Lord's Day Alliance Will Take Up
Judge Morson's Decision

Nearly Five Hundred Toronto Plumbers
Out on Strike—The Estate of the
Late Senator Fulford

TORONTO, May 15.—The Lord's Day Alliance will take up Judge Morson's decision on Sunday, selling by restaurants. Rev. J. G. Shearer, secretary, points out that the decision would allow such people to do regular grocery trade in canned stuffs as well as food of all sorts, whether cooked or not.

Four hundred and sixty plumbers went on strike in Toronto today, and as the carpenters and other building trades promise to support them, a long industrial struggle, which will tie up the building in the city, is not unlikely. The plumbers want an eight-hour day and union shops.

A motion for judgment on pleadings made this morning on behalf of the Toronto General Trusts Corporation before Justice Teitel, brings out the fact that the estate of the late Senator George Taylor Fulford of Brookville is tied up for many years and the court is asked to construe the will.

In March last writs were issued by the trust corporation as executor of the estate of the late senator. The suit was for the construction of the will and for declaration as to what is destination of dividend arising from certain assets of Fulford-Hanson Co. and the W. T. Hanson Co., which extended a pill business through the United States and Mexico. The question is whether the income arising from these is to go to the children of the late senator or to be accumulated and put into a fund which is already established and then be paid to the grandchildren.

The estate amounts to several millions. The executors want a ruling as to whether the revenue from the companies formed since his death shall be paid out yearly to the beneficiaries or be put in a fund and paid to the grandchildren after the death of the children of the testator. Judgment was reserved.

To ascertain the responsibility of these higher up it is probable the Ontario government will make some inquiries into the case of Conductor Thompson, who was sentenced to three years in Kingston in connection with the G. T. R. wreck near Guelph. The attorney general's department has received a communication from Justice Riddell enclosing a copy of his judgment and raising the question of the responsibility of officials over Thompson for the hours he worked. Deputy Attorney General Cartwright said the letter would naturally be followed by an inquiry of some kind.

NEW MANAGER FOR
MANUFACTURERS' LIFE

TORONTO, May 15.—At today's meeting of the Manufacturers' Life Insurance Co., Geo. A. Somerville, secretary and manager of the Huron and Erie Loan Co. of London, Ont., was appointed manager of the Manufacturers' Life. The salary is said to be twelve thousand dollars.

CANADIAN NORTHERN CHANGES

TORONTO, May 15.—D. B. Hanna, third vice president, has been appointed general manager of the Canadian Northern Railway. Mr. Hanna will not return to the road's service. Several other changes are being arranged, and H. J. Fleming, manager of the Toronto Street Railway, will soon enter the service of the Canadian Northern.

GENEROUS GIFTS

Although the weather yesterday was not calculated to make people feel particularly cheerful, the collectors for philanthropic objects met with encouraging success. L. P. D. Tilley and G. E. Barbour secured additional pledges for the new Y. M. C. A. building fund amounting to \$55.

Manager Corbett, of the Seamen's Institute was also in a jubilant mood. He received \$14 for the Seamen's Institute building fund. Five hundred of this amount was given by the Misses Murray of Douglas Avenue.

Confirmation at St. Mary's

Thirty-nine candidates were confirmed at St. Mary's church last night by Coadjutor Bishop Richardson. Rev. Dr. Raymond and Rev. I. Mathers were also present. Twenty-two of those confirmed were males and seventeen females. Three of the former were boys from the Wiggins' Male Orphan Asylum. Before the ceremony of confirmation an impressive address to the candidates was made by the coadjutor bishop. He also addressed them after the laying on of hands.

After the confirmation services the official representatives of the church on behalf of the congregation presented the coadjutor bishop with an address, this being his first confirmation at St. Mary's since his consecration as bishop. The bishop made a suitable reply.

Open up a tin of Clark's Lunch
Tongue and notice how fresh, juicy
and good looking it is.

That is the result of using only fine, young and
tender tongues and then cooking them properly—
preparing them so as to retain all their delicate flavor
and appetizing qualities.

