

# CHARGES AGAINST DOCTORS

Medical Council Hears Report on a Physician Who Shielded His Son.

## GRIEVED BY THE KING'S ILLNESS

Resolution of Sympathy Cabled to the Stricken King—Views on Medical Bill.

The report of the Discipline Committee of the Ontario Medical Council, which is always a document of more or less importance, was submitted to the Council at yesterday's session by Dr. Bray. The report dealt with the case of Charles A. Jones, M.D., of Mount Forest, against whom a complaint was lodged for shielding his son in the practice of medicine, the son not being registered, and asked that the matter be left with the committee for further consideration. The committee were relieved of the duty of dealing with the case of another out-of-the-city doctor, who was charged with having acted as agent for a quick medicine company owing to the recent demise of the accused. The committee also reported progress in its dealing with a few other cases brought to their attention and upon which they will report later.

Dr. Macdonald introduced a bylaw to provide for the election of territorial representatives. The bylaw was given its first and second readings, and the third reading was deferred in order to permit of the nomination of returning officers for three of the divisions.

Dr. Campbell introduced a bylaw providing for the election of territorial representatives. It was given its third reading and passed.

At an earlier stage in the day the Council adopted this resolution: "The members of the Ontario Medical Council, in session assembled, desire to offer most respectfully their profound sympathy to their sovereign, King Edward VII., and the Queen Consort and family, in his great and most dangerous affliction. They humbly pray that the Sovereign Lord and Disposer of All Things may see fit to bless the efforts of those in attendance for his complete restoration to health and strength."

It was decided to cable the resolution to the King's private secretary. In reply to Dr. Sangster, it was stated by the president that it was intended to send voting papers to the resolution to ascertain their views of the medical bill before the legislature at the last session, when they have paid their fees or not.

A motion by Dr. Campbell for a report on the advisability of providing legislation recognizing the Dominion Council was passed.

Resolutions of sympathy were passed with Dr. Williams and Dr. McLaughlin, who are absent this illness.

Committee work was in progress from 4 until 6 o'clock, the result of which will be presented at the meeting this morning.

## WILL BE FREED.

Clemency to Six Convicts to Be Carried Out.

Ottawa, June 25.—A doubt has been raised as to whether the six prisoners who were to be liberated in Canada, in connection with the King's coronation, should be now set free, seeing that the coronation does not take place to-morrow.

But as the Order-in-Council has been passed approving of their liberation, and as they have been obtained of him, there is no reason to believe that the order will be cancelled.

There were certain grounds for giving these prisoners their freedom, apart from its connection with the coronation.

# His Rupture Cured

Was a Member of County Council Over 20 Years—What a Prominent Public Officer Says of Dr. Rice and His Method.

The following letter was written by one of the oldest and most famous residents of the city and will appeal strongly to all people who are ruptured.

MR. J. R. KETCHESON, Madoc, Ont.  
Dr. W. S. Rice, 25 Queen-street, E. Toronto, Ont.

I shall always be thankful to you for having cured my rupture. I can say I am cured of work and not feel the least pain. If ruptured people only knew the comfort to be derived from your method they would not begrudge three times the price.

You are at liberty to publish this if you so desire. I am a member of the County Council in 1900 and remained there for over twenty years, then resigned, but a short time after they called me to take the office of Clerk of the Township, which office I held up to January, 1902. I was also appointed Justice of the Peace in 1901 and it is here that I can do to forward your interest in the cure of ruptures.

This famous method has cured people throughout the Dominion. Call at the office and investigate. If you cannot call, write for free trial, and send names of your ruptured friends that they also may have a free trial. Address Dr. W. S. Rice, Dept. C, 25 Queen-street E., Toronto, Ont.

Office open Wednesday and Saturday Evenings, Lady Attendant.

# POPULAR BEACH

More Summer Residents at This Favorite Summer Resort Than at Any Previous Time.

## A NUMBER OF NEW IMPROVEMENTS

Sports a Feature of This Resort—Dominion Day Set Apart for Children's Games.

Probably the most popular summer resort near Toronto is Balmy Beach. It is estimated that there are over 300 families down for this season. During the last five seasons, over 250 houses have been put up, and there are several new ones just started. Among the latest is "The Pines," a large 30-roomed boarding house, situated on Beach-avenue, just north of Queen-street. It is being run by Mrs. Horwood, who does her best to make everything enjoyable. She has given one of the season already, which was a great success.

