CLEANLINESS IN DENTISTRY

If people knew the frightful risk they run of infection from unclean dentistry they would better realize the awful chances they take and what a mighty important factor cleanliness is.

No one has ever disputed the fact that there are no cleaner offices in Canada than ours. This is worthy of consideration.

Meeting of Union Lodge, No 2, K. of P.

Meeting of Socialist party at 8 o'clock.

LOCAL NEWS

A meeting of the Women's Guild will be held Friday at 3 o'clock. All members are requested to be present.

At the Socialist hall this evening R. A. Filmore will speak on The Canadian Army, its Uses and Abuses.

A troop of Boy Scouts will be organized in the Y. M. C. A. Friday evening by W. H. Moor, secretary of boys' work. They will be known as the Y. M. C. A. troop.

The Every Day Club will hold its fall fair during the week of Oct. 29. A meeting will be held in the hall tomorrow evening at 8 o'clock to make arrangements and all ladies willing to assist are invited to attend.

S. Dow Simmons, of Fredericton, court stenographer, passed through the city today, en route to Albert county, where he will be present at the Conolly trial which commences today.

A boy named Walsh fell over Robertson's wharf into York Point slip last night, and his cries attracted the attention of Policemen Clarke and Crawford, who came to his rescue and pulled him from his dangerous position in the harbor.

Street car No. 70 collided yesterday afternoon with a sloven driven by Horace Hoyt in Dock street, and while little damage was done to the team, a painter's ladder, which was being carried, was badly broken.

Percy Hill, the young American, charged with stealing from George A. Law, driver for Dearborn & Co., was deported this morning by being sent to Eastport, passage being procured for him by the police. The young man, who belongs to Lynn, Mass., was sentenced to six months in jail yesterday, but was allowed to leave the city today.

The Circuit court will resume its sessions tomorrow when the civil case of McIntyre vs. Comeau will be dealt with. Andrew Rossi, charged with stealing from Syracuse will be brought before the court, and it is probable that a new trial for him will commence at once. Witnesses have been subpoenaed to appear at 10 o'clock.

MANY ENTRIES FOR THE E. D. C. SPORTS

The 20 Mile Bicycle Race Promises to Be a Very Interesting Struggle

The big feature of the Every Day Club Sports to be held Saturday, October 8th, is the 20-mile bicycle race for the Dunlop Trophy. All the best riders of the province are entered, including McCavour and Cochrane, who finished second and third last year; Winters, the famous long distance man from Charlotte-town; Smith, from Dartmouth; Moir, of Halifax and McGrath, of St. John. Foote the cup holder, will likely be here also.

It can be seen from these entries that the one who wins will have to work, and the record of one hour and three minutes set up last year will, no doubt, be broken.

Entries are coming in for all the other events, and all that is necessary now for a good day's sport, is fine weather.

ANNIVERSARY SERVICES

The Women's Aid Society of Main street Baptist church will celebrate the 40th anniversary of its organization tomorrow afternoon and evening. There will be a meeting in the afternoon at 4 o'clock in the vestry, for ladies of the church and congregation, with an interesting programme, including a brief historical sketch of the society, and a play by Mrs. F. W. Wentworth and solos by Mrs. Olmstead and Miss Hazel Frewelling. This will be followed by a social tea and a public meeting in the evening at 8 o'clock, when Rev. John Glendenning, a returned missionary from India, will give an address. Mr. Glendenning has spent several years in India and during the time learned three languages, one of which, the Savaras, has been necessary to reduce to writing. The Savaras are one of the hill tribes of India, for whom very little missionary work has been done. It is expected Mr. Glendenning will tell of some of his experiences in connection with this work.

It is hoped also to have the orchestra of the Victoria street Baptist church at the meeting.

THE DEATH RATE

There is just a difference of one in the number of deaths recorded this year to the end of September, in comparison to the number reported for the same period last year, with the nine months of 1910 in advance. The total number of deaths in the city for this year, so far, has been 578, while for the same time last year, the number was 575. The total number of deaths recorded for 1909 was 799.

The number in September of this year is greater than for the same month last year. Last month 474 persons died in the city, while in September of last year, 463 deaths were recorded.

SOCIAL AND PRESENTATION

A very enjoyable congregational social was held last evening in the schoolroom of Brussels street Baptist church. It was the first gathering of the kind since last spring and there was a very large attendance. A pleasant feature was the presentation during the evening of a beautiful cameo brooch to Miss Julia Elliott, who is to be married here next week, and will reside in Moncton. Miss Elliott has always been a prominent, faithful and earnest worker in the church and her many friends took this method of showing their appreciation while her departure from the church and from St. John will be regretted, all wish in wishing her every happiness for the future.

WATER SHORTAGE

WILL CONTINUE FOR SEVERAL DAYS

Engineer Says Leaks in the Mains Are Responsible for Lack of Water in Some Districts—Water Carts Sent Around

Practically the only new development in connection with the water supply of the city, today was the distribution of water about the streets to the citizens who were unable to get it in their homes, the means of distribution being the city's watering carts. These had their tanks filled at some of the fire-plugs, and thus equipped, provided water for many people who could not get it from their taps.

