## Street Railway Matters Elsewhere.

The Montreal Street Railway Company are bettering the condition of their employees. The men will receive an increase of wages. Those who have been employed five years will get free uniforms. Each man is given free life insurance of \$1,000, with \$500 for total disablement, and with an indemnity of \$5 per week for time lost through injuries or diseases specified in the policy. The men did not have to threaten to strike before they procured these favors. The favors are voluntary. The company have sense enough to see that they are helping themselves in helping their employees.

In Toronto the Street Railway Company made remarkable gains last month. The city's share of the receipts was \$3,425, as compared with \$7,399 in May a year ago. The company's receipts for the same months since 1896, and the city's share of the same were as follows:

Company's Receipts.	City's Percentage.	
May, 1899	\$105,313 00	\$3,425 04
May, 1898	92,493 63	3,399 49
May, 1897	83,432 58	6,674 60
May, 1896	83,004 13	6,640 33

While the street railway corporations in our sister cities are doing so well, the London Street Railway Company are dropping money every day. Why? Because the people are not riding. Why are they not riding? Because they believe the company have not acted in the right spirit toward their employees.

In not promptly meeting the men in friendly negotiation, the company are losing valuable time.

Hourly Expected in Regard to the Anglo-American Boundary Dispute.

London, June 8.—It is learned by the Associated Press that United States Ambassador Choate is hourly expecting the consent of the authorities at Washington to a compromise arrangement of the Alaskan question on the lines of a prospective settlement, and for carrying on the discussion in the high commission.

While yielding in certain matters, it is understood Mr. Choate has been able to effect an arrangement satisfactory to the United States. He has been largely helped by the reasonable attitude assumed by the Canadians. The Canadian high commissioner, Lord Strathcona and Mount Royal, the secretary of state for the colonies, Mr. Joseph Chamberlain, and the Marquis of Salisbury are agreed on the lines of the compromise.

In answer to additional inquiries he made further vague and unsatisfactory replies. The Socialists and Revisionists generally are preparing for an enormous demonstration in honor of President Loubet upon the occasion of his attendance upon the Champs Elysees Sunday.

## Japan Reports State That 22 Scientists Have Been Shot by Russians.

## Proceedings of the Peace Conference—Russian Scheme for Arbitration Submitted.

London, June 8.—The reports of the breakdown of the Bloemfontein negotiations has created considerable anxiety in political and official circles, and there is much speculation as to the next move of the British Government. While Great Britain probably does not mean war, it is generally thought that, at any rate, there will be military preparations.

Right Hon. Arthur J. Balfour, government leader in the House of Commons, in the course of a speech at a political banquet last evening, said that the failure of the Bloemfontein conference was a source of deep regret to the government of England and a certain duty, he said, not to allow his rights to be trampled upon, but he did not believe that the controversies were incapable of solution. In concluding his reference to the conference, Mr. Balfour said: "My sanguine forecast of a successful issue of these troubles is based on the facts that principles so obvious as the elementary rights of civilization, which we demand for our fellow-countrymen, must commend themselves to the citizens of the Transvaal and I venture to think that the good sense, justice, policy and wisdom of the leaders of public opinion in the Transvaal will make for some settlement which will rightly preserve the independence of the Transvaal."

**THE HAGUE CONFERENCE.**

Russia's scheme for a permanent arbitration tribunal contemplates the institution of a tribunal for the settlement of a number of years, to which will be submitted the obligatory arbitration cases enumerated in article 10 of the Russian project, already published, unless the powers in the conflict agree upon a special tribunal to settle their differences. All cases of optional arbitration may also be submitted, and all the powers, whether signatories or otherwise, may submit their differences to this tribunal by applying to the permanent bureau. Appendices to the project provide for the organization of the tribunal, rules of procedure and the creation of a permanent bureau to sit at The Hague.

Kobe papers say the fate of a party of scientists, missing for upwards of a month, has been disclosed. According to the papers, the scientists landed near Tosong, on the Liao Tung Peninsula, to pursue investigations, when they were made prisoners by Russian cavalry and shot as spies, without the semblance of trial, and their apparatus destroyed. There were eleven professors in the party. A German savant, an American, a Japanese and a Russian. The Japanese authorities will make a thorough investigation.
