LOCAL NEWS

The Rev. David Lang will be the speaker at the Every Day Club temperance meeting tomorrow evening at 8.30 o'clock. Members of St. Andrew's Church choir will provide a musical programme.

James R. Gilliland, terminal agent of the C. P. R. West John, has been appointed superintendent of terminals in Montreal. He will assume the duties of the position on July 1. He will leave with his family at the end of the week. In Montreal he will succeed George Hodge who has been appointed superintendent of Montreal-Quebec division.

The Boston train was delayed an hour last night owing to a head-on collision which occurred at McAdam Junction about 9 o'clock. The Boston train for St. John and the train from Edmundston met, inflicting slight damage on the engines. Both cow catchers were smashed.

Bandmaster Jones desires to state that the credit for securing so promptly the new instruments for the 62nd band is not due to him but rather to the president of the band committee, Capt. L. W. Peters. The instruments were not imported through any agency but direct to Capt. Peters from Hawkes and Son, of London.

Monday and Tuesday nights the A. O. H. Dramatic Club presents the famed Silver King to the public. They are assured of generous patronage, judging from the advance sales. Miss A. O'Brien ably supports Mr. Corr. All her scenes are strong and well handled. Miss Peters as "Sister" wife plays a difficult part and many of her lines contain a touch of true dramatic art. These young people have worked hard and deserve the houses of which they are now assured.

The men who will be in charge of the Fish, Game and Forest protection in New Brunswick are: St. John, Queens, Sunbury and York counties; Councilor Dean of Musquash, Warden; Charlotte, Madawaska, Carleton and Victoria counties; John McElroy, of Stephen, Warden; Kent, Albert, Kings and Westmorland counties; Arthur O'Leary, of Richibucto, Warden; and Victoria, Sunbury and Northumberland counties; Charles Sargent, of Newcastle, warden. The warden will receive \$50 a year.

WANTS WIFE RELEASED TO CARE FOR CHILDREN

Mrs. Thomas V. Doucett Now in Asylum

In Fit of Insanity She Killed Her Baby—Now Cured and Family Want Her at Home Again.

With four or five children at home needing the care of a mother, Thomas V. Doucett, of Moncton, is making strong efforts to secure the release of his wife from the Provincial Hospital for Nervous Diseases.

Although she is responsible for the death of one of his children, Mr. Doucett wants to take her back to his home again to care for his other helpless children. The tragedy which the then insane mother committed occurred on February fourth last in the early hours of the morning. The little two year old boy slept with his parents and arising quietly in the morning about five o'clock, Mrs. Doucett took the child to the rear door of the house and crashing its head against the frozen ground, fractured its skull. So quietly did the insane woman go about her deadly work that her husband was not aroused and it was only when she attempted to tear from the arms of her sleeping daughter, Eliza, the three year old baby girl that the family were aroused. "I've killed one and I'm going to kill the other," Mrs. Doucett said when asked by her daughter what she wanted. The jury empaneled in the case brought in the verdict that the woman was insane and she was confined in the Provincial Hospital.

For four months Mr. Doucett has done what he could to look after the motherless children, but the household feels the need of the guiding hand of a wife who was always a good mother until the one fit of insanity came.

Mr. Doucett was in the city this week and in conversation with his wife found her apparently quite sane. He thought her to be perfectly cured, and as he did not believe she would ever have another attack, he asked for her release.

Dr. Anglin considered her to be better, but did not wish to take the responsibility of releasing her as he thought she might at some time possibly relapse from a similar attack. As the husband was urgent in his request for her release and was quite willing to take the doctor's word, he informed him that the case would be referred to the premier.

Speaking to the Star, Premier Hazen said that he had not yet heard from the hospital regarding the case.

Mrs. Doucett when seen at his home in Moncton by a Star correspondent last night, said he was making an effort to have his wife released from the asylum. He said he was in St. John this week and visited the asylum where he had an hour of conversation with his wife. "She is apparently sane as any one," Mr. Doucett said, "and well remembers the tragedy. At times she is very much depressed with the thought of having killed her child, but will gradually forget it."

