GIVIC EXPENDITURE SHOULD BE REDUCED. SOMERVILLE SLOGAN

Popular Candidate Has Economy Policy Vital to City.

WARTIME LUXURIES

Administration Is Needed in Lon-

don Now.

"I hold that civic expenditure should be reduced to the lowest limit until after the war. I am not making charges of graft or dishonesty, but I am convinced that more efficiency and better judgment in expenditures are required in carrying on the work of the city at the present time."

The foregoing statement, received with approving applause, was made yesterday afternoon by C. R. Somerville, mayoralty candidate, at the close of an address delivered by him before an audience of representative women of London gathered at his campaign headquarters in the former Victory Loan headquarters on Dundas street.

Economy Policy.

Stating his platform, Mr. Somerville clearly outlined his economy policy, which is opposed to the increasing of the city's liabilities through fresh expenditures, and expenditures on what the terms "wartime luxuries" at this time. Referring to the clash this year between the board of health, of which he has been chairman, and the mayor and council over estimates, the speaker declared that this was due to the fact that the council did not recognize the importance of the services of a field officer in running down the sources of communicable diseases and checking and eradicating epidemics, and that this means actual money in pocket for the citizens far beyond the comparatively small outlay required for such service.

Another man apprehended under the military service act was examined by the medical board at the armories on Thursday. He was Edwin Oscar Michm of Kitchener, who was placed in Category A, fit for service overseas, with a combatant unit, and was sent to the deputy registrar.

Preparations are progressing effectively, if quietly, to interest the citizenship of London and of the whole of Western Ontario, in the child welfare exhibit to be held in this city the first week in February. Early in the new year the house committee, of which Inspector Joseph Sanders is convener, will make arrangements for a building centrally located, large enough to accommodate the Provincial Government welfare exhibit, requiring a space about 60x10 feet and also for the moving pictures, the demonstrations, clinics, etc., which will be important features.

It is proposed to fit up a rest room for the accommodation of mothers, and a sub-committee of the publicity committee composed of Miss Rudd, convener, Mrs. Hardie and Miss Grant, has a plan in view for extending a welcome to the mothers of Western Ontario on "Western Ontario o

a combatant unit, and was sent to the deputy registrar.

One man was examined by order of an exemption tribunal. He was placed in Category C, fit for service in Canada. George John Reu and Sidney Sloman reported for service, and were sent to the 1st Depot Battalion, W. O. R. A dozen men were sent by the deputy registrar for examination. Nine were placed in Category A, and three were declared unfit.

Twelve recruits were examined and all but two were accepted for some branch of the service. The men who passed the medical tests satisfactorily were: S. Hills, England, Detroit, W. O. R.; A. C. child life, Capt. (Dr.) Hill, M. O. H., will supply the clergymen with data some days before.

The Mothers' Clubs have taken up the exhibition and welfare movement plan with enthusiasm. Mrs. A. E. Tutt, president of the Union Mothers' Club, and Mrs. Rose, ascretary, are both members of welfare week committee. The first meeting of the new year of the Union Mothers' Club on Friday evening, January 1th, will be devoted entirely to consideration of child welfare, and an authority on the subject, W. J. Clarke, of Leanington, has been secured as the chief speaker.

Will Announce Prizes.

Dr. Clarke was a speaker who commanded much attention some four or five years ago at the International Congress of Farm Women held in Lethbridge, Alberta. On this occasion Mrs. W. H. Hill, who took an active part in arrangements of a grand child welfare exhibit in Minneapolis recently, will also speak, giving definite data in regard to the exhibit in London, and the part of the Mothers' Clubs in making the movement a success. She will also be in a position Owners Keeping Men Over the Winter to Have Assistance in Seeding.

Hughie had just nicely emerged from jail, and finding the wintry blasts a trifle too cool to suit him decided to attempt to counteract the chills with "bootlegger's" whiskey.

Constable Faircloth discovered Logan on the street with a load inside and outside, the external package being carried in his overcoat pockets.

As Logan had a room at a private dwelling he was informed by the magistrate that if he could prove that he secured the liquor in a legal manner that he would be liberated.

Distribution of Food and Clothing Continues.

The following comment on the market stuation as regards food stuffs will appear in Canadian Grocer this week:

Interest in the rolled oat and oatmeal stuation has been keen during the week, ollowing advances that have been made feetive on the part of the mills. There is an insistent demand from the local trade in the face of the upward tendency in the market. One manufacturer advanced the price considerably in excess of other mills gust by way of stopping the demand. There has been a heavy export movement in his class of cereal and milling oats are reported scarce. Corn products are also to firm market as a result of the situation in corn. While the embargo on shipmeries of corn into Canada has been raised by the United States Government, the callity of comming forward is very poor and milliers have to consume larger quantities of corn in order to obtain a given amount of corn products.
