

RED CROSS WORK HERE REVIEWED

**Dr. Robertson Says N. B.
Shared Largely in Sur-
plus Funds**

**Central Council Head Addresses
Executive—Junior and Home
Nursing Work Commended**

New Brunswick has had by far the larger share of the surplus funds of the Red Cross Society than any other province, in proportion to its population and in proportion to its wartime giving to those funds, said Dr. James W. Robertson, chairman of the Central Council of the Canadian Red Cross, in an address to the executive of the New Brunswick division at a meeting yesterday afternoon at the residence of Mrs. H. A. Powell, Queen Square.

The New Brunswick division perhaps had not spent the money received from headquarters quite wisely but none of that money had been wasted and good things had been done with it. The central office had not much more money to give away and the division must fall back on its own resources.

BENEFITS SEEN.

What had been accomplished by the Red Cross in New Brunswick in the last four years must surely have brought a knowledge of local needs and the benefits of the welfare activities the Red Cross had sponsored. Any real claim which the division might present to the head office would not be turned down. The Junior Red Cross work must be continued and the home nursing classes which were doing such fine work needed to be extended.

Dr. Robertson advocated having every member of a home nursing class as a member of the society and the organization of senior branches wherever there was a junior branch.

He said it was not so much the membership that the society desired, but sympathy and understanding of its work, the peace time policy that was being carried out in 34 countries and was the only blessing which he could say had come from the recent war.

The Junior Red Cross crippled children's fund in 1924 helped 1,883 children and today in the 4,000 branches in Canada there were 100,000 Juniors enrolled and learning good citizenship as well as service and good health.

THANKS EXTENDED.

R. T. Hayes, president, extended to Dr. Robertson the hearty thanks of the meeting and C. B. Allan in speaking of the address assured Dr. Robertson that he had brought renewed enthusiasm and confidence to the Red Cross workers.

Mrs. J. P. Byrne, of Bathurst, spoke of the splendid work of the home nursing class in that town and of the great appreciation of the gifts of emergency supplies for fire sufferers which had come from the Red Cross.

The Countess of Ashburnham, Fredericton, told of the dental clinic carried on by Red Cross effort in the capital which has provided free treatment for 800 children.

The meeting appointed Mrs. McDonald, of Chatham, to take the place of Mrs. Sergeant, of Newcastle, as a representative of the division at the meeting of the Central Council in Toronto on Dec. 8. C. B. Allan is a member of Central Council and will attend.

National Policy For Canada Is Sought

OTTAWA, Nov. 30.—A "National policy" for Canada in respect to her raw materials, coal and other fuels, waterpowers, patents and trade marks, dumping of foreign goods, export of hard wheat to the United States, and timber and materials, is advocated by Thomas L. Church, Conservative member for Toronto-Northwest, in a motion placed on the order paper of the House of Commons.

STOVE FALLS OVER AND STARTS FIRE

YARMOUTH, Nov. 30.—An alarm of fire this evening called the department to MacPherson's pool room in the old Yarmouth Hotel building, Main street. It was caused by the leg of a large base burner becoming dislodged and the stove falling over, striking the floor. It was badly wrecked and spilled a goodly quantity of hard coal fire about the floor. The firemen responded quickly and extinguished the blaze before any serious damage resulted.

SPEAKS IN MONCTON

Holiday Ships From Here to Carry Many

Ship tonnage totalling over 76,000 tons will be placed in service by the Canadian Pacific in December to handle the annual exodus of Canadians going to the Old Country for the Christmas and New Year season. This year's holiday rush promises to be unprecedented, says the Montreal Gazette.

Four ships, the Montrose, Melita, Metagama, and Montclair, the paper continues, are scheduled to sail from Saint John, N. B., with heavy lists of passengers, largely recruited from the Prairie Provinces, where the farmers, who have harvested a heavy crop, are planning to pass the winter festival with their relatives across the Atlantic.

THREE BIRTHDAYS.

On Saturday evening, Miss Ruth Wilson entertained a number of her friends at her home, 162 Queen street, in honor of the birthdays of Miss Mabel Coates, Miss Elizabeth Wiggins, Miss Helen Terris. During the evening music and games were greatly enjoyed. The honored guests received handsome gifts. Refreshments were served in the dining room where, in the centre of the table, a birthday cake was daintily lighted with candles. Miss Vida Gibbs assisted the hostess in serving the guests.

From a California Orange

—see how easily
the sections are removed

USE California oranges regularly and you'll notice certain features that mark distinct advantages in them.

First, see how easily any California orange can be peeled.

Then note the neat, handy, ready way in which the sections are separated, as illustrated above.

Slices, too, can be made thinner, daintier, due to their firm but tender texture. From this fruit come the "tender cuts of orange," which are as attractive and desirable as the tender cuts of meat you serve.

And at this season of the year California oranges are seedless.

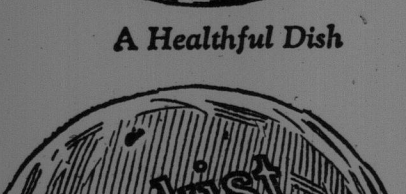

Use them regularly for breakfast and in your salads and desserts and you'll always want a "California Orange" for all purposes thereafter.

You'll want this seedless, luscious, juicy fruit for the holidays also.

Sunkist are the selected California oranges. So when you order use the name.
