### SNEAK THIEVES STEALING COATS

Musical Students at Toronto General Hospital Have Lost Valuable Wearing Apparel.

### CHURCHES ALSO VISITED

Many Complaints Have Been Made to Police, But Coats Have Not Turned Up.

Within the last few weeks five overcoats belonging to medical students have been stolen from the old general hospital on Gerrard street. The coats were all new and of the latest cut and were worth some money. One coat, which belonged to a Parkdale student, was a black beaver with muskrat lining and other outer. He paid \$15 for it. Detective Twigg was notified after the cloak room of the hospital was looted, and for a number of days the second-hand clothing stores were watched assiduously, but the coats did not appear. Last Sunday night, after the benediction in Parkdale Methodist Church, one of the choir members found that while he had been singing someone had entered the church and walked off with his coat. The choir of Westminster Church has been well "worked" by sneak thieves for the last two or three years. The medical students claim that at the General Hospital they have absolutely no protection for their coats. There is a cloak room for the students, but the door is always open and there are no individual lockers. A number of students have been splitting for the equipment of the new General Hospital, and the hospital board has decided to comply with their wishes.

MR. VICTOR ROSS of The Globe, who was successfully defended by Mr. J. S. Duff yesterday, following the injuries sustained in the automobile accident in last week's issue, was killed. Dr. Bruce performed the operation.

### ASSESSMENT ACT MAY BE REVISED

Hon. J. S. Duff Tells South Simcoe Conservatives Proper Interpretation of Law Should Settle Grievances.

COOKSTOWN, Jan. 17.—(Special.)—The naval policy of the Borden Government and the administration of the assessment act, which was the subject of a heated discussion at the annual meeting of the Liberal-Conservative Association of South Simcoe, held in Cookstown this afternoon.

The gathering was one of the largest held in many years by the association, and was presided over by prominent Conservatives from the neighboring constituencies. Among the speakers were Hon. J. S. Duff, Alex. Ferguson and W. A. Boyd, and hope that they may be long spared to discharge their duties as our representatives.

Hon. Mr. Duff speaking with regard to the tax reform question, stated that some papers had erred in reporting the deputation, which recently waited upon the ministers. He stated that it was the intention of the government to try the scheme of sending out circulars to the various assessors giving full instructions regarding the present law. By thoroughly acquainting each of them with the regulations of the act, he believed that all trouble would be eliminated. If it did not prove satisfactory, then the government would consider the revising of the act.

The following officers were elected for the coming year: President, J. J. Banting, Cookstown; 1st vice-president, H. G. Robertson, Barrie; 2nd vice-president, W. A. Bell, K.C.; adjutant, Dr. J. S. Duff, K.C.; secretary, W. M. Dinwoody, Cookstown.

### PROVERB CONTESTANTS SOON TO KNOW WINNERS

Examining, Checking and Filing the Many Thousands of Proverb Sets Soon to Be Completed.

The work of picking the winners in The Toronto World's great \$5000 Proverb Contest is nearly completed, but it must still be some days before the successful contestants can be made known. Practically 19,000 sets of answers were sent in in this great contest, and, naturally, the work of examination is a slow and tedious task. Great care has been exercised by the examiners to prevent errors from creeping into the work, so that at the close those who are adjudged the winners will have won fairly.

Contestants need have no fear that their answers will be penalized or marked wrong where the correct answers are included. However, thousands of competitors have been put out of the running on account of submitting but one answer to a picture. These contestants seem to have failed to follow the contest closely, and consequently they should be fair now when they discover that they have missed the wording of some of the extremely easy problems. Every contestant was duly informed from time to time thru the contest stories and special announcements, and the published rules, which appeared nearly every other day, of the privilege to use five answers to each picture. Liberal allowance was also made in allowing contestants to incorporate the same meaning upon one and the same coupon, and contestants who have submitted their answers in this form, and where the correct answer is given, have been given full credit. Because contestants failed to study the rules closely, which they were so often advised to do, or because they failed to avail themselves of the liberal privilege extended, it is no fault of the Contest Department, and contestants should blame no one but themselves.

Many sets of answers have also failed on account of the trifling mistakes in spelling and punctuation. Many of these contestants seemed to think that it was only necessary to submit a proverb rather than to be punctual and accurate in their writing. Rhopanda, letters commenting upon the Proverb Contest as one of the most interesting and entertaining with the sets of answers. Installments of the correct answers will continue to appear daily, and contestants should watch The Daily World closely for announcement of the winners which will be published.