CLARK'S LUNCH TONGUE

For breakfast, lunch or for supper, there is nothing better than Clark's Lunch Tongue. It has a beautiful flavor and is just as appetizing as it can possibly be.

But insist on having Clark's. That name is your guarantee of food purity, high quality and fine flavor.

Do not accept imported canned meats of only average quality upon which you have to pay a high duty, when you can get the very best by insisting on and getting Clark's Meats.

WM. CLARK, MFR. - - MONTREAL.

FIRST INQUIRY OF ITS
KIND IN CANADA

Board of Conciliation Investigating
G. T. R. Trouble With Its
Mechanics

MONTREAL, May 15.—The board of conciliation and investigation which has been appointed by the Minister of Labor to inquire into the disputes between the G. T. R. and the machinists at Point St. Charles workshops over the demand of the latter for advance in wages, held its first meeting in the board room of the G. T. R. offices today. The board under the presidency of Prof. Shortt, of Queen's University, and Wallace Nesbitt, K.C., representing the Grand Trunk, and J. G. O'Donoghue, representing the machinists, were present. The fact that C. M. Hays, second vice president and general manager, and E. Fitzgugh, third vice president, were in attendance at the opening of the inquiry, is regarded as proof that the company attach considerable importance to the investigation, the first in Eastern Canada that has been held under the new industrial dispute investigation act. E. Champlion, second vice president of the International Association of Machinists, was at the inquiry.

WILL TRY TO STOP INDIANS
FROM PRACTICING MEDICINE
IN PROVINCE OF ONTARIO

TORONTO, Ont., May 15.—The Ontario Medical Council are not disposed to let Indians practice medicine in Ontario without a license. He was discharged on the ground that an Indian does not come under the Ontario statutes. He is a ward of the Dominion, but the council do not think he should be allowed to dispense drugs and compounds to the sick, and will appeal next week from the magistrate's finding.

THIRTEEN LIQUOR LICENSES
WILL BE CUT OFF

TORONTO, May 15.—Thirteen liquor licenses are to be cut off by the Ontario government between Fort William and Kenora during the railway construction work now in progress. Such was the announcement of Hon. W. J. Hanna, provincial secretary, today. This action is taken on the part of the Ontario government because the Dominion government has seen fit to modify its original proclamation which prohibited the sale of liquor within 20 miles of construction works by reducing it to ten miles. This will mean the cutting off of eight licenses, the towns interested being Kenora, Wabigoon, Dryden, Eagle River, Vermilion Bay, Limerick, Gold Rock and Ignace.

THE CURELW WILL GO INTO
COMMISSION MONDAY

OTTAWA, May 15.—The fishery cruiser Curelwill will go into commission for the summer work on the Bay of Fundy and the Nova Scotia coast on Monday. Mr. Robinson, who was first officer last summer, will be in command.

METHODISTS ORGANIZE BIG
SUMMER RESORT SCHEME

Thirty Acre Block of Land Acquired from C. T. Hayter
Two Miles Below Westfield—They will Build Auditorium for Summer Meetings and Erect Fifty Cottages to Rent—Other Plans.

The Methodist Camp Meeting and Summer Resort Association was organized yesterday afternoon in Centenary church. Their plans are much more comprehensive than was generally anticipated by outsiders, who were under the impression that the committee appointed at a recent meeting of the Methodist conference had only in view the securing of a site suitable for summer camp meetings. In addition to this feature of the enterprise, however, the association will establish a summer resort on quite a large scale.

