Price in Green Denim ..... **\$35.00**  
 Price in best quality Hand Buffed Leather. **\$55.00**  
 Price in English Morocco ..... **\$75.00**

## Easy Chairs

If there is one thing more than another we pride ourselves upon in the furniture section of this business it is the production of Easy Chairs.

There is a world of difference between the so-called easy Chairs turned out by the thousand in factories and the rest-inviting Club Chairs, easy in fact as well as in name, that are built here in our own workrooms.

The Chair above illustrated is one of several styles we reproduce from famous English models, forming a series which represents the last word in the production of luxurious and durable upholstery.

The frames are solidly built of kiln dried hardwood, and each chair is upholstered, from start to finish, by an expert upholsterer of long experience in high grade work. Curled horsehair is used in liberal quantities, and the springs, webbing, canvas, etc., etc., are of the very best quality. When covered in leather first grade selected hides are used.

Quality and durability considered, these are the cheapest of Easy Chairs.

Cuts or blue prints of several designs and samples of leather, tapestry, denim, etc., will be mailed on request to architects.

# THE SOSS Invisible Hinge

**The High Class Hinge for High Class Work, at a cost little in advance of that of inferior devices.**

Public Library, New York City, Carrere & Hastings, Architects—the largest and most elaborate Library Building in the world. The SOSS INVISIBLE HINGE was used throughout this building.

The new Invisible Hinge which is now extensively used wherever a Hinge is required. The Pullman Car Co. are equipping all their new cars with these Hinges. They are being specified by architects for Office and Government buildings, Hospitals, Schools, Colleges and Residences.

**SOSS INVISIBLE HINGE is perfect in every particular---Design, Construction, Operation.**

THE SOSS INVISIBLE HINGE will stand more rough usage than the old fashioned Hinge. No projecting metal on either side of the door. No butt protruding when door is closed. Makes an absolutely perfect joint between jam and door. An Invisible Hinge can not be seen when the door is closed. THE SOSS INVISIBLE HINGE is made of a composition metal that is frictionless, that makes it very strong.

**We manufacture all sizes and styles. Prices, discount, circulars and catalogues sent upon request.**
