WAR ENDED THAT WAS LITTLE HEARD ABOUT.

Dutch Have Won After Ten Years' Struggle With Rebellious East Indian Tribes, But It Has Cost Them \$200,000,000 and Many Soldiers.

London, Aug. 24.—Private news from Achin, says the Brussels correspondent of the Times is to the effect that Pandjara, Polem and Rajah Keumala, who have been for many years two chief rebel leaders, will formally submit to the Dutch in the course of the next few days.

The Dutch colonial troops of the Netherlands have been at war with the Achinese almost continuously since the year 1893. The cause of war was the refusal of the Sultan of Achin to acknowledge the suzerainty of the Netherlands.

Encouraged by the hope of aid from Great Britain and the United States, the Sultan rejected the terms offered by the Netherlands. In the meantime he had obtained from British and American merchants great stores of arms and ammunition.

His treasury led to the declaration of war against him by the governor general of the Dutch East Indies. The war thus began has cost the Dutch over \$200,000,000 and the lives of several thousand soldiers.

CAPT. EDEN'S BODY FOUND SATURDAY.

The Gallant Sailor Lost His Life in Attempting to Swim From His Upturned Boat to a Buoy.

Bathurst, N. B., Aug. 24.—(Special)—The body of Captain Eden, of the barque Gerhardt, who was drowned in the harbor Saturday, was recovered late Saturday night by members of the crew.

It appears that after the boat capsized the three men clinging to her for nearly two hours. After futile efforts to right her, the captain told the two sailors to cling to the boat while he would swim to the buoy fifty yards away, and it was while trying to reach the buoy that he was drowned.

An inquest was held today and a verdict of accidental drowning returned.

Mr. Blair, agent for Mr. Neal in the absence of the German consul, looked after the body, which was interred at 4 o'clock yesterday in the Presbyterian grave-yard. The captain was thirty-four years old, married and leaves a wife and two children in Germany.

STOLE MONEY AND JEWELRY

From the Store of Wilmot Guion of Springhill, N. B.

LUMBER OPERATIONS.

A Wedding at Kingsclear and One at Fredericton—Banns Published—Dredging Oromocto Shoals—The Funeral of the Late Rev. W. D. Manzer.

Fredericton, Aug. 24.—Wilmot Guion's store at Springhill was burglarized Saturday night and \$30 in cash and about \$25 worth of jewelry taken. The robber made his entrance into the store by cutting out a pane in the front window and the deed was evidently committed by some one well acquainted with the interior arrangements of the store. There is as yet no clue to the identity of the thief.

On Friday evening during the temporary absence of Mr. and Mrs. F. F. Dow, a thief broke into Ravine Lodge, their summer cottage at Springhill, and stole a valuable gold watch and chain belonging to Mr. Dow. The watch was taken from the pocket of Mr. Dow's waistcoat which had been left hanging in his room.

Reading operations at the Mitchell boom which were suspended some weeks ago, were resumed today. There are some 3,000 or 4,000 logs to be rafted, which will require employment for a large crew of men for several weeks. All the logs which have been caught at the Douglas boom since the suspension of operations there, were rafted and towed to Lincoln.

Frank Denmore, of Gibson, took about thirty horses up river by the Gibson branch this morning. Mr. Denmore is going to the residence of the St. John, where he is employed in looking after the interests of a Quebec lumber firm.

At the residence of Mr. and Mrs. Alfred Everett, of Kingsclear, this afternoon, the first daughter, Miss Louise Everett, became the wife of T. W. D. Manzer, of Bathurst. Rev. George Howard, of Maccusque, performed the ceremony. The bride, who is a sister of Mrs. J. S. Scott, of this city, is a graduate of the South Framingham (Mass.) hospital, and has been doing private nursing in that city for several years.

At St. Dunstan's church this morning at 6 o'clock Miss Katie Burns, second eldest daughter of Patrick Burns, King Street, was united in marriage to Alfred Murdock, of this city. Rev. Father Carney officiated. The bride was attended by Miss Alma Murdock, and the groom by James Toner.

