Forecast.

Maritime. — Moderate winds fair and moderately cold.

Northern New England. — Cloudy and warmer Saturday probably followed by snow in New Hampshire and Vermont, Sunday fair and warmer; moderate variable winds becoming east and southeast.

AROUND THE CITY

INQUEST NOT NECESSARY

Coroner F. L. Kenney has decided that an inquest into the death of Robert Johnson, fireman, killed on the S. S. Corcoran, by falling into a hold of the vessel on Thursday evening, will not be necessary, death having been accidental.

SEAMAN INJURED

Peter Recker, a seaman of the C. G. M. Canadian Otter, was severely injured yesterday morning when he fell from the rigging to the deck, about thirty feet. He was taken to the General Public Hospital. It is thought his leg may be broken.

POSITION FOR GORMAN

H. R. McLellan, secretary of the Commercial Club, is in receipt of a wire from R. W. Wignam, minister of Customs and Inland Revenue, saying that he has arranged for the temporary employment of Charles Gorman in the Customs House, and that it will be made permanent later.

PREMISES INSPECTED

An inspection of the Leinster street office of the water and sewerage department and of the city land and buildings nearby was made yesterday by the mayor and commissioners to inform themselves of the ground on which it is proposed by the water and sewerage department to carry on considerable improvements.

BREAK IN WATER MAIN

A break in the 10-inch water main at the corner of Erin street and Marsh Road was reported yesterday morning and a crew was put to work immediately, repairing the break. Repairs were made in the afternoon, and only a comparatively small area was affected by the stoppage.

NO. 5 TRESTLE

The old agreement with the C. P. R. about use of the railway of No. 5 trestle will not be renewed, Commissioner Bullock said yesterday. Negotiations will be entered into at once looking towards a new agreement, and in any event the city will benefit by the new arrangements. An official of the C. P. R. stated that the company would not undertake the maintenance of the structure.

BROKEN RAIL

The Sussex express was held up a few minutes yesterday morning by a broken rail between Hampton and New Brunswick, but the short delay did not prevent the train from reaching the city on time. A serious run-out might have resulted by reason of the break had the section men not been on the job early yesterday morning and flagged all trains. It was said that about one foot of the rail was gone, caused by the frost coming out of the ground.

DISPLAY OF PRIZES

Twenty-four cups and eight medals were won by Charles Gorman, speed skater and are on display in Charles Gorman's window, King street. The lot includes those won at the Canadian championships at Montreal, the national championships at St. John's, the Lake, and the international championships at Lake Placid, also cups won since his return in the maritime championships. The window is tastefully decorated and is attracting considerable attention.

COURTNEY BAY WORK

Alexander Gray, chief engineer of the department of public works, returned from Courtney Bay yesterday afternoon. He said that work at Courtney Bay would be resumed when further appropriations were made. The work being done there was by contract and there was no question but that it would be renewed with the voting of money. The engineer said that it had been decided to go ahead with the extension of the Negroton breakwater.

WINTER PICNIC

MUCH ENJOYED

A largely attended and very enjoyable winter picnic was given last evening at Charlotte street Baptist School rooms by West St. John. Games, races as are usually carried on at summer picnics were adapted for indoors and were enjoyed with great interest. Arrangements were made for the sale of ice cream and candy and these booths were well patronized.

William Perry, superintendent of the Sunday School, was in charge. During the evening, an excellent program of music and readings took place. Readings were given by Miss Wayne, Miss Brewster, Miss Hayward, Miss Jones, a violin solo by Clarence Bisset and a vocal solo by Miss Bisset.

Empress of Britain Docked Friday

Brought Many Notables Among Passengers—Canadian Curlers Return.

The Empress of Britain, from Liverpool, docked at Nos. 2 and 3 berths Friday forenoon at 11.30. She brought 1,180 passengers, 100 first, 432 second cabin and 646 steerage. The Empress had 1,500 tons of general cargo, in addition 1,700 bags of mail, of which 285 are for the Maritime Provinces and 800 pieces of parcel post. A large proportion of the cabin passengers are returning Canadians, and about the whole list of passengers are on their way to Canadian points.

