"Dear Mrs. Pinkham: — Your medicine is indeed an ideal woman's medicine, and by far the best I know to restore lost health and strength. I suffered misery for several years, being troubled with menorrhagia. My back ached, I had bearing-down pains and frequent headaches. I would often wake from restful sleep, and in such pain that I suffered for hours before I could go to sleep again. I dreaded the long nights as much as the weary days. I consulted two different physicians, hoping to get relief, but, finding that their medicine did not seem to cure me. I tried your Vegetable Compound on the recommendation of a friend from the East who was visiting me.

"I am glad that I followed her advice, for every ache and pain is gone,

"I am glad that I followed her advice, for every ache and pain is gone, and not only this, but my general health is much improved. I have a fine appetite and have gained in flesh. My earnest advice to suffering women is to put aside all other medicines and to take Lydia E. WILL BUY GZOWSKI PARK

McGhie Says Popular Vote Would Swamp Proposal, But Mayor's Eloquence Prevailed.

The city council yesterday determined o purchase the Gzowski property on Bathurst and St. Patrick-streets, at a cost of \$65,000. Ald. Foster could not see the necessity for a park in that locality. Ald. Dunn doubted if the same price could be realized if the property of the Young Woman's Temper- | were cut up, but he favored the locaance Association of Buffalo, N.Y., tion. Ald. McGhie fiercely opposed the purchase, saying the city was paying strongly advises all suffering purchase, saying two prices for the property, and advowomen to rely, as she did, up-on Lydia E. Pinkham's Vege. cated the submission of the proposal to the people, who, he stated, would overwhelmingly vote it down. The mayor became eloquent in support of the scheme, and was upheld by the coun cil, only Ald. Foster and McGhie voting GEO. A. MACE, Agent. in favor of referring the matter back and of submitting it to a popular vote. Ald. Geary moved that the land on Cottingham-street and Avenue-road, known as the Macdonald property, be purchased for the purpose of a public park. The matter was referred to the parks and exhibition committee.

The Government's Share.

It was decided to proceed with the construction of a concrete walk on the north, west and south sides of the Normal School, on condition that the Ontario government should pay one-half the cost. The walks on West King-street and on College-street, in front of the School of Science, were also ordered. Considerable objection was taken to the small proportion of the cost to be borne by the government. Controller Hubbard said it was only able to pay 50 cents on the dollar now and might be worse off later. Ald. Dunn solemnly announced, "We are on the eve of a provincial election," but declined to state if it was official information. Ald. Geary wanted delay, as the city could get better terms from the new government. the new government.

much' evidence of the politician's hand. People are asking is this conditition of affairs merely local, or does it extend to and permeate every regiment in the Dominion? Senator Gibson is in complete control of the patronage in this county, and it is his influence that has kept the militia out of a home, secured the appointment of Captain Singer to command the battery, and, acting with W. M. German, boosted Major Glasgow into the office of second in command of the Dragoons, in direct opposition to the wishes of Colonel Gregory.

cord as a cure for woman's ailments.

Sometimes I could take no food for four days at a time, and experienced terrible gnawing sensations in the stomach, had bad taste in the mouth and coated tongue. I was pale, nervous, irritable, easily exhausted, was reduced to a mere skeleton of skin and bone, and my heart would palpitate as though it was about to stop beating. My greatest suffering was caused by the dreadful pains in my head, neck and back, and all this was in spite of the best efforts of three leading doctors of this city.

"For the past nine months I have used Dr. Chase's Nerve Food, and for a considerable time I have not experienced a headache, nor any of the symptoms mentioned above. From a mere skeleton this medicine has built me up in flesh and weight, until now I am strong and well, do my own housework, walk out for two hours without feeling tired, and am thoroughly restored to health. Is it any wonder that words fail to express my gratitude for this remarkable cure? You can use this testimonial for the benefit of other sufferers."