Speaking of his efforts to have Mrs. Doucett released from the Provincial Hospital, Doucett said he had talked the matter over with Dr. Anglin who believed Mrs. Doucett was perfectly healthy mentally at present, and said Dr. Anglin had promised to communicate with the Hon. Mr. Hazen regarding the matter.

MAINE ODDFELLOWS TO CHARLOTTETOWN

Visiting Canton Will Attend Grand Lodge

Preparations Being Made for Reception of a Big Party From Lynn on July 4th.

The meeting of the Oddfellows Grand Lodge in Charlottetown, promises to be unusually interesting this year. Among the visitors will be a large party from Fort Fairfield, Maine, members of Canton Wabasso No. 22. They will accompany local Canton La Tour to the meeting. A week or two ago word was received from Fort Fairfield and the canton there had been planning a trip through New Brunswick and Nova Scotia and had arranged to reach St. John on Aug. 10th. From here the visitors would go through to Halifax. As Grand Lodge meets on Aug. 11th, the local canton wrote asking the expected visitors if they could not change their plans and go along to Charlottetown. This letter crossed one from Fort Fairfield, the Maine men having written suggesting the same thing. They will accordingly arrive in St. John on Aug. 10th and leave at noon on Aug. 11th, for Charlottetown. It is not known how many will be in the party.

On July 4th next Lynn canton accompanied by a large number of other members from Portland and different New England towns will come to St. John by the Eastern line, and will spend Sunday here. The Americans had an idea that they might enjoy an excursion on the river, but this is doubtful at the present time. The different lodges in St. John are appointing reception committees which will meet on Wednesday evening to consider plans for welcoming the visitors. It is probable that on Sunday, July 8th there will be a church parade of visitors and local members. The Lynn brethren will be met at the boat by Canton La Tour and will march to their hotels. It is just possible too that on Saturday afternoon a band concert and dinner at Rockwood park may be arranged. The visitors will be expected to number upwards of two hundred.

HIGH WATER PRESSURE BROKE SERVICE PIPES

Weak Joints Blown Out in Many Houses

—Test Last Evening Was Satisfactory.

The full pressure from Loch Lomond was turned on for the first time last evening for testing purposes. The result was very satisfactory to the engineers but not quite satisfactory to householders. Many joints were blown out in the plumbing in private houses. Leaks are today plentiful, and families living in the country may find next time they come to town that rooms have been flooded.

The hydrants on Market Square were tried with streams of water last night, to supply data to calculate the friction loss.

The pressure at the hydrant in the centre of the square before the water was turned on was 88 pounds. The pressure under test was as follows:—one stream, 82 pounds; two streams 80 pounds; three streams, 78 pounds; four streams, 77 pounds; five streams, 75 pounds; six streams, 73 1/2 pounds. Two men were required at each nozzle.

Mr. Harbour and H. G. Hunter were well satisfied with the test. They believe that 65 pounds could be maintained with ten streams playing.

DOCTORS ENGAGED FOR G.T.P. CONTRACTS

Those Who Look After the Health of the Laborers Will Make a Good Thing Out of It.

The contractors for the different sections of the G. T. P. in New Brunswick have all completed arrangements for medical and surgical attendance for the laborers employed on the line. Hospitals will be built at several points and there will be physicians within easy reach everywhere. The Toronto Construction Company which was the last to make its arrangements, completed the contract on Thursday.

On the Kitchen section Dr. Bert Puddington, St. John boy, Dr. Joseph D. Coffin, of Charlottetown now located at Plaster Rock, and Dr. Rouleau, of Grand Falls, will look after the health of the men. On the Lyons and White contract Dr. Charles Main will be in charge. The Toronto Construction Company has engaged Dr. J. D. Coffin and Dr. G. O. Taylor for the line from Plaster Rock to Chatham, and the G. T. P. Construction Company has secured the services of Dr. Hay, of Chatham, for the work on the Moncton section. There will be lots of money in it for the doctors.
