

Here is a Power that Every Farmer Needs

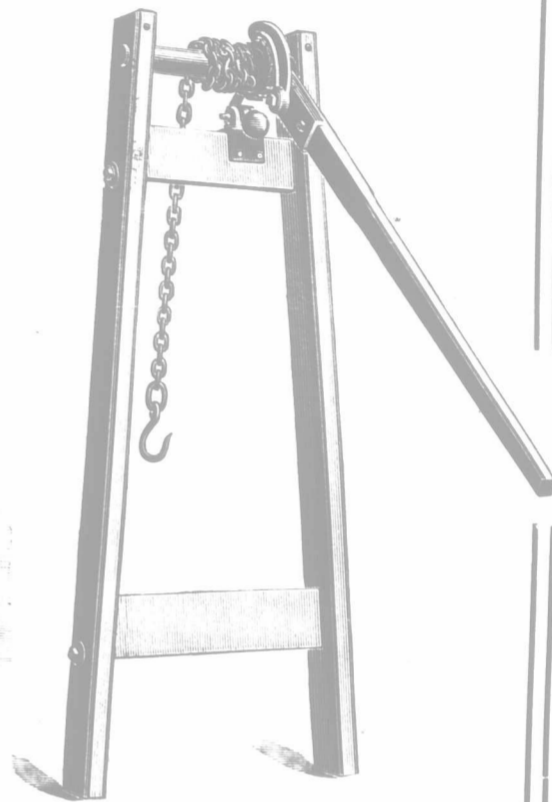

and which every farmer can afford.

Observe the lags, which are so constructed that the animal travels on the level, instead of uphill as in other makes. This new Power has speed regulator and is equipped with ROLLER BEARINGS, insuring ease and noiselessness in operation. Cheaper and safer than gasoline or other engines. Costs nothing to run and is a perfect exerciser for all kinds of stock.

Manufactured by the HAMILTON ENGINE & THRESHER WORKS. Send for prices and full particulars.

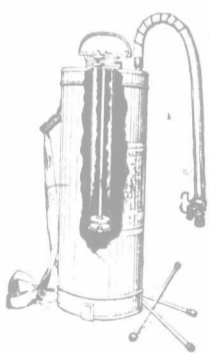

Power changeable to right or left side. Trucks supplied if desired.

IT'S YOUR FAULT AND NOT THE COWS'

YOU should have a New Century American Cream Separator.

THEN there would be more and better cream—sweeter skim milk, purer butter, and hence larger profits—less drudgery in the dairy, too.

THE BANE OF BUGLAND IS AN AYLMER SPRAYER

BECAUSE in this machine, metallic rolled spring rings hold an even maximum pressure, and do not, like fibrous packings, become loose or secrete gritty particles at the point of intake, prevent clogging. Because thorough agitation within the barrel and always at the point of intake, prevent clogging. Because strong, durable, simple in construction, and easily operated.

Bugland's bane, 'tis very plain, an Aylmer Sprayer will remain. No other could it's place retain or hope its record to maintain.

FIRST in the great Government contest at St. Petersburg, Russia; Queen's Jubilee Diploma, Industrial Exhibition, Toronto; Highest Award, Royal Horticultural Society, Manchester, England. Diplomas far and wide. From victory into victory! An order received for the entire spraying equipment for the Nova Scotia Government's Model Orchard.
