## Little Beauty Chats

By BLANCHE BEACON

### Rest Your Hair

Do you ever think of granting your hair a short respite during the day from pins and combs? You need not reply as I know beforehand that your answer would be no with a capital N.

This is a pity as hair needs to be rested once in awhile, resembling in particular the eyes. Those were women who make a practice of giving their tresses a daily rest from hairpins and hands and pads, are generally women whose hair is luxuriant and gleaming.

Why not decide to give this new beauty treatment a trial? It will cost you nothing to loosen your hair and it will undoubtedly do much good.

"How does one rest the hair?" queries a fair voice. I will tell you.

Every morning after breakfast, allow your tresses to hang loose and free. No ribbon must confine them, no hairpins fasten them.

When your various household tasks are finished, and you are at leisure to think of your hair needs, I advise sitting down in a "comfy" chair and rubbing strand after strand of your hair between the palms. This hurrying process causes the hair to gleam and shine in a most fascinating manner.

Wear your locks unconfined until the noon whistle blows, then dress them in some accustomed way and run down to luncheon with an easy conscience.

Do as I say each and every morning for the next two months, and you will find that your hair will respond to the treatment.

## MANY AT THE MOTOR SHOW

The largest crowd of the week attended the motor show in the Queen's Bunk last evening. All the booths were in fine condition. The motor cycles seemed to attract much attention from the young men and it is said that many of them will ride back and forth to the summer resorts on this style of machine during the summer. The dealers seem to be particularly pleased with the show and they express themselves well pleased with the new business secured.

Many members of the local military corps were present last night and the band of the 62nd Regiment gave a very fine programme.

## She's a wonder

is Mrs. Edwards, when she gets going in the kitchen. She pops that home-made Irish soup of hers on the stove to boil, and then sets to work. Out come all the little bits of cold meat and cold potatoes. Into the stewpan they go. Over them she pours the boiling soup. And in half an hour or so she's turned out a tasty, appetising stew, piping hot and ready to serve; the two-or-three-helpings kind, you know; or you soon will, if you lay in a supply of Edwards' Soup.

# EDWARDS' DESICCATED SOUPS

So per packet.

Edwards' Desiccated Soups are made in three varieties—Brown, Tomato, White. The Brown variety is a thick, nourishing soup prepared from beef and fresh vegetables. The other two are purely vegetable soups. Lots of dainty new dishes in our new Cook Book. Write for a copy post free.

## Daily Hints For the Cook

### COCOANUT CAKE.

Mix half a pound of flour with three ounces of grated coconut, add three ounces of castor sugar and a teaspoonful of baking powder. Then rub in three ounces of butter, and add one well-beaten egg. Place in a greased cake-tin and bake for one hour.

### SAVE-ALL PUDDING.

Collect all the odd scraps of bread and weigh them. Allow one pint of milk to every pound of bread, and place in a saucepan. Allow to boil, then beat well with a fork till smooth. Add two eggs, three ounces of sugar, a piece of butter the size of a walnut, a scruping of nutmeg, and a few drops of vanilla flavoring. Mix and place in a buttered pudding-dish. Stir over the top two ounces of chopped suet and four ounces of currants. Bake for one hour in a moderate oven. This pudding can be eaten hot or cold.

## WIRELESS MESSAGES SENT 3,000 MILES TO SCOUT CRUISER

Washington, April 3—It was announced today that a preliminary report on the results of the experiment in radio telegraphy between the scout cruiser Salem, on her voyage to and from Gibraltar, and the great wireless tower at Arlington, had proved this station to be second to none in the world, not excepting the Eiffel Tower or the great German wireless tower.

In this first test the contract requirement of the dispatch of messages from Arlington to a vessel at least 3,000 miles distant could be only realized at night, but such messages were delivered to the Salem by day up to a distance of 2,383 miles. It was demonstrated too that by the use of kites on the vessel with wire conductors, messages could have been exchanged throughout the entire transatlantic trip.

Results of interesting experiments made during this voyage with new forms of apparatus, are said to mark a new era in long distance radio communication.

## SISTERS OF CHARITY SUCCEED GREY NUNS

Newark, asking for the retention of the Grey Nuns, but it failed in its purpose. When the Nuns left they said they would soon return to take charge of a hospital in Atlantic City, which is to be opened by Bishop McPhail, of the diocese of Trenton.

If some folk had their way about this world how few people could live comfortably in it.—Bright.

Morristown, N. J., April 3—The Grey Nuns, a French-Canadian order, who have been in charge of All Souls Hospital since it was founded twenty-two years ago, have been succeeded by the Sisters of Charity of New Jersey, who are in charge of the institution today. The change was made because there is a large deficiency in funds and it is hoped that the new management will be able to obtain larger contributions.

The first of the Grey Nuns left here last night. A crowd of about 150 persons, Catholics and Protestants alike, was at the depot to see them off. A petition signed by 2,500 residents of this section was presented to Bishop O'Connor, of

## Cookies!

How the youngsters love them! When they come begging pennies for sweets, just whisper: "There's a jar of fresh cookies for the good boys and girls in this house."

What a happy trip to the pantry!

Cookies made from Rainbow Flour are nourishing as well as toothsome. In milling Rainbow Flour we eliminate all but the choicest nutriment of the finest hard wheat of Canada.

Rainbow Flour will make cookie dough that bakes into round treasures of delight. Try it.

In using Rainbow Flour for pastry, more water (added slowly) is required and less flour.
