

Vomiting, contd.

- pancreatic hemorrhage 292, 646
- paroxysmal in diabetic crises 351
- phosphorus poisoning 373
- pneumonia 622
- portal obstruction 390
- of pregnancy (see Pregnancy)
- in ptomaine poisoning 196
- with puerperal eclampsia 172
- pyæmia 649
- with pyloric obstruction 131, 353, 713
- recurrent periodical or cyclical of children 426, 843
- - extreme thirst from 789
- in renal colic 500
- rickets 171
- severe, in cerebellar abscess or tumour 565
- - in infants 126
- - loss of fluid from tissues due to 579
- - polycythæmia in 579, 580
- - in pregnancy 579
- - typhus fever 699
- simulated by bronchiectasis 842
- - meryseus 842
- with sinus thrombosis 139, 558, 650, 651
- strangulated hernia 741
- suppurative nephritis 64
- - pyelophlebitis 140
- tenderness in epigastrium from 779
- from torsion of retained testis 742
- in tropical abscess of liver 369
- ulcerative colitis 727
- undue abdominal aortic pulsation 592
- - uremia 45, 329, 850
- - urate deposit after 845
- - in variola 301
- - wasting with 69
- - in whooping-cough 467
- Von Basch's low's disease (see Exophthalmic Goitre)
- Von Graefe's sign 241, 253, 792
- Von Jaksch's disease (see Pseudo-leukæmia)
- Von Pirquet's reaction 38
- - in diagnosis of chronic abscess of bone 752
- - latent tuberculosis 847
- - lupus vulgaris 842
- - malarium from obscure tuberculosis 427
- - negative in anorexia nervosa 850
- - not very trustworthy 736
- - in pleuritic effusion 421
- - for tuberculosis 642, 844
- - tuberculous disease of testis 519, 765
- - peritonitis 691
- Von Recklinghausen's disease, affection of scalp in 781
- - distinction from fibroma molluscum 784
- - neuro-fibromata in 781
- - nodules in 804
- - pigmentation of skin in 781, 804
- - - scalp tender from 780, 781
- - - thickening of nerves in 804
- Vulva, angioma of 768
- carcinoma of (see Carcinoma of Vulva)
- chancre of 768
- circinate syphiloderma of 532
- condyloma of, diagnosis from soft chancre 768
- cracked and fissured from leukoplakia 221
- dermoid cyst of 768

Vulva, contd.

- implantation cyst of 768
- kraurosis of (see Kraurosis Vulvæ)
- cysts affecting 768
- diabetic eczema starting in 447
- elephantiasis of 770
- endothelioma of 768
- epithelioma of 768, 771
- - enlarged inguinal gland from 769
- - fibroma of 768, 771
- - furunculosis of 768
- - hæmatoma of 770
- - inflammatory affections of 768
- - Jacquet's erythema of 446
- - lipoma of 768
- - molluscum fibrosum of 771
- - mucous cyst of 768
- - neuroma of 768
- - oedema of 768, 770
- pain in (see Pain in Vulva)
- papilloma of 768
- pigmentation of, in Addison's disease 574
- pruritus of 569, 588
- pseudo-elephantiasis of 770
- sarcoma of 768
- sebaceous cyst of 768
- soft chancre of, vulval swelling from 768
- VULVA, SWELLING OF 768
- - syphilis of, simulating tuberculous 769
- tenderness of (see Tenderness of Vulva)
- tertiary syphilitic lesions of 768
- thread-worm infection of 569
- tuberculous of, vulval swelling from 768
- ulceration of 769
- varicocele of, associated with pregnancy 770
- various new growths of 768
- Vulvitis, acute, clinically all forms more or less alike 768
- dysparemia from 221
- euresis with 248
- gonorrhœal, diagnosis from simple 768
- - vulval swelling from 768
- leukoplakia, confusion with kraurosis vulvæ 770
- - vulval swelling from 768
- simple, diagnosis from gonorrhœal 768
- WADDLING gait in congenital dislocation of hip 277
- in pseudohypertrophic paralysis (and see Gait) 277
- walking, abnormalities of 277
- - delayed from cretinism 557
- - idiocy 557
- - Little's disease 151
- - paraplegia in children 556, 557
- - rickets (and see Gait) 557
- Warmth in bed, increase of some pains by 503
- effect on pain in erythromelalgia 190
- Wart, diagnosis of syphilitic tubercle from 532
- epithelioma starting in 803
- hypertrophy of papules into ichthyosis developing into 530
- post-mortem 266
- sarcoma starting in 803
- - scrotal 679, 765
- - simulating lichen planus 530
- Washerwomen, acroparæsthesia in 493
- nail staining in 444
- sore fingers of 293

Wasp-sting, bleeding gums

- due to 86
- Wassermann's reaction 37
- - in aneurysm 786
- - cerebrospinal fluid 340
- - chancre of the tongue 813
- - cutaneous lesions of secondary syphilis 533, 605, 672
- - in diagnosis of syphilitic pyrexia 615
- - digital chancre 422
- - epithelioma 813
- - general paralysis of the insane 139, 269, 349, 360
- - gumma of bone 752
- - liver 279, 371
- - tongue 429
- - lymphatic gland enlargement 417
- - paralysis of leg from syphilitic meningitis 544
- - of perineal chancre 678
- - in pyæmia 591
- - 7th nerve paralysis 590
- - in syphilis 75, 86, 204, 209, 224, 226, 251, 338, 371, 417, 615, 658, 676, 738, 769, 808, 811, 814
- - - congenital 427, 695
- - - of jaw 748
- - - of liver 60
- - - testis 520
- - syphilitic arthritis 386
- - - chancre 676
- - - on face 747
- - - endarteritis 358, 349
- - - gland enlargement 417
- - - laryngitis 674
- - - testis 766
- - - tabes 489
- Wasting in acute leukaemia 649
- from anorexia nervosa 69
- carcinoma 629, 91, 93, 413, 636, 737
- with chelera 69
- chronic (and see Cachexia) 508
- from cirrhosis of liver 69, 410
- diabetes 69, 507
- with diarrhoea 69
- - in adults, suspicion of carcinoma of rectum 636
- diseases, apparent enlargement of liver in 405
- - euphthalmos in 247
- - fatty heart in 244
- - liver in 411
- - distention of stomach 737
- with dysentery 69
- great, in cyclical vomiting of children 813
- from hepatic abscess 69
- in Hodgkin's disease 649
- from malaria 69
- muscular (see Atrophy, Muscular)
- obscure, in children, probable cause tuberculous absorption from milk 427
- in pancreatitis 135, 292
- with peritonitis 718
- in periodic amenia 649
- phthisis 185, 319
- with ptomaine poisoning 69
- in renal tuberculosis 135
- salpingo-oophoritis with suppuration 760
- from sarcoma 69
- starvation 69
- syphilis 69
- - congenital 370
- of tongue (see Tongue, Atrophy of)
- with tropical abscess of liver 408
- from tuberculosis 69
- ulcerative colitis 69
- vomiting 69
