"WHAT IS TOMORROW?"

Resolve to think—you will find it a profitable pastime.  
The industrial ambition of our city is but the sum of the individual  
ambitions of our people encouraging the individual ambitions of our man-  
ufacturers.  
What progress will our city make, to what degree of prosperity will it  
attain in ten years—in twenty years—in fifty years? Every loyal citizen  
who has the interest of his community at heart, who is sufficiently far  
sighted to plan for the future of his children, should give this question  
first consideration.  
The foundation of our industrial supremacy has been laid. Our many  
natural advantages give promise of better things. The rest lies with us—  
the future is in our hands. If we show our appreciation of the opportu-  
nities offered us—if we encourage the pioneers of industry who showed  
confidence in us by investing their money here and thus their perseverance  
and industry have built up establishments that merit our recognition and  
support, by properly patronizing them the biggest step toward our industrial  
supremacy and greatness will have been taken.  
The "Buy-Home Products" rule is the wisest rule for you to follow.
