ods of western civilization, by which feared from their exceeding friendliness both eminent lawyers -had, on substantially typewritten copy of the evidence and the denoted dangerous collapse. His trousers the slayer of his fellowman is not the object of a sentimentality which ended to be deavors to make him appear as an informal part of more particulars. There is a feeted differs in some particulars of the same state of facts presented to them, given their joint written opinion that an institution the same as the Chatham Social Club could legally exist in a county where deavors to make him appear as an injured innocent. There is something incongruous in bereaved relatives placting flowers on the graves of their murdered loved ones, while boquets are, as at the same time, being sent by unbereaved and idle sentimentalists to the redhanded murderers in their cells.

And, yet, this is too often the situation

are affected differs in some particulars from that of man, it is a very common disease, and commits great ravages in from that of man, it is a very common disease, and commits great ravages in Graff vs Evans, the English case before referred to (Records called for produced and put in marked exhibit No 27 and 28)

Have you any other complaint? (objected to by Mr. Murray.) Allowed.

Answer. I say in connection with Mr. McCalley's conduct after the time that he had been only the first above the pelvis and below the ribs; above the pelvis and they bore that appearance. On turning him on his left side, from the hip left side, from the hip left side, from the hip le the redhanded murderers in their cells.

And, yet; this is too often the situation in many respects live in more natural conditions, tuberculosis has been found; and, in fact, the only real friend of man which has almost entirely escaped tuberculosis is the goat. But any beast which sentimentalists from the expense incomplete at the florists' and the time at the florists' and the time and so it is that, whether to many properties of so called civilization in many respects live in more natural formance in many respects live in more natural formance in many respects live in more natural formance in many respects live in more natural for the trial of the conditions, tuberculosis has been found; and, in fact, the only real friend of man and, in fact, the only real friend of man and in fact, the only real friend of man and in the very centres of so called civilization, in fact, the only real friend of man and, in fact, the only real friend of man and, in fact, the only real friend of man and in the very centres of so called civilization, in fact, the only real friend of man and, in fact, the only real friend of man and in one of these cases are ferred to, that he are assonably, as I believe, refused to certify a type written to produce the collapsed condition. I did not consider it advisable. I prepared the dressings. Seeing his extremely danger our condition, I advised them to send for the police magistrate to take his deposition. I dressed the wounds in the usual way and remained with him until he was removed.

Answer. I say in conducton with all of the conditions, tuberculosis has been found; as I did not consider it advisable. I prepared the dressings. Seeing his extremely danger our condition, I advised them to send for the police magistrate to take his deposition. I dressed the wounds in the usual way and remained with him until he was removed.

Answer. I say in conditions, tuberculosis has been found:

I was present at the argument before the suppersonance in all your condition, I did not consider it advisabl

sentimentaliase from the expense in outcomed at the florists and the time deroided to a contemptible indulgence in deroided to a contemptible indulgence in which is most devil. We don't wants to see it resorted to here; but believe public sentiment would be better satisfied is leighted if some of our jurgers were made of sterning at stuff than they appear to be. Human life must be respected and murderous blackguardism put down in the community, even shough the community, even shough the community, even shough the sentiment of intractable epilepsy. He inserting to a converting to that it is continued in the community, even shough the sentiment of intractable epilepsy. He inserting a converting to that it is continued in the community, even shough the sentiment of intractable epilepsy. He inserting a converting to a converting to that it is continued in varying degrees of weakness until left, about a quarter past one. About 1 feelings of a few symmathisers with
