TO: The Fredericton And Area Motoring Public

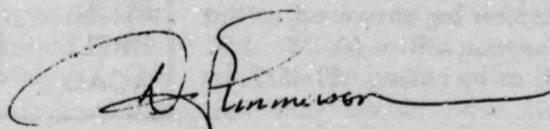

FROM: Riverview Lincoln Mercury Sales Limited.

We recently opened our doors and invite you to visit us and view the fine line of 1982 fuel efficient Lincoln Mercury cars and Ford trucks.

We feel the single most important aspect of our dealership is to provide you with the best possible service available in the car industry today and at the same time provide the most reasonable prices.

In order to fulfill this obligation we constantly need your input on whether or not we are servicing your car properly.

We as a new dealer are looking forward to meeting you personally and invite you to participate in our Grand Opening Specials and to enter our trip for two free draw to Walt Disney World forms to be drawn January 15, 1982 with no purchase necessary.
