CARLETON CO.

Woodstock, Oct. 1.-The town coun off had a special meeting last night to consider the question of sewerage, the time for opening the tenders expir-ing today. The only tenderers for put ting in the entire sewerage were Le blanc & Ganong, Moncton, who offered to do the work for \$16,780. The coun cil decided not to accept the tender, but to perform the work themselves. The sewer committee recommenned that W. F. Dibblee & Son be awarded the contract for supplying sewer pipe cement and brick. With regard to the supply of iron for the man holes, flushing tanks, etc., the committee reported that Connell Bros. and the Small & Fiske Co. had tendered at \$2 per hundred pounds. Hazelhurst of St. John also tendered at the same price. W. H. Allan of St. John offered to supply the iron at \$1.64 per hundred. The report was taken up section by section. Coun. McLean seconded Coun.

Bailey's amendment, which was carried by a vote of four to three. The mayor recommended the council to go right on with the work. There

were many men out of employment who were looking for the work to go on. He thought there would be no difficulty in floating the bonds at par.

NORTHUMBERLAND CO. Chatham, Oct. 1.-Interest in the councillors' election increased very much up to the close of the poll. Hon. Jabez B. Snowball used his influence in favor of D. G. Taylor gave George Rainsford a whistle and sent him in on the right side of the road; he took the left, and H. B. Rainsford remained on the road. About five or ten minutes after separating. H. B. Rainsford heard Taylor's gun discharged, followed immediately by a shriek from Taylor. Rainsford called to him and getting no answer, started in the direction of the shot and soon came upon the lifeless body of his comrade

lying on the ground about fifty yards from the road. Death must have been instantaneous. The body lay on the right side and his gun just behind him. The charge grazed along the wrist of the left hand and entered the body in the region of the heart. The wrist and coat sleeve were black ened and burnt with the powder, and the coat and vest saturated with blood. Just how the accident happened Mr. Rainsford could not but his supposition is that Mr. Taylor had hold of the muzzle of his gun and was pulling it toward him when it went off. This seems to be the only possible explanation.

A friend in need is a friend indeed It has been said the way to test ou friends is to try them. It is so with a medicine. So many medicines ar tried, but found wanting. This is never the case with South American Kidney Cure, if it is kidney trouble that is the ailment. It does not cure anything else. There is not a case of kidney trouble, however, be it ever so distressing, where quick relief will not be given, and by a little patience altogether removed. The proof of the pudding is in the eating of it, and what is here said is what thousands say who have used this medicine Sold by Iruggists.

Nails— TORONTO WOOL MARKET. TORONTO WOOL MARKET.

Toronto. Oct 3—There is a better feeling in this market owing to the improvement shown in the British markets by the wool sales. Prices are firmer.

Local dealers now bid 25c. for fleece outside, but there is very little offering.

Pulled wools—There is not much being done, but the market is steady. The market is steady at 22 to 24c. for extras and 20c to22c. for supers. Foreign wools are steady.

THE APPLE MARKET. Liverpool, Oct. 2.—The consignment of American apples received by the steamer Etruria, from New York, September 21, was sold here today, and brought top prices, Greenings sold for 11s. 9d. per barrel, Baldwins 16s., King Tonkays, common, 14s, and the best grades of that variety at 22s. 6d. The demand was good throughout.

When the cold winds and rains of autumn and winter come on, and the grip of pain gets hold of you, there is nothing that will so quickly relieve you as PRUSSIAN OIL. All who have used it say that it is The Great Modern Pain Reliever. Try it at once.

Apples used to be blessed by oats are lower and Cntarios easier priests on St. James' day.
