SIR WILFRID'S BIG MEETING

The Most Enthusiastic Andience Ever See in Massey Hall, Toronto-Vast Audience While Thousands Tried in Vain to Secure Admission-Premier

Toronto, Oct. 15.—How can such an event as Sir Wilfrid Laurier's meeting of last night be relerred to in langdage that shall seem restrained and moderate? Only once before has it been paralleled, and that was on the 18th of October, 1900, when Sir Wilfrid Laurier spoke in the same grand auditorium to a similarly transported audience, which, like the audience of last night, had left double its numbers outside unable to obtain admission. The coming of

double its numbers outside unable to obtain admission. The coming of sight or nine hundred students in procession sent the excitement up to fever heat, and the injection of this flood of vigorous youth into the ocean before the doors stirred it as it a fresh breeze had blown across its surface and ruffled it into billows. It was like the torrent of Niagara, that could not be stayed, as they marched up the stairs and took the seats reserved for them.

In the meantime other torrents were pouring into the body of the hall, and it might almost be said that every seek was occupied in the that every seat was occupied in the twinkling of an eye, and even those who considered themselves fortunate

twinkling of an eye, and even those who considered themselves fortunate in coming early found, to their consternation, that they would have to stand during the whole evening. They consoled themselves, however, as they heard long after the meeting was under way the hub-bub and cheering outside of those who had not been able to gain admission at all. The police calculate that fully 10,000 people who were anxious to gain admission had to be turned away. Sir Wm Mulock's opening words were that they had at last gathered some idea of the meaning of Mr. Borden's word, "adequate," for Massey Hall, large as it is, was not nearly adequate to holding all that wished to see and hear their leader.

Sir Wilfrid Stirred the Audiesce.

Sir Wilfrid Stirred the Audiesce.

Sir Wilfrid Laurier was in good form, and in the opinion of most of those who heard him in the same place four years ago he was in stronger voice than then. Not quite so playful or facetious as then, but grave and serious with the mighty matters that he has undertaken for the upbuilding and enlargment of Canada. Still there were some of the old-time flashes of humor, such as that where he compared Mr. Borden's railway policies to the rose, which bloomed to-day and died tomorrow. If there was less tendency to raise the laugh, the eloquence was even higher and nobler than before. The concluding sentences, in which he prophesied that Canada would be the prodigy of the twentieth century Sir Wilfrid Stirred the Audiedce. the prophesied that Canada would be the prodigy of the twentieth century as the United States had been of the nineteenth, stirred the audience to a perfect frenzy of patriotic fervor. The speech was stopped more than once, not by cheering merely, but by regular deafening salvoes of three

regular deafening salvoes of three cheers and a tiger.

Mr. Aylesworth received a welcome and inferior to his leader, and his address was enjoyed exceedingly, and was applauded with the greatest heartiness. Although some of the audience had been in the hall four hours when Mr. Paterson rose to speak, he held them remarkably well by his finely argumentative style of address, Mayor Urquhart, Mr. Robinette and Major Leslie acquitted themselves exceedingly well. It was themselves exceedingly well. It was indeed the greatest political event of recent years. As interested auditor was Hon. Edward Blake, Sir Wilfrid Laurier's predecessor as Liberal leader, who, with Mrs. Blake, was in one of the boxes.

Montreal, Oct. 15.—The leader of the Opposition addree of a mass meeting in the Windsor Hall here last night. The hall accommodates comfortably about two thousand. The seats were all taken, and the aisles and approaches were jammed. The gathering was enthusiastic, and one of the notable incidents was the attention given to Hon. Mr. Tarte. His entrance had been well arranged. Just before Mr. Borden arrived, Mr. F. D. Monk, late leaher of the Conservative party in the Province of Quebec, walked upon the platform at the same time with the gentleman who, it is expected, will be officially acknowledged as his successor, Hon. Mr. Tarte. It had been whispered about that the ex-Minister of Public Works was in "the thick of it," so there was a showing of applause when he appeared. Again, when Mr. Borden referred to him and his campaign as a reason why the Laurier Government could not give to Canada the free trade of England, the champion of United States protection was again applauded. Mr. Borden's speech was along the lines followed during his Ontarie tour, but he devoted the first five minutes to an assurance of a non-sectional spirit in him and his supporters. piles are concerned. Was Peaceful.

Bresden, Oct. 15.—King George of Saxony died at Pillnitz at 2.25 o'clock this morning. His end was peaceful. His son was present at the death-bed.

King George of Saxony, who was born at Pillnitz, on Aug. 8, 1832, succeeded to the throne on the death of his childless brother. Albert, on June 19, 1902. In May, 1859, he married at Lisbon, Marie Anna, a sister of the King of Portugal, who died in February, 1884. There were five children—the Princess Mathilde, Prince Frederick Augustus, the Princess Marie, Prince Jean-Georges and Prince Maxmilian. In the war of 1870, King George held the rank of field marshal of the German army. He was taken ill in the early part of last June.

## TREATMENT OF PILES.

PERMANENCE OF CURE THE TRUE TEST.

Many so-called pile remedies will arford the user slight temporary relief, and the majority of those afflicted do not expect more than this.

The average sufferer, after having
tried every preparation recommended
for the cure of piles, comes to the corclusion that there is no cure except
an operation, and rather than undergo this last resort, hel suffers on,
gresigned to the situation, so far as
may be. The attention of those interested is invited to the following
styperience.

"After ten years of suffering from blind, bleeding and protruding piles, and after using every remedy I could hear of, without any benefit, I finally bought a fifty cent box of Pyramid File Cure, and used it with such good results. I bought next a bollar box, which finished up the job. That was mearly six years ago, and, as far as piles are concerned. I am cyred, and tave never felt a symptom of them.