Three Special Trains

Three special trains were despatched by the C. P. R. for the accommodation of ship's passengers in reaching their destinations. The first train carried passengers to Montreal and Toronto. The second special was for points in Western Canada, while the third had passengers for various Canadian points.

Curlers Return

Among the passengers arriving on the Empress of Britain were members of the Canadian Curling team, which made a triumphal tour of Scotland. There were twenty-six of them in the party, and each and all speaking most highly of the treatment accorded them while away.

Distinguished Passengers

A number of distinguished passengers disembarked from the Empress of Britain when she docked yesterday at the west side. They included Lieut. Michael O'Leary, V.C., of Kintyre, Ireland, the first Canadian V.C. of the great war; Lord Charles Cavendish, one of the younger sons of the Duke of Devonshire; Major H. R. Northover, M.C., Winnipeg, and late of the Royal Canadian Mounted Police; Alderman H. P. Palford, wife and daughter, of Winnipeg. Alderman Palford, who was a member of the All-Canadian Curling party which arrived on the Empress after a visit to the land of curlers, Scotland, has also the distinction to be the only member of the 1921 curling team to have been elected by acclamation. L. Kempf, the new German Consul-General for Canada, his wife, children and secretaries, were also passengers on the boat.

The voyage across was a pleasant one, excellent weather prevailing, there being no storm or gales encountered to mar the serenity of the trip. The Empress was near establishing a record trip from Liverpool to this port. The officials commented very highly on the prepossessing appearance of the steamer passengers. It is doubtful if a finer looking class was ever landed at this port. There were many children in the party, and the kids crossed workers were kept busy providing entertainment for the tots while their mothers were given an opportunity securing a little rest in the room so admirably fitted out and provided with comforts for the wearied traveler.

Sub-Inspectors Have Merry Time

Arrested Two Suspected Bootleggers, Seize Liquors, But Men Buck on Arrest.

Sub-inspectors Thompson and Henderson had a merry tussle last night with two men suspected of being pocket peddlers. They came upon the men, back of the General Public Hospital, where it was believed they were awaiting the arrival of prospective customers.

Seize Liquors.

The inspectors proceeded to search the men and took three quart bottles of liquor from each. They placed these in their pockets and started with their prisoners for the police station. The men under arrest decided they didn't want to go to the station and put up a fight for freedom. Each officer grappled with his man and to the ground they went in a general mix up.

Roll Over Embankment.

Henderson and his man rolled over the embankment bringing up on a rubbish pile. In the shoot down the hill there was a smashing of bottles, the officer lost his hold upon his man and the suspect scooted out of reach and out of sight.

Henderson and his man had no more than gone over the precipice than "Sunny" and his prisoner came tumbling after with similar results. Both prisoners escaped, and each officer was only able to save from the wreckage one of the three quarts which each had taken from his former prisoner.

THOMAS STEARS DIED FROM INJURY

As a result of injuries sustained on Tuesday in a fall from the C. P. R. trestle near Acadia street, Thomas Stears, of Fairville, died in the General Public Hospital yesterday morning about nine o'clock. He was employed as section foreman between the city and Fairville and had been in the employ of the C. P. R. a great many years. Mr. Stears was fifty-nine years of age and leaves, besides his wife, five sons, two daughters, three sisters and one brother. The sons are Harold, Kenneth, Jack, George and Robert, and the daughters are Mrs. R. Langan and Miss E. Stears. Mrs. E. Jennings, Mrs. J. Nichols and Mrs. E. Phipps are the sisters surviving, and John Stears a brother. All the relatives are of this city.

W. A. McIntosh and wife of New Glasgow, N. S., are registered at the Royal.

David H. Holland, of the International Coal Co., Westville, N. S., is in the city.

First Canadian V. C. Winner Arrives

Lieut. Michael O'Leary Charged German Machine Gun Nest Single-Handed.

