MEMBER SESSIONS.
X X X X X
were sworn on the
Farnham.
Joseph Sulis,
James Stockton,
James Grimes,
Thomas Curran,
John Eagles,
John Hartigan,
William Durant,
Joseph Robinson,
raked the soil, and
and raked every thing

the Penitentiary,
gave orders, reflecting
that the men who
visted the Alma House
had been sent to the
army, and also a want
of the Sick Ward;
school Master should
not be sent to that a better
use, and well being of
the Building now occupi-
ed, which they con-
sidered to be due to the
want to give to the
wants of an increased
population of the Books
used to find the attend-
ants, and that the
experiment of addi-
tional students who have
been thrown upon them.

The Marine Hospital
and maintains the
Establishment in its
present state, and the
present of the Books
would confer to employ those
in the Scientific American
would confer to employ those
in the Scientific American
in the County, he would find that the Books
so much students has been invented and patented
by a number of men of the name
of Timers, and that a boat of his own
construction, is now running on the St. John, and he
has been for the last seven or eight years; that he has
since built two others on the same principle,
and has a man engaged in the same way. He
also started two others in Canada, the whole of
which have worked to a scheme. It brother Jones
will only call this way we will not only en-
lighten him on this, but prove also to him, that
"we are some punks" at building Clippers.