Workmen are busily engaged in pushing the repairs to a finish on the water service connections. Leaks in the mains were responsible for an enormous waste of water, but men are working night and day in an effort to get the supply in good working order again. It is thought that the work of repairing the No. 2 conduit will occupy about two days. The work is being done by men in oilskins, from the inside of the pipe.

The lack of a supply of water is felt in various sections of the city, and numerous and forceful complaints were registered this morning and yesterday at the water works. The department being strongly criticized for not having given better notice to the public of their intention to shut off the supply.

City Engineer Murdoch said this morning that the failure of the Little River supply was due to the fact that while the service from there was fairly good before the drain on Loch Lomond began, the additional pressure from this latter source, caused many leaks in the mains, and to this could be attributed the partial failure. Some time during the night, he said, one of the turbines on the pumps at Silver Falls became out of working condition, and this retarded the work for a little while, until another was installed.

Asked as to how general the lack of supply would be on account of the leakage in the mains, Mr. Murdoch said that the effect would be felt wherever there was a scanty supply of water, no matter in what section of the city the force was poor.

CASE AGAINST THE HASSAM'S DISMISSED

Report Again Geo. Merrises to be Dealt With Friday

The case against Robert S. Lowe, representative of the Hassam Paving Co. was dismissed this morning in the police court, he saying that while there might not have been a light in Main street on the pile of rocks, as charged in the report by the police, he was not aware of it, and had given orders otherwise. However he said, it was difficult to see to placing lanterns on every pile of stones or other material which the company had there, and to do so would "make the place look like a Chinese tea party."

The report against George Merrises for obstructing Union street with baskets of apples and grapes was postponed until Friday next. He pleaded not guilty. Policeman Rankine said that he had had frequent complaints from this obstruction, and several times had torn skirts in passing the obstacles.

NEW POLICEMAN SWORN IN TODAY

Charles A. Wittren, a Native of Germany, the New Man; Speaks Three Languages

The vacancy on the police force was filled today by the appointment of a native of Germany, Charles A. Wittren, 42 Wall street, in the place of Policeman Nelson, who was retired last week. The new man is 5 feet 11 inches in height, 32 years of age, is a member of the 3rd Regt. C. A., and gives promise of making a valuable addition to the force.

Wittren also speaks three languages, German, Swedish, and English, which will be of use to him in his future duties. Although a native of Germany, he has been a British subject for some time.

WEDDINGS

Myers-McMasters.

A very pretty wedding took place this morning in Mission church, Paradise Row, at 6 o'clock when Gertrude P. McMasters, daughter of John McMasters, of Halifax street, Fairville, was united in marriage to Harry W. Myers, of this city. The bride, who is one of Fairville's most popular young ladies, looked charming in a travelling suit of Copenhagen, with hat of corresponding colors, and carried a bridal bouquet of white roses. Only the immediate relatives and friends of the contracting parties were present. The bride was the recipient of many beautiful presents including cut glass, silver and furniture, also a check from E. L. Rising, with whom the bride was employed, and cut glass set from C. P. Wade, with whom the groom is employed. The groom's present to the bride was a sunburst of pearls and pearl ring to match.

The happy couple left on the Boston train for an extended trip and on their return will reside at 40 Main street.

Anslow-McKenny.

Windsor, N. S., Oct. 5.—At 6 a.m. this morning the marriage was solemnized at the home of Mr. and Mrs. G. A. McKenny, of their daughter, Francis Dorothy, and Harry Sutherland Anslow, son of J. J. Anslow, proprietor of the Hants Journal. The Rev. W. H. Lanville, pastor of the Methodist church performed the ceremony in the presence of only the immediate relatives of both contracting parties. After the ceremony a wedding breakfast was served and the happy couple left on the morning train for Halifax.

Asked this morning as to what action he intended taking in connection with the seizure of post cards made recently, Chief Clark said that he had not yet decided but at present he could not see that there was evidence enough to warrant a conviction. He has submitted them to the recorder, but has not received an opinion as yet. As regards a report that this was a new road for the police in making this seizure, the chief wished it noted that the police had made others such many times before.

Tailoring and Clothing OPERA HOUSE BLOCK 199 to 207 Union St.

Winter is Coming and You Must Keep Warm

The heating problem is a question that bothers many. But if you have a stove that will throw the heat to the floor you will overcome the heating question and keep your house warm. The Glenwood Oak Heater is built to not only give heat but to throw heat to the floor. It has a large rim with nickel bands just over the top of the fire pot which throws the heat back towards the floor and when you get heat on the floor you overcome a lot of draft. Glenwood Oak Heaters are made in two sizes, 14 and 16. You can burn wood or coal in them. You can have a light fire in them or keep them going night and day. Made and sold by