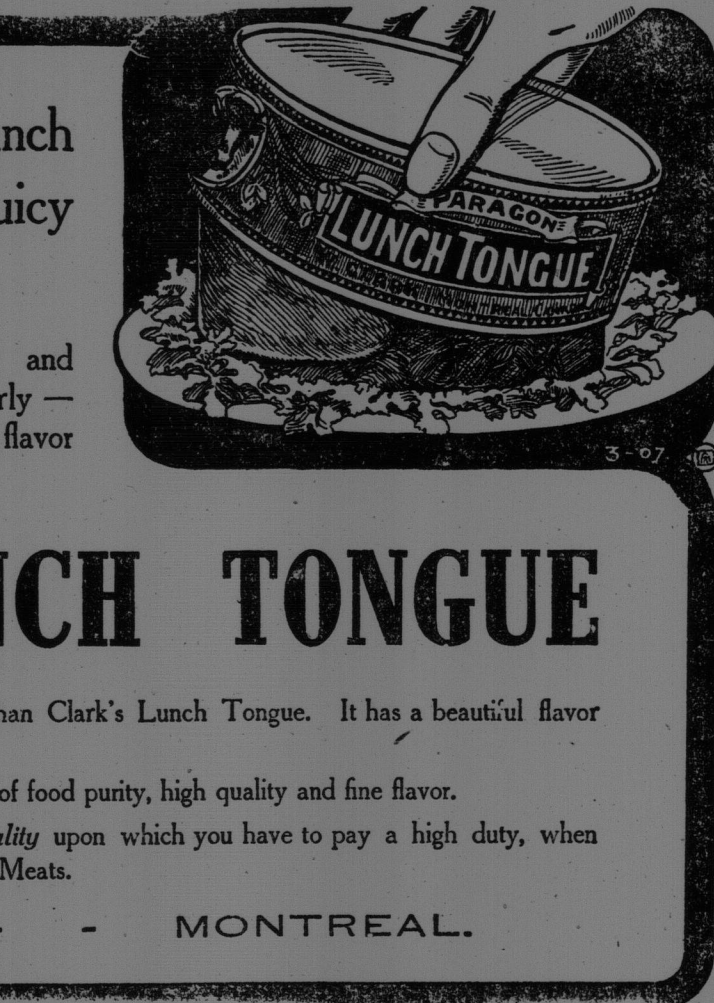

Those present at the meeting yesterday were Rev. Thomas Marshall, chairman; Rev. James Crisp, secretary; Rev. T. J. Delandst, Rev. S. Howard, James Myles, J. B. Tait, and Mr. Willett of Westfield. Thirty acres of land have been purchased from Charles T. Hayter, nearly all of which is covered with shady groves, and with an ideal location as a summer resort. The property is situated just below Brandy Point and about four or five miles below Westfield station so that the fashionable colony need have no fear that their ears will be affronted by the strident melody of revival hymns. The property has a frontage on the water of about sixty rods and runs back eighty rods. The C. P. R. line passes just at the rear and it is understood that the company have promised to have a station erected at that point.

In securing this property the association have had in mind the holding of the annual conference there when so desired, as well as a summer school of missions, and an annual camp meeting.

SAW THE NEGRO
SOLDIERS SHOOTING

Two Important Witnesses in Brownsville
Investigation Before the Senate
Committee

WASHINGTON, May 15.—Two witnesses in the Brownsville investigation before the senate committee on military affairs today testified that they saw negro soldiers shooting up the Texas town on the night of August 12. One of these was Lieutenant Dominguez of the Brownsville police, who received a bullet through the arm and had his horse shot from under him while trying to warn citizens of the approach of armed men, whom he declared positively to be negro soldiers from the garrison, and another was Policeman Padron, who described a quarter of an hour dodging bullets. He also was positive that the men doing the shooting were negro soldiers. Dr. Charles H. Thorn, a

SCOPE OF INSTITUTION
WILL BE BROADENED

Directors of Protestant Orphan Asylum
Propose Adding Manual Training and
Other Educational Facilities

The directors of the Protestant Orphan Asylum met in the mayor's office yesterday afternoon and elected the following officers: T. H. Estabrooks, president; G. E. Fairweather, vice-president; O. H. Warwick, treasurer; J. H. A. L. Fairweather, secretary; G. E. Fairweather and Struan Robertson were elected auditors. The committee chosen were as follows: Finance—T. H. Estabrooks, O. H. Warwick and James Manchester; standing committees—W. S. Fisher, J. King Kelly and Judge Forbes; building committee, H. C. Rankine, C. H. Peters and Dr. W. S. Morrison. Judge Forbes reported that he had collected \$50, which will be used in providing fire escapes and other improvements for the building. A committee composed of Judge Forbes, Hon. C. N. Skinner and W. S. Fisher was appointed to inquire into the question of extending the influence of the institution. There are now forty-two inmates at the asylum, and the directors consider the scope of the school should be broadened so as to provide better equipment in the way of manual training and other educational facilities. The matter will be placed before the public and increased subscriptions will probably be asked for.

