DEAR SIR,—Your Dr. Morse's Indian Root Pills are the best selling pills in the market. This is a fact. I speak with knowledge on the subject, as I have been dealing in various kinds of pills, and sell more of Morse's than any other.

If any one does not believe this I ask him to try a box and see if he will then use any other. I hope I may always have them. Yours gratefully.

This day is for us a particularly auspicious one from the additional fact that we have, in our midst, another venerable and respected Prince of the Church, who comes to us from the land of the midnight sun, and whom we are glad to welcome to our town-and there is also another most distinguished visitor-one Special Rates for 'Xmas. who has grown gray in the service of his Divine Master-one whose name is as familiar as a household word-one of the first missionaries in this still "great" but happily no longer "lone land" thanks in a great measure to the courage and indomitable zeai of Father Lacombe and his brethren of the Black Robe. Both of our distinguished visitors have spent the spiritual welfare of the aborigines

In conclusion, my Lord, let me once more voice the wishes of your people here-congratulating you on the enjoyment of health and strength, and surrounded by noble and devoted priests. May you long be spared as the head of our Church in the diocese of Saskatche-

Had no Appetite, Was Pals and Easily Exhausted--Subject to Severe Spells of Diz. ziness, and Other Distressing Symptoms

To the Editor of L'Impartial.

TIGNISH, P. E. I., May 30th, 1895.

DEAR SIR,-I see by your paper the names of many who have been benefit-ed by the use of Dr. Williams' link Pills. I feel that I ought to let my case be known as I am sure that many women might be benefited as I have been. For a number of years I have been almost an invalid. I did not know the nature of my malady. I had a tired feeling, being exhausted at the least exertion. I had no appetite and was very pale. I sometimes felt like lying down never to rise. A dizziness would sometimes take me causing me to drop where I would be. During these spells

A DIZZINESS WOULD OVERTAKE ME.

of dizziness I had a roaring sound in my head. I took medical treatment but found no relief. My husband and father both drew my attention to the many articles which appeared from time to wrought by Dr. Williams' Pink Pills. At first I had no faith in them, in fact. I had lost faith in all medicines and was resigned to my lot, thinking that my days were numbered in this world. Finally, however, I consented to try the Pink Pills. I had not taken them long before I felt an improvement and hope revived. I ordered more and continued revived. I ordered more and continued taking the pills for three months and I must say that to-day I am is well and strong as ever and the many silments which I had are completely cured. I attribute my complete recovery to Dr. Williams' Pink Pills and hope by telling you this that others may be benefited by them. by them.

STIMULANT. TONIC. A FOOD.

FOR OLD PEOPLE. FOR YOUNG PEOPLE.

Should you find the cold, raw autumn winds chilling you to the bone and making you feel as though it would be almost impossible to stand the still colder weather yet to come. Try say a half-pint bottle a day of our Extra Porter; the cost will be but a trifle over five cents per day and may do you a great deal of good.

Porter enriches the blood, warms up the system and generally produces a cheerfulness of mind and a desire to look upon the brighter side of life.

Many people say "I don't like porter or lager, if I did I would use it regularly and no doubt be benefitted by its use." Now, people, as a general thing, don't use only the medicines prescribed for them, that are palatable or that just suit their fancy, they take anything and everything the doctor sends. So we say to such people take your porter as a marticle of fully recognized medicinal value, whether you like it or not. Porter—and this applies equally to our ale or lager—is so mild a stimulant that none of the depressing effects sometimes felt after using stronger stimulants is experienced.

Bottled in quarts, pints and half-pints, the latter one glass, no waste always fresh.

So it is in human life—a slight derangement is neglected, it grows and increases, imperceptibly at first, then rapidly, until what could, in the beginning, have been cured with little trouble, becomes almost fatal. To prevent this, I advise all to purify the system frequently, by the use of Morse's Pills, and so preserve v.gor and vitality. Yours faithfully, H. F.
