BASEBALL PROSPECTS ARE LOOKING BRIGHT.

Halifax Regards the League Proposal With Favor and Wants to Get in it--Bowling Last Night--General Sporting News.

BASEBALL.

Proposed Baseball League.

"Joe" Page, proprietor of the Farham, P. Q. team, and who is interested in organizing a league in the province, has been interviewed by the St. John Times, and he laughs at the idea of St. John taking part in the New England league.

Speaking of the league which might be formed, Mr. Page said that Moncton, Fredericton and two St. John teams were talked of and possibly Halifax might come in. Mr. Page was approached a short time ago by a well-known business man of Halifax, who wanted to know if arrangements could not be made for Halifax to enter the league, but Mr. Page thought the expense of the jump would be too heavy.

However, the expense might not be as heavy as some people would think, and the Halifax man is looking after that end of it.

If St. John can get up a good local team or two, there is no reason why Fredericton and Moncton could not get up a team of local material that could make a good showing.

All lovers of baseball will hope that the report is correct that Halifax may be included in such a league. The move being made by the New Brunswickers is the idea to create interest in the game, particularly if they can get four strong teams, though some limit should be made to prevent one team being far superior to the others.

The proposal to admit Halifax will surely be considered if the league is formed. There are no better sports than the Halifaxians, and in no city would games be more widely patronized. The only objection is that of distance and the cost of the jump from St. John. If this can be made right there is no doubt that the admission of Halifax would be highly popular.

As the rumor that a St. John team would get in the New England league is pretty well known and that such an idea is ridiculous, there is not the slightest prospect of such a plan being carried out and one of the gentlemen whose name was coupled with the report, has already stated privately that he is through with baseball.

Better Ball Than Ever.
The times, it is said, are better than they were. Billy Sunday, the baseball evangelist, recently, "when I will have lost my interest in baseball. First of all, I love the game; secondly, it was through baseball that I gained a large circle of loyal friends who have always been with me in spirit, free from jealously and crooked work. The ball players of today are an improvement on those of 12 years ago. They have learned that the "boose fighter" is soon "all in" and public opinion will not stand for him. During my work as an evangelist I have received much encouragement in many ways than one from the ball players."

The Mighty Hans.
A report comes from the Smoky City that Hans Wagner was offered \$15,000 to play with one of the American league teams for a year, but on account of his loyalty to Barney Dryness he did not accept this fabulous sum. If this is true, a statue should be erected in the Pittsburg ball park in honor of the mighty Hans.

CONTRACTED BAD COLD.
DOCTOR SAID SERIOUS!
Wanted to Send Him Three Hundred Miles to the Winnipeg Hospital.

Bottle and Half of Dr. Wood's Norway Pine Syrup Cured.
Read what Mrs. A. G. Wheeler, Wawanona, Minn., has to say about it: "Please let me thank you for the great good that both my husband and my children have received from Dr. Wood's Norway Pine Syrup. One night when my husband came home from work he had contracted a very bad cold. He began so bad that he had to go to bed and send for the doctor. When the doctor came he pronounced it a very serious case, and wanted me to send him to the Winnipeg Hospital. This I would not do, as it is about 300 miles to Winnipeg. I decided to try Dr. Wood's Norway Pine Syrup and got four bottles of it. He only took one and-a-half bottles before he was all right again and only lost a few days' work. I always keep it in the house for the children. Even the baby, seven months old, takes it and seems to like it, and as for my own, I do not know what I would do without it. I think that every housekeeper should keep a bottle on hand for I know it will save many a doctor bill. Price 25 cents. Put up in a yellow wrapper and three pins the trademark. Refuse substitutes. TO HAVE SUMMER CARNIVAL.
Saturday's Sydney Post says:—E. LeRoll Willis, F. A. Crowell, A. D. Ingraham, P. G. Bonaman and S. P. Challoner canvassed a section of Charlotte street yesterday afternoon, and within an hour and a half secured subscriptions amounting to \$1,300 towards a fund for a Summer Carnival and Industrial Fair to be held in Sydney during the first week in August. Committees from the city council, fire brigade and board of trade will meet, on a date to be selected in next week, to arrange other details connected with the carnival.

FLY ROD IN TOWN.

Miss Cornelia I. Crosby, of Phillips (Me.), who is an expert with the rod and rifle, arrived in the city on the steamer St. Croix, last evening. She is registered at the Dufferin.

Miss Crosby is noted for her articles, published under the name of Fly Rod, in metropolitan journals, which instruct all new beginners with the fishing rod and rifle. Miss Crosby is accompanied to the city by Mrs. Charles Goodridge, of Portland, who is at the head of a flourishing business organization. Her position is somewhat unique for one of her sex, as she is the president of the Sebago Lake Steamship Co.

Miss Crosby expresses the wish that more money be expended by her state for the purpose of increasing tourist travel.