MAYBE FOR HONEYMOON
MAYBE FOR GRIM WAR
THAT YACHT IS BOUGHT

BOSTON, May 15.—A. S. Bigelow's steam yacht Pantoset, one of the largest American built yachts afloat, has been sold. Considerable secrecy has attended the negotiations for the sale, which have been carried on between Mr. Bigelow and a New York brokerage agency, and the name of the purchaser has not yet been announced. It has been rumored that the yacht was bought for William E. Corey for his bride, Mabelle Gilman, the actress, and that the boat would be based at South Boston, and would proceed to the Mediterranean to be delivered to Mr. Corey in the south of France. This story is followed by another, given considerable color of verity by the precaution taken by the interested persons to keep the facts from the public, that the yacht has been bought for the account of a foreign government, either in Central or South America. Should this story prove to be the correct one, the Pantoset will cease to be a yacht and would become a gunboat, to figure in periodic revolutions and rust out in tropic waters.

Mr. Bigelow, when called on the telephone and asked to verify the report that he had sold the Pantoset, did not deny that negotiations were going on, and that the deal had reached the point where the payment of the purchase money is the only step needed to complete it.

The Pantoset is a large and handsome yacht, only five years old, and it will take a round sum to buy her. She is built of steel, and her cabins are elegantly finished and luxuriously furnished.

Pantoset was designed and built at the Bath Iron works in 1901-2, to Mr. Bigelow's order. She is 211 feet long over all, 175 feet in the waterline, 27 feet 4 inches breadth and 12 feet draft. She has triple expansion engines, developing 1100 indicated horse power. Her bunk capacity of coal is 145 tons and her speed slightly under 14 knots.

IN WESTMINSTER ABBEY

In the west cloister of Westminster abbey is a gravestone to John Broughton, once champion prize fighter of England.

PROFESSOR LEACOCK
AT VICTORIA LEAGUE

Discussed Canadian Question—Haldane
and Archbishop of Canterbury
also Spoke

LONDON, May 15.—At the annual meeting of the navy league it was decided to abstain from appealing to the country to protest against the present naval policy of the government. Charges and counter charges, fiery speeches and angry interruptions were features of the meeting. H. F. Wyatt, moved an amendment deeply deploring the abandonment of Esquimaux and other naval stations. Wyatt told of the differences between himself and the majority of the committee. Admiral Fremantle disagreed with the amendment which was rejected by a vote of 41 to 27.

Professor Stephen Leacock spoke at the Victoria League on the question of Canada. Haldane, moving a vote of thanks, said it had been calculated that Canada before the end of the century would possess a population of 80,000,000. What a power that would be! It might be that Macaulay's famous vision would be transferred elsewhere, but if development went on on the right lines it would be a development of the same Empire, the same people, permeated with a deeper sense of unity.

The Archbishop of Canterbury at the meeting spoke of the immense and grave problem of Canada. Men understanding spiritual work are going there in quite inadequate numbers. At a meeting under the auspices of the National Service League today, Earl Roberts presiding, J. L. Hughes of Toronto said he believed in military drill as part of the educational training of any boy who is not physically incapable of taking part in it.

THE IMPRINT

The imprint is the title of a new monthly, published by the American Bank Note Company, which promises to be of practical value to banks, trust companies and corporations interested in issuing bank notes, bonds, stock certificates and instruments requiring security.

