IMPORTANT WORK ON PERMANENT BRIDGES

Continued from page 1. They received very little comfort, however, from Mr. Perley, who informed them that he was a stalwart Conservative and intended to remain a supporter of the government.

for roads and bridges had not met with the approval of the public works department, which their importance demanded. He was in entire sympathy with the policy of the government on all questions, as was shown in the speech which he recently delivered in the House, and had no sympathy whatever with the opposition or their carrying out of government measures.

tion of changing my political allegiance to the support of a party in whose policy I have no faith, and from whose performances I have always dissented. "I am compelled to say that the government has given many of my friends and supporters a very unfavorable impression regarding the county in the past few days. There were one or two matters, not entirely my own, upon which action had been delayed, and this caused temporary dissatisfaction, but not to the extent that some of my friends in the opposition evidently thought would change my political belief. I am as good a Conservative, and as strong a supporter of the local government as I ever was, and have no intention whatever of changing my

TRANSPORTATION NOT DIMINISHED BY THE DISASTER

New York, April 19.—Demand for trans-Atlantic transportation has shown little or no diminution notwithstanding the disaster to the Titanic. Travelers who had made reservations on the lost vessel for her proposed eastward trip on Saturday have arranged with the International Mercantile Marine Company for accommodation on other steamships.

allegiance, either to the Conservative party or the local government. While there was no unusual hurry this afternoon and evening, there was very little discussion upon any of the bills presented. A few questions were asked concerning the increased representation in Gloucester and Westmorland counties, but the opposition seemed to be quite satisfied with the provisions of the bill.

The Fredericton election bill providing for a secret ballot in civic elections, was discussed by several members, as there were two parties, one favoring what was practically the Dominion, and the other, the local ballot. The friends of the local ballot carried the day.

The most difficult question the legislature has had to deal with this year has been the Durant bill, from the City of St. John. A dozen conferences have been held in the past ten days and at the conclusion of each an announcement was made that a settlement would probably be reached. This is practically the last measure that can be considered tonight. When the committee finishes with this bill, the House will adjourn until tomorrow morning, when the remaining business will be concluded.

PREPARE TO FILL PLACE VACATED ON GRAND TRUNK

Montreal, April 19.—By direction of the board of directors of the Grand Trunk and Grand Trunk Pacific Railway companies, called this afternoon from London, Eng., W. Walsworth, vice-president of the Grand Trunk Railway, will be in temporary charge of the affairs of that company and E. J. Chamberlain, vice-president of the Grand Trunk Pacific Railway, will be in temporary charge of the affairs of the latter company.

SCULLY'S GROVE SECURED

Fredericton, April 19.—Scully's Grove is to be available for baseball during the coming season. This pleasing announcement for the baseball fans was made public last evening, and it practically assures a ball team for Fredericton this year. This important detail having been arranged it is now stated that arrangements for the reorganization of the Fredericton Baseball Club will be completed. The committee who will be in charge includes the names of some of Fredericton's leading citizens and if the Fredericton Baseball Club of 1912 has nothing else, it is at least assured of good financial backing. Several aldermen are included in the list, and it is believed that the fans will be agreeably surprised when the names of the management committee are made public tomorrow.

MIKE RYAN, OF NEW YORK, WON THE BOSTON MARATHON

Boston, Mass., April 19.—Over an unusually sticky course, Mike Ryan, wearing the colors of the Irish-American A. C., of New York, won the Boston Athletic Association's 16th Marathon race today, cut the former record 21 seconds, and practically assured himself a place on the American Olympic team. Ryan ran the 25 miles in 2 hours, 21 minutes, 18 1/2 seconds, against a field that included western athletes, Carlisle Indians and the fastest and surest long distance men in the east. The former record was 2 hours, 21 minutes, 39 1/2 seconds, held by Clarence De Mar, of the North Dorchester A. C., whose former performances are sufficient to qualify him for the Olympic games. Andrew Sokolakis, not the Old-town Indian, but a North Dorchester A. C. man, ran a close second to Ryan by 14 seconds. It is thought that he may be taken to Stockholm also. The race today was run in a drizzling rain, which turned the surface of the road into slime and it was only by taking to the sidewalks at intervals, that the runners were able to make time. The times of the first ten men were: Mike Ryan, Irish-Americans, N. Y., 2:21:18 1/2. A. Sackelakis, North Dorchester, Mass., 2:21:23 1/2. P. J. Madden, North Dorchester, 2:22:34. T. H. Lilley, North Dorchester, 2:23:45. Fritz Carlson, Minneapolis, 2:21:38 1/2. J. C. Carlson, Minneapolis, 2:25:50. H. P. Jensen, Pastime A. C., N. Y., 2:21:18 1/2.

Lighten Household Labors By Using ONE DOLLAR GAS

The Perfect Domestic Which Reduces Drudgery to the Minimum and Gives More Time for Rest and Recreation. Meals are never late because there is less work to be done. When you cook with coal or wood a good deal of time is required to get the proper fire, which needs feeding and watching, besides the necessity of shaking down and taking up the ashes. Not so with One Dollar Gas. All you have to do is to turn the tap, light a match and you have a good working flame at once, thus enabling you to go right ahead and cook the meals, which with this clean, sanitary fuel, is done more quickly and always with good results owing to the quick distribution of heat.

Cheaper Than Other Fuel because the gas burns only while in use. When done cooking, turn it off and there your expense ceases. Our Next Free Cooking Demonstration will be given in our showrooms on Tuesday afternoon next, from three until five o'clock. Our Extensive Display of Modern Gas Stoves and Ranges embraces a large variety of styles, any of which we furnish for cash or on easy payments.
