that that they are clean, honorable and anobjectionable men, and therefore say they are deserving of the support of their party.

As they make-and can make-no objections to Messrs. Clancy and Bowyer ,the Conservative candidates in Kent, both of whom are just as olean, honorable and respectable as their opponents, that part of the nampaign may be closed with the re-mark, "All honor to both parties for selecting candidates possessing such high personal standing in the coun-

The matter, however, cannot be almedide as best he can how he should wate in this the most critical election in the history of the Province of On-

He must, to arrive at an intelligent conclusion, ask himself: First, what are the qualifications of the gentleen assing for my vote ? Second what principles do these men stand for! And, third, what will they sapport if elected?

As far :as Mesers. McCoig and Cochrane are concerned it will be said they are men of good average ability, well thought of in the county and honest and trustworthy. Beyand that their most ardent friends sannot go. Neither of them, by edueation, training or experience can b said to have qualified themselves for the positions they now seek,

Of Mr. Clancy it may be said that by long terms in the Local House he established a reputation as a keen debater; his long experience made him one of the trusted lieutenants his Leader, and, afterwards, as member of the House of Commons, his abilities soon made him recognized as one of the really able men of the Opposition. His qualifications, therefore, are unusual and of such a character that, should he be elected-and every sign points that he will-his services to the Province would be of very great value.

Of Mr. P. H. Bowyer, the candidate in East Kent, it may be said that for many years his whole life has been practically a training school for the position he now seeks. A pleasing speaker, concise, logical in whatever says, of a very independent turn of mind and of radical views, he has been recognized as one of the leadsing men of Western Ontario. His liberality has been a by-word throughout the County for years. The general interest he has mani-fested in agricultural development and interests cannot be better proven than by the hearty endorsement the Farmer's Weekly Sun gives his candidature. By reason of his occupation be should be, and unquestionably is, one of the best posted men on the public affairs of this County in Western Ontario. Of lovable disposi-tion, his friends are legion. As the Sun says, "He calls himself Conserva-tive, but, if party names mean anything nowadays, he is really an ad-

Surely therefore the thinking Liberal and Independent voter must arrive at the conclusion that there can be no comparison between the respective qualification and fitness of the candidates, and that the Con-servative candidates in this instance, Mesers. Clancy and Bowyer, are, in that respect, head and shoulder bove their opponents.

The remaining question then that

vanced Reformer."

the elector must ask himself is. "For what do these men stand, and what will they support if elected?"

During the Ross regime Ontario has been characterized by a heries of election scandals having no equal in the history of the Province, or indeed in Canada, and in this respect it must be pointed out that these cor-rupt acts and scandals—indeed, criminal-acts were done on behalf of the Liberal Government in power, Tha the Government in power, with a full knowledge of the acts committed, did not hesitate to accept the benefits derived through the election of mem bers by corrupt means, by switching scallets, by the trip of the Minnie M. and other instances needless to mea-

Liberals are urging the claims of the knew it. The man who knowing ly has stolen goods and does not re-candidates in Kent, point to the fact own benefit is commonly said to be as bad as the man who took them. Where do the cases differ? If, as he says, he was innocent, should he not immediately resign once he knew.

Now, of course he says, "I am go-ing to the country with a ge-or-gan sed Government and new ministers. The past must be forgotten. We have sinned and are sorry for it. We promise you that in future we will sin no more in this respect."

We fancy Governments differ no more in this respect than private individuals. To be thoroughly cured of our sins we must be punished and lowed to rest there by the enquiring show repentence by acts rather than An examination shows the govern

ment is still the same government, comprised of the same people, and that they have not by their acts shown the slightest contrition or sorrow for their wrong-doing. And yet these are the men and principles for which Messrs. McCoig and Cochrane stand. As Mr. McCoig so aptly to actly put it-

work was the excellent amount of money raises for home and roterin missions. The total amount, including elections and I believe they should be turned out."

On the other hand, Mr. Whitney for years has been bonducting a campaign against the corrupt methods and scaudalous acts which have enabled the present government to retain power against the wishes of the popular majority of the people of this province. He stands for a clean election, and a plean government.

HE HAD FAITH

AND IT WAS JUSTIFIED.

"In reply to your letter of recent date, will say that I am oured as sound as a dellar. I used about three of the fifty cent packages. I was going to write you, but was holding up ing to write you, but was holding up to see if the piles would give me any further trouble. I feel no signs of the piles and believe I am cured entirely. I had faith in Pyramid Pile Oure at the start, and stuck right to the treatment. You can refer anyone to me you like. I can soon tell what Pyramid Pile Cure has done for me. Wishing you much success; I remain. J. C. Kinkaid, Mgr. for Fleischman & Co. Agency at Knoxville, Tenn."

