B'S FUND FOR MISSIONS FROM METHODIST LAYMEN

Will Raise \$300,000 a Year For Five Years—General Fund Also to Be Increased Annually.

An official report was issued yesterday concerning the proceedings of the meeting of representative laymen of the Methodist Church, held on Thursday, for the purpose of devising plans for raising a special fund for five years, with a view of placing the general mission board of the church in a position to meet the urgent demands of the west, arising from the rapid increase in population which is taking place there, more particularly the large influx of foreigners; and also to provide the plant and equipment considered absolutely necessary to meet the obligations which the church has assumed in the foreign field, especially in West China. In many of its features, the gathering was unique in church history.

N. W. Rowell, K.C., occupied the chair and the laymen present, representing all sections of the Dominion, were: T. H. Preston, Brantford; W. H. Hopper, Cobourg; C. A. Birge, J. J. Greene, Thos. W. Watkins and W. J. Vaughn, Hamilton; J. D. Flavell, Lindsay; John Dunkin and T. B. Ebert, London; Hon. E. J. Davis, Newmarket; C. A. Douglas, E. Seybold and Mayor Hopewell, Ottawa; Rev. James Allen, Rev. T. E. Egerton Shore, Rev. A. Carmichael, D.D., Rev. S. D. Chown, D.D., Rev. J. A. Rankin, D.D., Hon. Thos. Crawford, Hon. Justice J. J. MacLaren, Hon. Geo. A. Cox, N. W. Rowell, H. E. Fudge, E. H. Wood, G. H. Wood, A. W. Austin, E. E. Bull, C. W. Chadwick, D. A. Dunlap, R. W. Eaton, Jas. Fairhead, Edward Gurney, H. McGee, Hodley Shaw, W. G. Threlkney, A. R. Williams, F. W. Winter, Toronto; A. O. Dawson, W. H. Goodwin, Wm. Han-son, C. C. Holland and G. F. Johnston, Montreal; Lorne C. Webster, Quebec; Rev. W. H. Heartz, D.D., Amherst; H. C. Burchell, Sydney; W. G. Hunt, Calgary; J. A. M. Atkins, Winnipeg; Rev. J. W. Sparling, D.D., Winnipeg, and E. E. O'Flynn, Belleville.

Rev. James Allen, general secretary of the home department, made a statement to the effect that in addition to grants from the current income of the society, there would be required, including support of missionaries, city missions and work among European foreigners, sites, church buildings and parsonages, a total of \$100,000 a year, or \$750,000 covering a period of five years. Rev. T. E. Egerton Shore, general secretary of the foreign department, also presented a statement of the special requirements for mission plant and equipment in West China and Japan totalling \$688,500 for West China, and \$157,500 for Japan, or \$846,000 for the two foreign fields which is necessary for the efficient work of the missionaries now on these fields and those to be sent within five years.

Mr. Rowell read a number of interesting letters from distinguished missionary leaders who have visited China. One of these was from John R. Mott, of which the following is an extract: "One of the greatest opportunities with which I am familiar throughout the entire world field is the one which just now confronts the Canadian Methodist Church in the Province of Szechwan, West China. This province of over sixty-eight million people, more than the total population of Germany, is the Chinese province most distant from western civilization. This is not a fault, it is an advantage, because the cause of Christian missions is not handicapped as in the case of the coast provinces of China by the presence and spread of so many forms of the corrupting influence of the Occident. The province is not only of great importance in view of the vast number of people belonging to it, but also because of the great influence which it is destined to exert upon neighboring provinces of China and upon the spread of Christianity in Tibet and other parts of Central Asia. I do hope that the full program proposed may be carried out in the not distant future."

The laymen present, after full discussion, unanimously decided to raise a sum of \$300,000 annually for a period of five years, for the objects stated, this amount to be collected from those who feel that they are able to give more largely than they are at present doing to the general fund, which latter it is felt, must not only be maintained at its present figure, but increased yearly for some time to come at the rate of \$50,000 per year. It was also stipulated that the contributions so designated may designate the objects comprised in the plans of either the foreign or home mission department to which they desire their special contributions shall be given.

