What is your job?
DSU's chief financial officer. I account for all the money belonging to the Union, and I perform audits of societies.

Why did you apply?
I was a Co-op student working in the DSU accounting department from January to April of last year and worked

closely with Brett (last year's treasurer). I got a good feel for the job.

Is the job what you expected?
The job is what I thought it would be. In the general area, there's always things you don't know. Overall, yes. And more, in a good sense.

What are your greatest achievements and disappointments?
I just made a presentation to the treasurers of all the societies. Also, the implementation of the blue light system. I finalized with Kat (VP Kat Hannah) the specs for it with Chief of Security Sandy MacDonald. So far everything has been great.

Would you want to run for one of the elected positions?
Not really. I don't see myself as a political person.

Would you like a second term?
Right now, yes.
