### ST. PETER'S Y. M. A.

Winter Work Opened Meeting Last Night in Observance of 13th Anniversary

A large number of the members of the St. Peter's Y. M. A. met last evening in their rooms, Douglas street, to observe the thirteenth anniversary of the association. A pleasant time was spent, Arthur F. Delaney, president of the society, occupied the chair, and made a pleasing address in which he spoke of what had been done for the development of the Y. M. A. to make it one of the leading organizations of its kind in St. John, and told of the success met with. He referred to the sea-o-o-ers of the spiritual director, Rev. J. H. Borgmann, C.S.B., in the interests of the young men of St. Peter's and closed with an expression of the hope that the society would enjoy renewed and prolonged prosperity.

Rev. Father Borgmann delivered a thoughtful address, outlining the work for the season and giving advice to the young men to always work for the uplift of the association. "It is not that the Y. M. A. so much needs the young men as the young men need the Y. M. A. and need it badly, because, in taking advantage of the help offered in different ways by the association, they can benefit themselves, and keep out of the many temptations staring them everywhere."

He looked forward to a successful year in sporting circles in the association and spoke of the bowling league which it is proposed to reorganize. It will open about the middle of October. The course of lectures for the season had been well mapped out, and would be started before long, while a series of debates would also be begun in the near future.

The nomination of officers was then proceeded with and a large number of names were placed in. From them a selection will be made next week to fill the various offices made vacant by the retiring board.

### SEPTEMBER BRIDES

A pretty wedding took place in St. George's church, on Wednesday evening, the 27th when Miss Sarah Cole was united in marriage to Wm. E. Mills. Rev. Mr. Sampson, rector of St. George's performed the ceremony. Mr. and Mrs. Mills will reside, at 15 Prince street, W. E.

Kipstead-Vall.  
A very charming wedding took place in the Methodist church, Springfield, on Wednesday, Sept. 27, when Walter D. Kipstead, St. John was united in marriage to Matilda B. Vall of that place. The ceremony was performed by Rev. H. S. Young, pastor, in the presence of a very large gathering. The church was beautifully decorated with autumn leaves and potted plants. As the bride entered the church with her brother a wedding march was played by the groom's sister, Mrs. E. A. Irvine of Sussex. The bride looked charming in a gown of cream crepe de chine with bridal veil of orange blossoms and carried a bouquet of white carnations.

After the ceremony luncheon was served in the dining room of the bride's home, which was trimmed for the occasion in green and white. Many beautiful presents were received from friends at home and abroad. The bride's receiving days are October 6 and 7.

**FIRST SKATING CHALLENGE**  
The following from a veteran mariner skater is self-explanatory:—"I, the undersigned Capt. Ben Kingston, do hereby challenge any man of my own age or 60 years, in the world to skate me a mile or half mile race on the ice at Millidgeville as soon as the ice forms there. An early answer through this paper would be appreciated as I wish to get myself into condition for the event, if there is anybody to take me up.

BENJAMIN E. KINGSTON."

### SAY DR. DANIEL WILL BE IN THE CABINET AT LEAST FOR WHILE

Hazen to Follow and Plan is To Make J. B. M. Baxter Attorney-General of Province

The men in the street has now matters political worked out in a way somewhat different from what was put forward as likely immediately after the elections. It is now said that, despite all reports to the contrary, Dr. Daniel will be taken into the Executive cabinet as minister for New Brunswick, at least temporarily. He is to give way, however before long to Hon. J. B. M. Baxter who will give up his post as premier and will be taken into the dominion government as the New Brunswick minister. Dr. Daniel meanwhile being comfortably looked after.

With Mr. Hazen out of the provincial cabinet the situation generally, the scheme is to have J. B. M. Baxter contest St. John county and if he carried it, to have him as premier. Still there is Hon. Mr. Fleming as premier. That is the street story, anyway, and it is credited in Conservative circles. Still there is Crockett in York and there is Fowler in Kings-Albert and there is sure to be trouble all around.