It is a well recognized fact that

man, S. Co. Agency at Knoxville, Tenn."

It is a well recognized fact that the best advertising an article can have, is that which is known as "word of mouth"; this rightfully carries more weight than all the claims which can be set forth. It follows that Mr. Kinkaid, with his wide acquaintance, will largely promote the sale and use of Pyramid Pile Cure because—and here is the vital point—he knows whereof he speaks, and not only advocates its use but does so with enthusiasm; this is not to be wondered at, and in point of fact can anyose, after reading his letter, doubt that this remedy cures?

Fyramid File Cure is sold by druggists for the low price of fifty cents a package; it is in suppository form, is applied directly to the parts affected, and does its work quickly and painlessly; there is no other remady "just as good."

A little book describing the causes and cure of piles is published by Pyramid Drug Co., Marshall, Mich., and will be sent five to any address for the asking.

BETTING FOR A FRIEND.

A gentleman was requested by a lady to put her a tenner on a certain horse, if he fancied it. Now, he did not fancy the animal nor back it and was greatly surprised to see it win. Of course he was pleased, but no local House, cannot see the avil deeds which are being constantly done in his behalf by his party supporters.

And, assuming his statement is true that he would not fancy the animal nor back it win. Of course he was pleased, but his astisfaction was interrupted by the reflection that the lady would doubtless imagine that her tenner had been invested. The trainer inquired the price—20 to 1. Though a poor man, he was—ani is, I should any—see kindly and serr pulous that he would not disappoint his friend, and sent her £200,ccs rend he cooled exceedingly ill this dw tru!

GOOD YEAR IN THE CHURCH

Splendid Showing at the Annual Meeting of the First Presbyterian Church

ospects for Another Bright Year Ahead—Reports Received and

The annual congregational meeting of the First Presbyterian Church was held last evening, when the annual reports were read from the several departments of the church work and arrangements made for the manage ment of the church for the current

The reports showed that the church has had a very successful year. The Ladies' Aid have been especially successful. These ladies are at present raising money for the building of a manse, and their report shows that they are getting on splendidly. Perhaps the most important busi-

ness done was the granting of \$900 for music and the referring to the managers of a scheme to provide more seating capacity in the church. One special feature of this year's work was the excellent amount of

the popular majority of the people of this province. He stands for a clean election and a clean government. His policy is as advanced—and more so—than that of the fliberals. The fory that he has not the uecessary material with which to form a good working cabinet may be dismissed with a smile, as no sane man will for a minute contend that all the political ability and statesmanship is ranged on the side of the Liberals in this Province. Particularly may this be said when one views the selection of Hon. A. G. McKay, and Hon. G. P. Graham, as cabinet ministers, and then reflects back to the days when Ontario calpuets were composed of the Mowats, Pardees, Frasers, and Hardys.

In conclusion, Mr. Elector, all we ask you to do is to think it over, arrive at an honest conclusion and vote as your conscience dictates, if you do, we know that on the eve of January 25th, 1905, the two Keats will be redeemed and represented by Messra Clanay and Bowver.

of \$900 was necessary. The church spent over this in music last year. Mr. Phillimore thought the amount was too much. Ho was in favor of having a purely volunteer choir, with no paid singers. Mr. Urquhart thought that the congregation should enter into the singing more heartily and he was endorsed in this by the pastor. Alister McKay thought the church should keep up with the times and have good music. Mr. Farquharson thought that the church tad a work to do. Last year they raised about \$226 for Schemes of the Church, and \$900 for music. He was, however in favor of Mr. Rankin's proposition. Mr. Phillimore spoke on the question several times and brought up several matters in connection with the organist, concerts, rehearsals and fuel for the same, etc. but Mr. Rankin pointed out that this had not nothing to do with the metion. Mr. MacGilibras, was in favor of good music. "Music in the service," said he, "is blood in the veins," It was inspiring to hour good music. The motion was carried by the meeting.

The motion was carried by the meeting.

The matter of appointing a musical committee then came up. Under the constitution of the church the music is under the control of the session. Mr. Phillimore, one of the managers, thought that the musical committee should be composed of two members from the Board of Management and two from the Session. This idea was finally adopted, after much discussion.

The matter of aproviding extra seating in the church came up and it was the unanimous opinion that more accommodation should be made. The building of a new gallery and the deepening of the present ones was left to the consideration of the Board of Management.

The meeting then adjourned.