For the carrying out of this big scheme, which involves raising an additional \$100,000 in the next five years, an executive committee was formed. The officers of the committee are: Chairman, N. W. Rowell, K.C.; vice-chairman, T. Langlois, Vancouver; W. G. Hunt, Sydney; G. W. Brown, Regina; J. A. M. Atkins, Winnipeg; E. R. Wood, Toronto; G. F. Johnston, Montreal; W. B. Tennant, St. John, Nfld.; J. J. MacLaren, Sydney, C.B.; Hon. R. K. Bishop, St. John, Nfld.; secretaries, D. A. Dunlap, Toronto; W. G. Hunt, Calgary. The executive committee is composed of: N. W. Rowell, D. A. Dunlap, W. G. Hunt, J. A. M. Atkins, E. R. Wood, H. H. Fudge, G. H. Wood, H. McGee, E. Gurney, T. H. Preston, J. D. Flavell, C. A. Birge, Thos. W. Watkins, G. F. Johnston and W. H. Goodwin.

It is understood that the special campaign will be begun as early after the first of January as possible and other meetings held at important centres. While in the city, the visitors were most hospitably entertained by E. R. Wood and Hon. Geo. A. Cox.

Edward Taylor \$11 and costs, and W. C. Goffart of Orillia \$140 and costs, for having killed, beaver and muskrat skins during the close season.

ADVICE TO MEN!

IT'S GOOD FOR WOMEN, TOO.

Don't "quit" whatever you start. If you go into a fight, stay with it, no matter how poor your chances look. The other fellow probably wants to quit, and if you hold your head up he will quit first.

The victory is to the brave.

It takes nerve and energy to win nowadays.

You don't want to be a failure. You were made for better things, but you can't win without courage and energy.

That's the idea behind my Electric Belt, the body battery that pours electric vim into a man's body.

Give me a man with pains in his back, dull pains over the eyes, lack of nerve, a disposition to give up hard tasks, in fact, the fellow who feels "all in" at times, and with my Belt I can make him feel like a two-year-old in a few weeks.

"Say," said one of my patients a few days ago, "I feel so good that if I felt any better I think I would hurt somebody." That's the way you ought to feel, just chock-full of youthful energy. My Belt will make you feel like that.

It builds up broken-down men, restores youth and vigor, and makes you look and feel strong. It will cure every case of Rheumatism, Nervous Debility, Weak Stomach, Kidney and Liver Troubles, Lame Back, Sciatica, and every evidence of weakness in men and women. It will not fail; it cannot fail, as it infuses into the weakened parts the force of life and strength.

Weak—Run Down.
Erie, Ont., July 4, 1910.

Dr. McLaughlin: Dear Sir,—I have worn one of your Belts since last Easter, and must say that I feel much better and stronger in every way. It has done me a great deal of good, and I can heartily recommend it to anyone who is weak or whose system is run down. Yours very truly, ROBERT ARMSTRONG.

The confidence I have in the wonderful curative power of my Belt allows me to offer any man or woman who can give me reasonable security the use of the Belt at my risk, and you can

PAY WHEN YOU ARE CURED.

What chance has the weak and puny person to combat the struggle of life compared with the person of muscle and nerve? It is hard implies is given to those who will wear

DR. McLAUGHLIN'S ELECTRIC BELT

It makes people noble. It causes the nerves to tingle with the joyous exhilaration of youth. It fills the heart with a feeling of gladness, makes everything look bright, and makes the nerves like bars of steel. IT DOES THIS while you sleep, by pouring electricity, which is Nature's energy, into your nerves and blood. Electricity is life to the weakened parts. It will make them strong.

FREE—Send No Money

Just put your name and address on this coupon and mail it to me. I'll send you full particulars regarding my Electric Belt, together with my big free book, which explains many things you ought to know about the diseases of men and women. Don't delay another minute. Cut out the coupon right now and send it in.