### ACROSS CONTINENT ON VISIT TO HOME

Mr. and Mrs. F. R. MacRae Here From Prince Rupert on Way to Nova Scotia

Mr. and Mrs. F. R. MacRae of Prince Rupert arrived in the city yesterday and are registered at the Dufferin. Mr. MacRae was a Cape Bretoner who went to Nova Scotia a few years ago and engaged in the real estate business in Prince Rupert and has been very busy since. In conversation with a Times reporter this morning he said that Prince Rupert was going ahead in leaps and bounds and in a few years would be one of the principal cities in the west.

"The latest addition to the town's industries," he said, "is a large \$5,000,000 cold storage plant which has been erected by several Canadian and American capitalists. The plant is a very modern one in every respect and is a very valuable addition to the place. An industry that is thriving at the present time is the fish business. Several large canneries have been erected recently and it is expected that in a short time it will be one of the chief industries of the place. Then again, the mining business is forging rapidly ahead and is bound to become an important factor in the welfare of the town. Just outside the city several valuable ore mines are located and are proving very valuable."

"At the present time the population is about 4,000 but this will be materially increased in the next few years when the railroads begin to operate there. The climate of the place is excellent and I would certainly advise people going west from the provinces to look things over in Prince Rupert before settling down."

Mr. MacRae is a Dalhousie College graduate. He will visit his old home in Cape Breton before returning west. Only a short time ago he joined the ranks of the benedictine and the present visit is more in the nature of a honeymoon trip than anything else. Mr. and Mrs. MacRae will remain here a day or so before going to Nova Scotia.

Among Mr. MacRae's list of friends in Prince Rupert is William J. Borland, a former St. John Daily Telegraph, an who is engaged in the newspaper business in Prince Rupert and doing well.

### THE PRIZE DOG

H. H. Smith Receiving Congratulations for His Bulldog's Win at Bench Show

There is nothing but admiration among the dog fanciers for "Mackworth Major," the fine English bulldog which won first prize at the kennel show just closed and H. H. Smith, the owner, is coming in for congratulations on all sides.

The dog was imported by Mr. Smith on February 11 last from the famous Waterloo Kennels, Liverpool, England. It was born on January 15, 1910 and consequently but a pup. With excellent pedigree it was sold to its present owner on the condition that it would not be exhibited in England again in competition with the dogs there. The sire is Makeri and dame Dowhly Biddy. The Mackworths are a well known breed and are winners of numerous championships. It is declared by some to be the finest English bulldog dog.

The pedigree is a lengthy one on the side of both sire and dam, extending to some ten notch English stock of bulldogs. "Our Dogs" a well known English publication devoted to news of the canine game at some length a description of a number of the Mackworth breed including Mackworth Albert, Mackworth British and some others, extolling the class as the best.

### NEW DONALDSON LINER

The Letitia Will Not Be Ready for Next Summer—Cunarders Not for Here This Season

The "Letitia" will be the latest addition to the Donaldson line but she will not be ready to go on the route this winter. The fine new steamer now under construction will be completed in time to go on the St. Lawrence route next summer. Her dimensions are about the same as the "Athens" of the same line and she is expected to be an excellent passenger boat.

So far as is known there will be no changes in the steamers of the Donaldson line coming into this winter.

There was talk last winter of the Cunard line, which has recently placed steamers on the St. Lawrence route, coming to St. John this winter. Inquiry at the office of the agent here, Messrs Robert Reford Co., gives little ground for hope that the Cunard steamers will come this winter at least, whatever they may do later.

William Thomson & Co., agents of the Manchester line has received word that the line would perform a weekly service for inward freight between Manchester and St. John. There will be fortnightly service from this port for Manchester direct. Every alternate steamer to arrive will go to Philadelphia. The sailings were fortnightly last year and they now are doubled.
