COUGHLIN'S Building Sale

Sensational Offering of Men's New Spring Suits, Overcoatings and Shoes To Make Room for Workmen to Commence Alterations

The duration of this sale will depend altogether on the public, for as soon as stocks are sufficiently reduced to make room for building alterations these prices will no longer be in force.

- \$6.95 Men's Suits, worth \$10 to \$12.50—Imported tweeds and fancy woads are shown in this line, and the styles embrace all that could be desired.
- \$8.00 Men's Spring Overcoats, worth \$12—The styles in these coats include the extreme and short-length top coats as well as the conservative Chesterfield—the materials are black, dark and light Oxford grey chevrons—the linings are of durable serge, and the coats are silk finished.
- \$10.00 Men's Suits, worth \$15 to \$18.50—We have never before shown such finely tailored garments—the well-dressed man is certain to find a desired style from the beautiful assortment of men's imported woads, in blues, black and fancy effects—your tailor would not duplicate this suit at \$20 or \$25 and we guarantee a perfect fit in every article—the spring new models, with the large roopty coats, graceful wide low-cut lapels, and the peg top trousers are shown in this line, and the linings, the shirt and shoulder, and all the essential points which go to make up a suit that will be stylish and give service are embodied in every garment.
