CHAPTER XXXIX.

	PAGE
Surgical Affections of Joints—Joints most liable—Inflammation—Causes—Synovitis—Symptoms—Prognosis—Pathology—Inflammation of outer Tissues—White Swelling—Morbus Coxarius—Results,	316

CHAPTER XL.

Treatment: Rest—Applications—Excision,	323
--	-----

CHAPTER XLI.

Dropsy of Joints: Causes—Treatment. Elongation of Ligaments. Cartilage in Joint: Diagnosis—Prognosis—Treatment. Wounds of Joints: Diagnosis—Treatment. Deformities of the Joints: Varieties—Congenital—Non-congenital—Treatment,	330
--	-----

CHAPTER XLII.

Dislocations: Causes—Classification—Diagnosis—Prognosis—Pathology—Treatment—Indications—Reduce the Principal One—Remove Obstacles—Complications,	340
--	-----

CHAPTER XLIII.

Surgical Affections of Arteries: Inflammation—Coagulated Fibrin in Vessel—Pathology. Aneurism: Divisions—Varieties—Causes—Symptoms and Diagnosis—Prognosis—Course—Results,	348
--	-----

CHAPTER XLIV.

Treatment of Aneurisms: Three General Methods—Compression—Digital Compression—Treat by Flexion—By Manipulation—By Ligature—By Hunter's Method—By Brasdor's—By Wardrop's—By Injections—By a Current of Electricity. Varieties: Varicose—Arterio-venous—Treatment. Aneurism by Anastomosis,	358
---	-----

CHAPTER XLV.

Surgical Affections of Veins: Remarks. Phlebitis: Symptoms—Treatment. Entrance of Air into Veins: Symptoms—Treatment,	368
---	-----
