Henriette to Carry Freight—Contract for Ticket Office to Be Let at Once

The Prince George will be here on July 10th and will go into service on the 21st, said Captain Nicholson on Saturday.

Every available berth was sold on the Prince Rupert when she went north last and there is also a waiting list, continued the captain.

The steamer Henriette is at present being overhauled at Esquimalt. She will be used for general freighting and will doubtless prove to be a serviceable boat.

The contract for the new ticket office will be let within a week. There will be a fine general and ladies waiting room with the usual accessories.

BUDGET TO BE INTRODUCED SOON PREMIER ASQUITH MAKES STATEMENT

Bill Regarding King's Accession Declaration Likely to Be Submitted Next Week

(Special to the Times.) London, June 25.—In the House of Commons yesterday Premier Asquith announced that the budget will be introduced on June 28th.

The prime minister promised to give an opportunity for the second reading of David James Shackleton's bill for the enfranchisement of women, but said he was unable to promise further facilities in this respect at the present session.

The prime minister also said that he hoped to introduce a bill in reference to the King's accession declaration next week. It would, he said, merely propose to alter the language of the declaration. It would not vary in any material respect the conditions of succession to the throne.

LOSS AMOUNTS TO MILLIONS VAST TIMBER LIMITS SWEEP BY FLAMES

Large Forces of Men Fight in Vain to Check Progress of Fires

(Special to the Times.) Fort Frances, Ont., June 25.—The continued dry weather will, unless heavy rains come soon, add to the already great loss, caused by the forest fires east of here.

At Mine Centre, Steep Rock, Bear's Pass and other points, fires are doing much damage. The limits owned by the Rat Portage Lumber Company, Rainy Lake company, Shevlin Mathieu company, and others are being swept by the fires to a more or less extent.

At Mine Centre the sawmill and yards formerly owned by Graham & Horne but now the property of Mackenzie & Mann, had a narrow escape yesterday from total destruction.

One hundred men were fighting the fires day and night and the latest reports are that the mill will likely be saved. The number of fire rangers is wholly inadequate, there being only two employed along the railway for a distance of sixty miles.

Millions of dollars worth of damage has been caused this spring and summer by the fires. Large forces of men are now working all along the line in an effort to prevent further loss, but their efforts appear futile.

SUFFRAGETTES ADOPT MILITANT TACTICS

Are Fined in London Police Court for Breaking Windows in the House of Lords

(Special to the Times.) London, June 25.—Emily Davison, a militant suffragette, was fined 25 shillings in How street police court yesterday for breaking windows in the House of Lords by means of a piece of chalk which labels were attached addressed to Premier Asquith.

The labels contained such expressions as "Indignant women won't take this insult," and "Women won't be trifled with." These messages referred to the refusal of the government to give facilities for the passage by the Commons of David James Shackleton's bill for the enfranchisement of women under certain conditions, the conciliatory suffrage bill as it is called.

WILL IGNORE VATICAN PROTEST

SPANISH GOVERNMENT TAKES FIRM ATTITUDE Religious Programme Will Be Carried Out—Desires an Amicable Settlement

Madrid, June 25.—At the conclusion of the cabinet meeting yesterday Premier Canalejas announced that the government's religious programme would be carried out. He said that the protest of the Vatican against the imperial decree of June 11 would be ignored, and that the decisions of the government already announced would stand.

A semi-official announcement made last night indicates that the government desires an amicable settlement of the controversy and will give the Vatican an opportunity to modify its attitude in the matter of its protest. It sets forth that Premier Canalejas held King Alfonso to his promise, made when the premier took power, that he would approve the government's course, and explains that the government proposes to pursue unflinchingly the programme which it considers that civilization demands and is counting on the support of all liberals.

The meeting of the cabinet, presided over by King Alfonso, discussed the government's attitude in the face of the double protest of the Vatican and the Spanish episcopacy against the royal decree of June 11. The decree amended the legislation and authorized the edifice of non-Catholic religious societies to display their insignia for public worship.

The papal protests were coupled with the negotiations between the government and Rome for the revision of the Concordat, and recently Premier Canalejas intimated that unless the Vatican changed its attitude the negotiations would be broken off. The Vatican replied, and after setting forth that it maintained that the decree is a violation of the Concordat and the agreement of previous ministers, declined categorically to continue the negotiations over the revision until this point is settled. The Catholic objection to the decree was on the ground that the government should maintain the status quo pending the outcome of the Concordat negotiations.

A protest on behalf of Eastern companies was made by Hon. A. C. Lean, attorney-general of Nova Scotia.

HOLDUP RESULTS IN FOUR DEATHS

MANUFACTURER AND OFFICER SHOT—ROBBER SHOT IN FLIGHT, ANOTHER COMMITS SUICIDE

(Times Leased Wire.) Lynn, Mass., June 25.—After having shot and killed John J. Landrigan and Policeman Carroll, three footpads were pursued to-day by a posse of citizens and police through the streets of Lynn until one was shot and killed by a policeman, another committed suicide to avoid arrest and the third was captured.