The marriage has been published at the residence of Miss Annie Carr, of this city, and Jerry McNulty, of Gibson. Also of Miss Mary Christie, eldest daughter of James Christie, and James McDonald, formerly a popular employe at the shoe factory.

The government dredge New Brunswick is now operating at the Oromocto shoals and doing excellent work, which will probably be continued for three weeks. Estey's tug Serena E. has been engaged to accept the tow.

The funeral of the late Rev. W. D. Manzer, of St. Mary's, took place from his late residence there yesterday afternoon. After a short service at the house, the remains were conveyed to the Gibson Baptist church. Among the mourners were three brothers of the deceased, two of which were in the city. The service was held at 10 o'clock. The remains were taken to the Baptist church at Gibson, where service was conducted by the Rev. Mr. Robinson assisted by Rev. H. Macdonald, of this city. MEMBER FOR GALWAY VISITS OTTAWA.

Mr. Develin Says That the Irish Land Bill Will Not Take the Place of Home Rule.

Ottawa, Aug. 24.—(Special)—C. P. Develin, M. P. Galway, Ireland, who is here, on being interviewed, said: "The land bill will in no way take the place of home rule. You can put that down strong and straight. This is fully understood by the present Conservative administration as well as by the opposition. In fact, the land bill may prove a settlement of the land question, its good provisions will end there. I have often said myself that eventually Englishmen will compel Ireland to accept home rule."

GRAND TRUNK PACIFIC DEBATE.

Hon. Sydney Fisher Predicts a Great Future for the West.

A BOOM FOR WINNIPEG.

Manitoba Capital Will Be the Chicago of Canada--Cattle and Other Products Will Amount to More Than the Grain Traffic.

Ottawa, Aug. 24.—(Special)—Before the orders of the day were called in the house Mr. Wright, of South Renfrew, complained that there was no water on a couple of trains passing through Renfrew over the C. P. R. in the west yesterday and that in other instances the trains were crowded and not able to lift passengers, which, he said, was another illustration of the need of more railway facilities for the west.

The debate on the trans-continental railway was resumed today by Mr. Hackett, of Prince Edward Island, who spoke from a provincial standpoint and dealing with the oft discussed question of the necessity of better communication between the island and the mainland.

Mr. Talbot, of Bellechasse, spoke largely on the advantages that the road would bring to the province of Quebec.

Hon. Sydney Fisher, who followed denied the charge of haste on the ground that for the last couple of years the country had been of the opinion that a new railway into the west was needed.

There is a crying need today for more transportation facilities in that part of the country which the government would be wanting in its duty if it did not heed the cry. The new line would take some years to complete but in five years hence would provide employment for a large crew of men for several weeks. All the logs which have been caught at the Douglas boom since the suspension of operations there, were rafted and towed to Lincoln.

Chicago, Aug. 24.—(Special)—A special London cable says: "W. L. Griffith, secretary of the Canadian high commissioner's office, and several high Canadian officials go to Barrow today to witness the launching of the battleship Dominion Tuesday. The new ship was so named as a compliment to Canada in the course of a long review of Sir Wilfrid Laurier's speech at the banquet given to the congress delegates at Montreal, the Washington Gazette says it does not forget that the Canadian premier is a medalist of the Golden Club."

REVOLTING TALES FROM MACEDONIA.

DESPERATE FIGHT WITH ENRAGED BEAR

Two Kings County Men Attack Bruin With a Pitchfork.

ANIMAL JUMPS ON ONE. And Seizes Him by the Leg, But the Other Came to the Rescue and Drove His Weapon Into Bruin's Head, Pinning Him Down, and the Other Cut His Throat.

Snyder Mountain, Kings county, Aug. 24.—An adventure of interest took place here on Saturday evening, Aug. 24th, which came near causing the death of one of our respected citizens.

Reports have been brought in this neighborhood of a large bear being seen in the vicinity of Snyder Mountain. On Saturday evening shortly before sunset Miss Dora Ogden was started to see a bear coming swiftly over the hill some distance from her home, and called to her father and brother, at work in the hay field near by at the time. They seeing the animal approaching a grove in a neighborly field, thought to run across and, if possible, keep him there or turn him back until a rifle, which had been sent for, could be brought.