The first Canadian V.C. winner of the Great War, Lieut. Michael O'Leary of Kintyre, Ireland, late of the Irish Guards, arrived in the city yesterday afternoon on the C. P. O. S. Empress of Britain and left last evening for Ottawa.

A Modest Hero

Tall and fair, with roguish blue eyes, not brown hair and a smiling boyish face, modest and unassuming, there were few of the boat's passengers who were aware that the soldierly passenger in muff, who spoke with an unimpeachable soft Irish brogue, was the first Canadian to win the most coveted distinction in the British Empire, the Victoria Cross for valor.

Irish Reservist

Fortunately the press had been tipped off to the modest hero's arrival and was immediately submitted to a volley of questions by its reporters. O'Leary stated that he was an Irish Reservist, and on the outbreak of war was serving with the North West Mounted Police. As soon as hostilities had been declared, he enlisted with the 1st Canadian contingent and proceeded overseas with them. On arrival in England he transferred to his old regiment, the Irish Guards.

How He Won It

As to his further experiences he had little to say; but it will be remembered that O'Leary, during the battle of Givenchy in February, 1916, single-handed charged a German machine gun nest and slew some eighteen of the Fritzies and then turned the gun on the Hun. It was one of the most daring acts of the war and O'Leary was called back to Blighty, where King George himself phoned the Victoria Cross to him. O'Leary's Irish guardian, in recognition of his gallantry, was not only decorated but awarded a commission with the Connaught Rangers, and the Earl of Russell decorated him with the Cross of St. George of Russia.

Will Settle in Canada

O'Leary has now come to the Canada he fought on the outbreak of war to settle down again. He said he was going to Ottawa, but had not made any definite plans as to his future. He lived in the west before the war and now have a try at the east. He did not think he would sign up with the Mounties again.

The pretty Irish colleen, whom he married shortly after his furlough after Givenchy, is waiting for him in Ireland along with two bonny twins, and he will come and live with them. Y.C. daddy as soon as he has established a home for them in this Canada of ours.

Police Court Cases Dealt With

Evidence in Case of Dixon Robbing C. P. R.—Cruelty to Horse Proves Interesting

The case of Ernest Dixon, a colored porter of the C. N. R., charged with theft of bedding and towels from the railway, was resumed in the police court yesterday afternoon. The defendant took the stand and stated that he had leased the room where the goods had been discovered from George E. Hope, and had intended taking possession. In March, in the meantime, he had sublet the room to the Mabey and Lacey girls for two weeks.

The furnishings in the room had been purchased by a man named Robinson, whom he met near the "Long Wharf." Witness told him that he was moving over to Main street from Spar Cove Road and Robinson offered to sell him some household goods, as he was breaking up housekeeping. Robinson brought the articles to the defendant's room and he bought an oil stove and the bedding that had been produced in court.

Former Statements Untrue.

Questioned by J. A. Barry for the defense, the witness said the statements made by a former witness were untrue. He had not taken the articles from the C. N. R. He worked for that system, but the blankets seized were not the kind he had. He had worked on the road for two or three years, about that time witness had seen such blankets on colonist cars.

Gruesome Case

Lovet Cowan was before the court charged with working a horse unfit for service. The charge was preferred by S. M. Wetmore, secretary of S.P.C.A., which was represented by J. King Bailey. J. A. Barry conducted the defense. The case was brought on in the evidence that the defendant had purchased the horse at Market Square at a sale conducted by Auctioneer Potts, and which had been advertised as a sale of five of the city's horses.

The defendant stated that he had purchased the horse, believing it to be, as advertised, one of the city's horses. D. C. Clinch, president of the society, testified that the animal was not one of the city's horses. The case was set over for the prosecution might summon Mr. Potts to the court and Commissioner Thornton will also be called to testify.

A case against W. H. McAndrews, 50 Grand street, charged with having liquor in his possession unlawfully, was postponed for judgment. W. M. Ryan for the prosecution, J. B. Dever for the defense.

