MAKING PLANS.

Members of the architect staff of the I.

C. R. at Moncton were in the city this morning and took further measurements at the Union Depot in connection with proposed changes to be made there, doing away with the present site of the ticket office and transferring the news depot to the outer depot, as was referred to some weeks ago in the Times.

CITY SUPPLIES.

Tenders for stable supplies for the department of public works were considered at the noon meeting of the city commissioners today and the awards of contracts were recommended as follows:—C. H. When the new president, J. M. Robinson, and his associates, may fairly regard with satisfaction.

When the new council took hold, the board was approximately \$1,400 behind. About \$8.49; six tons pressed hay at \$13,49; 3,500 bushels oats at 44%c.; L. C. Prime & Co., Ltd. three tons bran at \$23.70; W. A. Quinton, 60 tons best upland hay, loose, at \$16.00.

YOUNGEST TO PASS.

An interesting feature in connection with the recent pharmaceutical examinations in this city was the fact that one of those who tried them was Gordon Morrell, a clerk in the store of S. H. Hawker, 172 Mill street, who is probably the youngest registered druggist in the city being only eighteen years of age. The young man is being congratulated upon successfully passing the papers which proved difficult to many who have been studying pharmacy and connected with it for a much longer period, and who are much older than he.

HOME FOR BURIAL,
The body of John Howe Savary, who died in Regina last week as the result of a shooting accident, was brought to the city on the Atlantic express at noon to day and will be taken to Digby by steamer in the morning. Burial will be in the fam to the case of the labilities.

Prior to the new regime the board had from 350 to 370 members at \$10 per year, yielding \$3,500 to \$3,700 per year. Now the membership is approximately 700, at \$25 per year for three years, yielding \$17,500 a year, with a very promising prospect that there will be at least 800 memberships and \$20,000 per year for three years, yielding \$17,500 a year, with a very promising prospect that there will be at least 800 memberships and \$20,000 per year for three years, yielding \$17,500 a year, with a very promising prospect that there will be at least 800 memberships and \$20,000 per year for three years, yielding \$17,500 a year, with a very promising prospect that there will be at least 800 memberships and \$20,000 per year for three years, yielding \$17,500 a year, with a very promising prospect that there will be at least 800 memberships and \$20,000 per year for three years, yielding \$17,500 a year, with a very promising prospect that there will be at least 800 memberships and \$20,000 per year for three years, yielding \$17,500 a year, with a very promising prospect that there will be at least 800 memberships and \$20,000 per year for three years, yielding \$17,500 a year, with a very promising prospect

three members of the municipal council, will meet this afternoon to take up the proposed increase in the water rates for residents of Lancaster. There are two sets of figures showing the cost of the service, one prepared by the Lancaster Board of Trade and the other by Commissioner Wigmore. They show a marked difference. Commissioner Wigmore also has prepared an amended agreement which may help to meet the ideas of the Lancaster consumers and the whole matter will be gone over and it is expected that a decision will be reached.

MANY FREENDS HERE.

News of the death of Harry A. Price in Montreal caused regret amongst many friends in St. John. His death occurred in the Mount Royal Sanitarium, following a paralysis stroke. Mr. Price was for some time secretary to D. Pottinger in Monotton and was afterwards made district passenger agent with offices in this city. Later he was transferred to Halifax, and after that was made assistant general passenger agent in Montreal, which office he held up to the time of his death. Evan Price, superintendent at Campbellton, is a brother. Mr. Price was well known in this city and had a great number of friends here.