The bandits held up Landrigan, a shoe manufacturer, as he was returning from a bank with \$8,000 with which to pay off his men. He resisted their attacks and was shot down. The shots brought Policeman Carroll to the scene, and he, too, fell under a fusillade from the revolver of the thugs.

By this time citizens and police assembled and the robbers, gathering up the money, fled. They were pursued through the streets to the outskirts of the town. So close were the pursuers that the bandits abandoned the loot at high rock and it was recovered by the authorities.

The chase continued, and finally the robbers were surrounded in Revere's field, near Lynn.

When the bandits were being closed in on, one of them was shot by a policeman. A second, seeing that escape was hopeless, put his revolver to his head and blew out his brains. The third was seized just as he raised his pistol to his head.

Landrigan was killed almost instantly. Policeman Carroll died on the way to the hospital. Landrigan was a member of the firm of Landrigan & Walsh, which had been his custom to go to the bank on Saturday morning for money for the firm's pay roll. It is believed that the thugs were aware of this and laid their plans accordingly. But for the bravery of Carroll it is believed they would have escaped.

SUCCESSFUL BAZAAR

Phoenix, June 24.—The complete returns from the Catholic bazaar indicate net returns of \$1,000. Two old employees of the Granby mill have severed their connection with the company here and left for new fields of activity, in the persons of Robert Brown and H. W. Heldman. On the eve of their departure each was presented with a handsome gold watch and chain. Mr. Brown, who has been head carpenter at the Granby for some years, left Saturday with his family for New Zealand, where he will be associated with his uncle in the lumbering business. Mr. Heldman left for the Portland Canal district.

PRAISES ISLAND STRAWBERRIES

FINEST ON MARKET, SAYS WINNIPEG DEALER

(Special to the Times.) Winnipeg, June 25.—R. R. Scott, head of the MacPherson Fruit Co., says that the finest strawberries his firm has ever handled are coming from Vancouver Island. They are, he says, superior in flavor and quality generally to any grown in the United States.

"We netted growers 75 cents per case more than we pay for Washington strawberries," he added. "Unfortunately, owing to limited supply, few of these strawberries reach Winnipeg, the supplies so far seldom reaching a point farther east than Brandon."

PROGRESS OF VETO CONFERENCE

A. BURRELL TRIES TO PLACATE LIBERALS

Ridicules Idea That Effort is Being Made to Find a Compromise

(Special to the Times.) London, June 25.—It is hoped that the veto conference will be finished before the end of July, said Augustus Burrell, who is a member of the conference, speaking at Bristol last night, made some attempt to placate the stalwarts of the Liberal party as far as the strict reticence surrounding the negotiations would permit.

He said the conference was not between popes or plenipotentiaries, not between those who could bind or loose, not between those who could sign, seal or deliver; therefore there was no need to get agitated. The notion that any one would meet at a round table to try and discover a compromise was ridiculous. The object was to discover an agreement, to find out how far it extended and how far it would carry them. They must not forget that in the event of a disagreement their position would revert to its former state.

ANOTHER DELAY WITH FORT ST.

COUNCIL MUST AGAIN CONSULT THE OWNERS

Time for Payment of Cost of Sidewalks Cut From Twenty to Ten Years

There will be a further delay with the Fort street improvement, the council, sitting as a board of works, deciding Friday to make the time of the payment for the cost of the sidewalk improvements a year instead of twenty years, as had been originally intended.

The owners who petitioned the council will be asked to amend their requisition to that extent and to be anticipated that there will be no objection on their part. Mayor Morley stated that elsewhere the tendency of engineers is to cut the probable length of life of payment to even less than ten years. He doubted if there was any necessity of again referring the matter to the owners.

Ald. Langley pointed out that to do so would not mean much delay and to make any change in the owners' position without their consent might cause trouble later.

Ald. Langley took the position that the city council very well afford to pay for the annual up-keep which would only amount to \$15,000.

Other members of the committee were averse to giving owners on Fort street anything more than owners on other streets are getting.

The city engineer, in his report, set out that the estimated cost of paving Fort street, fifty-one feet between Douglas and Cook streets, would be approximately \$20,000. The city's share of this total cost is \$14,000, the balance to be paid by the owners.

FISHING RIGHTS ON NEWFOUNDLAND COAST

Former Senator Turner Continues Argument on Behalf of the United States

(Special to the Times.) The Hague, June 25.—Former United States Senator Turner continued his argument in the North Atlantic fishery dispute before The Hague tribunal to-day. He declared that the fishing rights enjoyed by the French on the coast of Newfoundland remained as a national right after the conclusion of the agreement of 1904, that the agreement specified the local laws to be observed by the French and therefore these fishermen could not be subjected to restrictions in the exercise of their rights by any regulations other than those enumerated in the agreement.

Mr. Turner stated that Prof. Pitt Cobett, who had been quoted by Sir Robert Finlay in his argument on behalf of Great Britain, was an English author who had written on the subject of American fishing rights, after the question had been submitted to the court of arbitration and declared that his observations were distorted by national prejudice.