The cover of the May number, just out, is an attractive combination of steel-plate engraving and color work. Articles of interest to bank and trust company officials deal with the protection of checks, municipal and industrial securities. A supplement in colors shows the proposed administrative headquarters in New York City of the company in the United States, with which the American Bank Note Company of Canada is affiliated. Many interesting examples of printing as executed in the present New York plant are also shown.

A CONVERSATIONAL DEMAND.

"Why don't you try to make yourself agreeable?" asked the reproving friend. "My dear," answered Miss Cayenne, "the desire to be agreeable is what has spoiled my disposition. You can't make yourself agreeable to some people without saying things about others."—Washington Star.

SEIZED QUANTITY OF
LIQUOR AT TRURO
EXPRESS OFFICE

Inspectors Late, Packages to Have
Been Delivered There by Canadian
Express Co.

TRURO, N. S., May 15.—Liquor License Inspector Gass and Assistant Inspector Johnston of Truro, acting under the Nova Scotia License Act of 1886 and amendments thereto, seized and conveyed to a place of safe keeping four cases alleged by them to be intoxicating liquors consigned in the care of the Canadian Express Co.'s agent here for delivery to Truro parties. This seizure is the first made since the recent amendment of the license law which makes it illegal for the shipment of liquors into counties wherein the Nova Scotia license law is in force and which grants no license. Express Agent Linton says the officers visited the company's premises today and made a search. He saw no papers and was not vouchsafed any information excepting that they were looking for contraband goods. They opened one case and found what they alleged was liquor. Three other cases similarly constructed and labelled were seized along with the one opened.

The agent objected to the removal of the goods, but his objection was overruled. He then made a report to the company's officers. What action the latter will take is not known. If the recently enacted law is ultra vires of the Nova Scotia legislature, as has been declared by men learned in the law, Truro will pay for making the test. The seizure has created much comment.

John N. Bigelow, a former hotel keeper in Truro was brought to Truro and lodged in jail to serve forty days for the violation of the license law committed four years ago. Bigelow has been keeping a hotel in Westville for some time past and it is likely the authorities of that town knowing the warrant for Bigelow's arrest has been in the hands of Truro's police since his departure four years ago, have exercised diligence to have him taken to Truro there to be kept for a period of relief for Westville. Bigelow formerly conducted the American Hotel here. He contends that the only reason he remained away was because of the existence of the warrant. He says upon his release from confinement again procure a hotel here and conduct it in the interest of the public, there being room for a house of entertainment such as he has been in the habit of conducting.

Man yields to custom as he bows to fate—in all things ruled, mind, body and estate.—Craabe.

GILMOUR says—

he has received new lines of
Ready Tailored Clothing—

Two-Piece Suits.

Cost unlined except through shoulders, but shape retaining by means of canvas, handcloth and expert tailoring, regular style of pockets, Trousers roll bottom or not as you prefer; straps for the strap with buckle on each side of waist to draw them tight at waist without forming an unsightly bunch at back. Besides an extra good line of 20th Century styles we have a select assortment from New York. Suits, \$25 to \$42. Prices \$10 to \$18. By far the most stylish and best fitting we have yet shown.

Raincoats.

New lots received recently. Several shades at \$12 and Black Cravenettes at \$13.50. Cravenette is considered one of the most satisfactory of rainproof clothes. These bear the registered trademark on the wrong side of the cloth as well as on the label guaranteeing genuineness. Other qualities from \$2.50 to \$22. Some odd coats at one third less than regular prices.

Prince Albert Coats and Vests.

Our range of sizes is rendered complete by new ones this week. Cut in the latest style of fine black vicuna, faced specially with the same silk that is used on our \$20 custom made coats. If you want a correct frock coat and vest at a low price or in a hurry we can commend these. Price, \$24.

Dress Suits.

These are new and absolutely correct, finished with same silk as custom made. Our own tailors make any changes required to make the fit perfect. Price \$25. While plique dress vests, single or double breasted, \$2 and up; black figured silk very rich and handsome, \$5.50.

Customers will easily recognize these garments to be exactly what we claim—ready tailored. Our own tailors finish them and any alterations required.
