GREEK STORE COMBINE TO PAY CHURCH DEBT

Eighty-five Montreal Confectioners United to Buy Supplies and Donate Half Profits

(Montreal Herald)

A remarkable combination has been effected among the Greek confectionery stores of the city, and manufacturers are viewing the innovation with amazement, very strongly tinged with respect.

The Greeks have formed an association by means of which they intend sending in bulk orders for the goods used in their stores, placing the order with the manufacturer who can give them the best terms.

As there are eighty-five Greek confectionery stores in Montreal, many of them doing a big business, the extent of the scheme may well consider itself lucky.

The order for cream has not been placed yet, but the order for cocoa has. It was placed a few days ago for 65,000 pounds, at a price of between \$20,000 and \$25,000. A Toronto firm got it.

The way in which the scheme began is a credit not only to the business ability of the Greeks, but to their devotion.

About a year and a half ago, they built a church in St. Lawrence street, below Prince Arthur street, at a cost of about \$25,000. This was being paid for mostly by the merchants. There was still about \$15,000 of a debt, when some of the business men got together among them, Geo. Nicholas, H. Palos, Z. Demitri, P. G. Demitri and K. Metrolis and decided the following plan: They would buy supplies co-operatively, pocket half the reduction thus obtained, and use the other half to pay off the debt of the church.

The plan met with everyone's approval, and a committee was appointed to put it into operation. They found it worked so well that they have now formed an organization and will take out incorporation papers next year.

They will establish a sinking fund to meet emergencies, (futures among members, etc.) and practically all general supplies will be purchased by the association.

We try as much as possible to patronize Canadian manufacturers," said Mr. Nicholas today.

The scheme is, I think, going to be a great success," added Mr. Nicholas. "We will not only pay for our church, but it is a most excellent business arrangement, which we intend to continue."

IRELAND'S FISHERIES

Dublin, Dec. 15.—The annual report on the sea and inland fisheries of Ireland just issued, states that the quantity of sea fish (excluding salmon and shell fish) landed in Ireland during the year 1910, was greater than that of any of the last eleven years, and amounted to no less than 12,000 tons, of the estimated value of \$1,882,500, to the fishermen. The spring mackerel fishery, although not so productive as in regard to quantity and value than that of the year 1909, showed no material signs of improvement, but the autumn season was well above the average of that for the last twenty years, and was the best since 1905.

The salmon market, which showed practically all this product was, however, in a most unsatisfactory condition. The salmon and trout fisheries appear to have been even less productive than in the more so than in any other of the observed years. No sign of disease was observed.

MANY MORE DISMISSALS

Ottawa, Dec. 14.—It is announced that the government has dismissed Inspector W. S. Evans and Fisheries Officer J. D. McEwan, of Manitoba, whose places will be filled by J. A. Howell and Daniel Daly, of Ontario.

Mr. S. J. is also dismissed.

Ottawa, Dec. 14.—One hundred men, including 500 men, will be discharged by the government tomorrow. Four muskies, six plunkers, three carpenters and five point men are on the list, the rest being laborers temporarily employed. A foreman and assistant foreman are also to go, all for alleged participation in the recent election.

If there is any one who would like to improve upon it, it is the chap who is forever trying to get something for nothing.
