Sending Money to Soldiers

Those who have friends or relatives at the front, may wish to send money, but possibly do not know the best way to do so.

If time permits, the safest and most convenient method of making remittances abroad is the Bank Money Order or Draft, as issued by The Merchants Bank.

If, however, it is necessary to send money without delay, the Bank will arrange this by Cable Transfer.

THIN PEOPLE SHOULD TAKE **PHOSPHATE**

Nothing Like Plain Bitro-Phos-phate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

are evidenty thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitrophosphate, which is inexpensive and is sold by A. J. Roos in Kitchener and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitrophosphate quickly produces a welcome transformation in the appearance; the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervo sness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

CAUTION:—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesk.
