### TOWNSHIP OF TORBOLTON.

Smallest in size, being composed of little more than 25,000 acres of land. The northerly part fronting on the Ottawa River. The Government quarries are situate in this township, one on lot 27 and one on lot 21. It is said some of the finest stone ever quarried is produced from these quarries. It was in this township that the father of Mr. James MacLaren first lived, and Mr. John Buckham was the first clerk, and built the first house, and purchased the first piece of land, 200 acres, paying therefor £10. Small as it therefore is, Torbolton is not without its points of interest. The municipal officers are:—Reeve, J. F. Grierson, Esq., Fitzroy Harbor; Clerk, Geo. Buckham, Esq., Kilmaurs P. O.