Mr. Ogden entered his fork and hurled it at the monster, striking the animal just behind the left fore shoulder. He ran a few yards, seemingly not knowing he was hit, then turned and with his teeth pulled the fork out, and pursued his jaws in the direction of the house.

That which followed can better be imagined than described. Harry Ogden, who had been in the house, came to the aid of his father's rescue and with a pitchfork thrust it into the bear's head, and with terrific strength tumbled him over on his back and pinned him down. The bear roared and thrashed his head and fore legs, but he was unable to get up.

FOOLHARDY MARINERS. Two Arrived at Halifax From Boston Monday in a 19 Foot Dory.

One of Them Will Leave in the Same Boat Today in an Attempt to Reach Europe and is Confident of Doing So.

Halifax, N. S., Aug. 24.—(Special)—Two venturesome mariners, Ludwig Ehrenbraun and Charlie Schuz, who left Boston twelve days ago in a nineteen-foot dory, Columbia II, bound for Europe, put in here early this morning for fresh water and provisions. Schuz intends leaving the boat here and will return to Boston Wednesday to make preparations for starting across next spring in a similar boat. After leaving here for each Europe alone and will start from here tomorrow afternoon if the wind is favorable.

Since leaving Boston, pretty rough weather was met in the Bay of Fundy. Off Yarmouth on Thursday the little craft got in among the breakers and was boarded by a heavy sea which filled the cockpit and washed Ehrenbraun overboard, but being a good swimmer he managed to regain the dory and with the help of his mate got safely on board again none the worse for his experience.

He made an attempt to cross from Boston to Marselles, up the Rhone to the Rhine and down to Germany. Ehrenbraun is quite confident of success and says his dory is a splendid sea boat, the only fault he has to find with her is that she is a bit heavy.

The Town of Monastir is in Ashes, and the Turks Are Pursuing Their Campaign of Murder, Massacre, and Unspeakable Outrages Against the Christians.

Sofia, Aug. 24.—With the rumors of massacres, atrocities and the murder of prisoners in Monastir, now authenticated, the general situation is considered here as fast becoming intolerable. Officials and diplomatic circles are alike concerned, having every reason to fear that only a part of the horrors enacted in the interior of Macedonia have yet come to light.

The revolutionary committees are doing their utmost to focus the hands of the Bulgarian government and the immediate outlook is exceedingly gloomy. It appears that the Turks have obtained the upper hand in the village of Monastir and the insurgents are planning to remove the centre of their activity to unpleasant proximity to the Bulgarian frontier. Despatches arriving today from the disturbed area are exceedingly gloomy. From Adrianople comes the news of a Turkish defeat and the extension of the revolutionary outbreak from Monastir the news of Turkish victories accompanied by barbarous excesses.

While many of the reports remain without confirmation, sufficient authentic details are forthcoming to cause the authorities the gravest anxiety. According to the Sofia Dispatch the Turks committed unspeakable atrocities at Krushovo. The mutilated corpses of ninety women and children were found in one building; pieces of the bodies had been thrown into the street. Fifteen of the principal merchants of the town were killed and their heads exhibited on poles.

At Monastir the churches were demolished, the houses seized and the town is now a heap of ashes. The populace fled to the hills where they are in a starving condition. The Dnevnik also asserts that a general massacre has occurred in the whole village of Monastir. Nearly all the villages have been destroyed. The treacherous murder of eighty insurgent prisoners by their guards near Monastir has made an especially bad impression here.

Many rumors are current of massacres in the city of Adrianople, but confirmation is lacking. The situation there, however, is not so serious. The population is afraid to leave the houses. The prisons are full and the Vah has taken private vengeance on the population. The Vah is reported to have answered that he was powerless against the fanatical population.

Christians Massacred at Adrianople. Sofia, Aug. 24.—Travelers who arrived here this evening from Adrianople state that a massacre of Christians occurred there Sunday morning.

One version says the guns in one of the forts opened fire on an insurgent band which had attacked a military outpost. A panic followed inside the town and the Mohammedan population fell upon the Christians.

Bryan. Justice Dykes fixed the bond of the assignee at \$300,000.