An Assault Charge

A charge of assault preferred by Mabel Thompson against Wallace Stephenson was dismissed, as the col-

Sand Point Wrangle Becomes Wearisome

Commissioner Frink Thinks It Is Time for Showdown on Part of Officials.

At a meeting of the Common Council yesterday afternoon, Mayor Schofield presiding and all Commissioners present, matters of routine were discussed and the report of the Committee of the Whole acted upon.

The Council adopted the recommendation of the Committee that upon the surrender of Lots Nos. 1072 and 1074, Brooks Ward, by Mr. Jarvis Wilson, and upon payment of the rental up to May 1st next, renewal leases of these lots be issued to J. Harry Robson and Eva Robson, for a term of seven years from May 1st next at \$10 per annum rental for each lot, they having purchased the improvements from Mr. Wilson.

On application of E. J. Holder for permission to place a 500 gallon gasoline tank with pump on his premises, No. 250 Main Street it was referred to the Committee of Public Works and Public Safety and that the order with reference to his former application be rescinded.

The Council granted the permission asked for in the application of the Ford Motor Company of Canada, Limited, to place a siding on Albion Street, to be complied with, with the understanding that it place such siding in the position or place in said street which may be designated and agreed upon according to the plan submitted under the direction of the City and Road Engineer with or without financial remuneration for such privilege as the Council may decide.

The Clerk of the Common Council reported the result of the plebiscite on Daylight Saving. On a motion of Commissioner Jones it was decided to make Daylight Saving time become effective at midnight of May 21st.

A communication was received from the Board of Trade relative to the granting of franchise rights to the 200 credited representatives of outside corporations doing business in the city. The report of the committee on the question arose as to whether or not, if such were granted, the occasion might arise where one man would have two votes.

On motion of Commissioner Bullock the matter was laid on the table for further consideration.

The Sand Point police protection wrangle was brought up by Commissioner Frink. Mayor Schofield reviewed what had been done at the various conferences, and of the negotiations which Commissioner Bullock had been authorized to enter into with the C. P. O. S. officials.

Commissioner Frink said that he had written to the officials at Montreal setting forth certain propositions, but had no reply from them. Commissioner Thornton said they were before at Sand Point. He thought that if there had been as much property stolen from the West Side sheds as had been reported it was rather strange the pilfering had not been reported to the police. He felt positive conditions were not so bad as painted.

Commissioner Frink said that so many letters from the Board of Trade and others, besides newspaper stories and editorials on West Side pilfering were becoming wearisome and caused an impression that the Council was inefficient and not capable of carrying on. He said the C. P. R. had not seen fit to swear in their special police as constables and didn't appear to show much concern in the matter. He said the steamship people seem to forget that the pilfering of cargo has been done on the high seas and surely the good people of St. John should not be held responsible for that.

After some further discussion of the question without any action being taken the Council adjourned.

G. W. V. A. Executive Was In Session

Effort Made to Look After Returned Soldiers Unemployed.

An interesting report from the Committee of the Employment Bureau was heard at an executive meeting of the G. W. V. A., held in the rooms last evening. First Vice-President, Colonel G. G. Corbett presided.

The bureau has been recently instituted by the G. W. V. A. to deal with the unemployment problem. A list will be compiled of all returned soldiers who are unemployed, and an effort will be made to secure suitable positions and work for them.

Don't Depend on the Uncertain Hen

Many a housewife's high hopes have gone glimmering faint because an erratic Biddy went worm-hunting when thirteen costly eggs were almost due to hatch. That doesn't pay. Put a

BUCKEYE INCUBATOR

on the job and get results. The Buckeye hatches every hatchable egg and attends strictly to business the whole 21 days. So sure are we of this that we guarantee the Buckeye to hatch more and better chicks than any other incubator, regardless of price. Seven sizes, 80 eggs to 600 eggs. Come in and see how they work, or we will send you a catalogue.
