy.

The next time I heard of this matter was in September when Prof. Bunting called on me with a request that I obtain from you a reply to his communication of June last. I undertook to do this but subsequently Prof. Bunting came to my office and stated that he had an appointment with you to discuss the question of his applying for the position in the Trade Commissioner's service; I then suggested to him that he had better ask you for a decision with regard to his letter of June last.

A few days after this interview I asked Prof. Bunting had he brought the matter to your attention and he replied that he did not have an opportunity to do so.

I had a note to take up this matter on the Wednesday preceding the laying of the corner-stone