"The game commission is a good one, but the yearly appropriation is only \$20,000. It ought to be \$100,000," said Miss Crosby. She claims that the extra outlay would be fully justified by the increase in the number of tourists expected to return to Maine tomorrow by train.

A GOOD DEAL OF NONSENSE.
About "Blood Purifiers" and "Tonics."
Every drop of blood, every nerve and tissue in the body can be renewed in but one way, and that is, from wholesome food properly digested. There is no other way and you can't put a medicine in itself can purify the blood or supply new tissues as strong as those which nature has furnished the digestive principles which weak stomachs lack, and unless the deficiency of popular medicine is supplied, it is useless to attempt to cure stomach troubles by the use of "Tonics" and "Purifiers" which have absolutely no digestive power, and therefore do not give a temporary relief, but are merely a sham.

HOCKEY.
A Wall of Woe.
A Fredericton paper says:—The St. John skating rink closed on Saturday night for the season. There is not the slightest prospect of such a plan being carried out and one of the gentlemen whose name was coupled with the report, has already stated privately that he is through with hockey.

BOWLING.
Compared With St. John.
On the Richey alleys at St. John in a match game between local teams Capt. A. King's team won from Capt. C. Nichols' quintette of rollers. The St. John team were each made up of five bowlers. Capt. King's team made a total score of 1262 and last night at the Arctic rink alleys Capt. McLeod's team had a total pin fall of 1100. That means that had the two teams been rolling a match game a fifth man on McLeod's team would only have had to have rolled 192 in three games, or an average of 54, to win from Capt. King's aggregation. Seems pretty much as Fredericton might come out ahead of St. John in a match game.—Foton, Paper.

CHECKERS.
International Match.
Boston, March 21.—The Americans broke even with their British opponents in the sixth day's play of the international checker tournament, winning five of the ten games won by the Americans on the British team were: Seagriff, Buchanan, Hallwell, R. Jordan, and Morrill. The American winners were: Dwyer, who defeated Morrill twice; Hor, who defeated Hynd twice, and Berkler.

THE WINDING LEDGES DAM.

Strong Resolution Dealing With It Introduced In Local House By Premier Tweedie.

Fredericton, March 21.—The house met at three o'clock. Hon. Mr. Sweeney presented the draft of the resolution to the lieutenant governor based on the resolution with respect to representation. The address was agreed to.

Hon. Mr. Tweedie introduced a bill to repeal Chapter 43 of the act relating to roads and bridges in Derby, Northumberland county.

Hon. Mr. Pugsley introduced a bill to regulate the election of commissioners of the parish of Northfield in October, 1908. He said that the parish clerk was a member of one of the committees and some question had been raised as to the legality of the election.

Hon. Mr. Sweeney introduced bills relating to roads and bridges in Derby and the election of trustees of the first Baptist church.

Mr. Smith introduced bills to incorporate the East Florenceville Water Company and the Carleton Place electric hall company.

Mr. Purdy introduced a bill respecting the appointment of assessors or taxes in St. John.

Mr. Jones introduced a bill to incorporate the Second Advent Christian conference of New Brunswick.

Mr. Copp introduced a bill to amend the act relating to the town of Sackville.

In reference to the winding ledges dam the following resolution was moved by Premier Tweedie and seconded by Mr. Hazen.

Whereas, a bill has been introduced in the parliament of Canada entitled "An Act to amend the act relating to the winding ledges dam, in the county of Madamascia, in the province of New Brunswick, from any point along the bank or shore of the said river to the winding ledges dam with a dam to be built from the said dam to the said river, in the province of New Brunswick, and to maintain the said dam, sluice, conduit, bousins, sewer and other works above the said dam to be built from the said dam to the said river, in the province of New Brunswick, or in any of its tributaries, and for the purposes of the company."

Resolved, that the bill be referred to a select committee of the house to report thereon as soon as possible.

(10) Local works and undertakings other than such as are of the following classes: (A) Lines of steam, other ships, rail, cable, telegraph and other works and undertakings connecting the province with other provinces or extending beyond the limits of the province; (B) Lines of steamships between the province and other provinces or foreign countries; (C) Works which might interfere with navigation; and (D) Generally all matters of a merely local or private nature in the province.

Whereas, the proposed act is one to incorporate a company with provincial powers and to extend the limits of the province and the limits of the province and to give the company with the power sought by the bill the exclusive privilege of operating the said dam, sluice, conduit, bousins, sewer and other works above the said dam to be built from the said dam to the said river, in the province of New Brunswick, or in any of its tributaries, and for the purposes of the company; and whereas, the proposed act is one to incorporate a company with provincial powers and to extend the limits of the province and the limits of the province and to give the company with the power sought by the bill the exclusive privilege of operating the said dam, sluice, conduit, bousins, sewer and other works above the said dam to be built from the said dam to the said river, in the province of New Brunswick, or in any of its tributaries, and for the purposes of the company;
