FISHERIES, &c.

Opinions of the Press,

Mr Tocque is a "Newfoundlander" but knows more of
us Yankees than most of us know of ourselves. His book
is quite remarkable, it is full of information, and the very
information needed to afford a just estimate of the country
its statistics are abundant, but they are woven into-ketches, personal and general, in such a manner as to relieve
them of daluers. It treats of our manufactures, shipping,
navy, public men, slavery, religion, and we knew not what
it omits. It ought to be a reliable volume.—Boston, Zion's
Herald, May 20th.

"Such is the quaint fitle of a neat duodecimo volume,
which we find upon our table. It is just what it professes
to be, a peep at the Massachusetts corner of Uncle sam's
great homestend by a citizen of Newfoundland. Mr Tocque
appears to have travelled with his eyes open, and between
the covers of his book the reader can find a large amount
of valuable and entertuining reading matter."—Worcester
Daily Spy, May 20th. Opinions of the Press,

Wesleyan Day School, Halifax.

THE SUBSCRIBER begs respectfully to draw Peptic.

TO INTENDING EMIGRANTS FROM NOVA SCOT TIA. The Canada Company would suggest to parties who may contemplate leaving Nova Scotia that the Western Section of Canada offers every inducement for them to settle there, rather than that they should proceed to the United States. In Upper Canada they will find a most healthy climate, and abundance of excellent Land to be obtained upon easy terms from the Government and Canada Company. The great success which has attended Settlers in Upper Canada is abundantly evidenced by the prosperous condition of the Farmers throughout the Country,;—by the success of many Natives of New Brunswick and Nova Scotia who have settled in many. Townships;—and by the individual progress made by several thousands of people who have taken Landsfrom the Company. The Canada Company's Lands are offered by way of Lease for Ten Years; or for Sale Cash down The plan of 1-5th Cash and Balance in Instalments, being done away with.

down The plan of 1-5th Cash and Balance in Instalments, being done away with.

The Rents, payable 1st February each Year, are about the Interest, at six per Cent., upon the Cash Price of the Land. Upon most of the Lots, when Leased, no Money is required doven, whilst upon the others, according to locality, One, Two, or Three Years' Rent must be paid in adcance, but these payments will free the Settler from further Calls, until the Second, Third or Fourth year of his Term of Lease.

The Settler has secured to him the right of converting his Lease into a Freehold, and of course, siopping payments of further Rents, before the expiration of the Term, upon paying the purchase Money specified in the Lease.

The Lessee has thus guaranteed to him the entire benefit of his Improvements and increased value of the Land, should he wish to purchase. But he may, if he pleases, refuse to call for the Freehold; the option being completely with the Settler.

A Discount, of Two per Cent., will be allowed for an-

to call for the Freehold; the option being completely with
the Settler.

A Discount, of Two per Cent., will be allowed for anticipated payment of the purchase Money for every unexpired year of Lease, before entering the Tenth Year. The
Lessee has also secured to him the benefit of the Settler's
Saving's Bank Account.

The direct trade now opening up between Upper Cana
da and Halifax presents facilities for cheap passage b
the St. Lawrence to the upper Lakes, in the vicinity o
valuable lands open for settlers.

Printed Papers containing full and detailed particulars,
may be procured gratis from the Rev. E. Evans, Halifax,
of whose permission the Company avail themselves to refer inquiring parties to him, as a gentleman long resident
in Western Canada, and who, will afford information
respecting the Company's Lands, and upon Canada generally.