There are numerous improvements at Balmy Beach this year, one being a new sidewalk on Queen-street, between Howard and Balsam-avenues. The new sidewalk has been built on Spruce-avenue, north of Queen, and ample fire protection is assured to all the residents. The Balsam Beach Church of England pavilion tent, which was situated on Queen-street last year, has been removed to the new location. The tent is under the direction of the Rev. H. C. Dixon, who has been in charge since last year.

The campers are down in great numbers, and are a better class of people than in past years. They are situated principally on Beach, Main and Birch-avenues.

The residents have not yet arranged for the weekly "hops," which they held last year. The older people say that they had all the work to do last year, and did not get any enjoyment out of the "hops." They think the young people should join in the work this year, and that everyone would have a good time. There has been talk of each avenue having a weekly hop of its own, but this plan does not seem to be favorable to the majority.

Among the facilities at the Beach is a fine bowling green on Balsam-avenue, south of Queen. It has been levelled, fenced and re-sodded since last season, and now presents a very fine appearance. Each evening there are a number of bowlers out, and they are expected to beat Kew Beach in the first round of the Dominion Day tournament. The grounds at the top of Beach-avenue, which have its grounds at the top of Beach-avenue, have been levelled, fenced and re-sodded since last season, and now presents a very fine appearance.

A lacrosse team is being organized, and, as a large number are interested, it ought to be a success. There are a number of new sailboats at the Beach, and the races this season will be more interesting than heretofore. The residents are preparing to give the children a grand day of sports on Dominion Day. Running, jumping and aquatic events will constitute the program, and in the evening a bonfire and fireworks display will be given.

## Police Court Record.

A number of men, charged with various offences in connection with the day's rioting, were arraigned in the Police Court yesterday. Among them were Thomas J. Finkler, Joseph Christie and Thomas Finkler, who were charged with being members of an unlawful assembly, and elected to be tried by a jury. They pleaded not guilty, and were remanded till to-day.

Herbert Herman was charged with purchasing a brick thru a car window, and was remanded till July 2.

Thomas Ibell admitted that he had called "Scab" to a group of men, and was fined \$20 and costs. William Marks, a street railway conductor, was arrested on Sunday by an officer of Noble's Detective Agency, who charged him with causing a riot by making away with a switch point that had been stolen near the Roncesvalles cars.

Robert Buchner was found guilty of malicious injury to property by brick thru a car window, and was fined \$20 and costs. The decision will be appealed. George W. Cruise, an alleged rioter, was remanded till to-day. Samuel Toperman is alleged to have stolen a letter from Harry Applebaum, and was remanded till to-day.

Frederick Tucker and John Connor were fined \$1 and costs, or 30 days, for fighting on Queen-street, and costs, or 30 days, for trespassing on the Grand Trunk tracks. The principal, who was charged with stealing a switch key and a guide book, and was remanded till to-day.

Joseph McCall was fined \$5 and costs, or 30 days, for begging on the streets, and was remanded till to-day. Joseph McCall was charged with trespassing on the C.P.R. property at Parkdale. Thomas McCarthy was fined \$1 and costs for sleeping in a C.P.R. box car on the Esplanade.

## DAMAGES FOR A DEFECTIVE SEWER

Mrs. Bell Must Pay J. H. Lubar \$40 and Costs.

Judge Morgan yesterday gave judgment in the suit of John H. Lubar, a musician, living at 12 Robert-street, against Elizabeth Bell, his neighbor, for discharging her sewage on his property. The sewer runs thru Lubar's cellar, and Mrs. Bell had caused the sewer to be disconnected from the main sewer, and the sewage was discharged into Lubar's cellar.

The defendants must pay Lubar \$40 and the costs of the action. The Lubar case was brought on by an order from Judge Morgan, declaring the company dissolved, and the assets being distributed among the shareholders. The order was made on the ground that the assets had been distributed among the shareholders, and the company was declared dissolved.

## THEIR TENDERS WERE LOWEST

Toronto Firms Disappointed—No Inspector of Elevators—Notes From the City Hall.
