

IT IS THE HIGH
Quality
 OF THE WORK OF THE

Different Departments in our Great School of Business Training which has won for it such distinction as to make it a household word throughout the whole Dominion. More than

One Thousand Young Men and Women

are sent direct from our College into good salaried positions every year. We enjoy a splendid reputation among the leading business firms for recommending only those who are competent, and so have greater demands for young people skilled for office positions than we can supply.

Not a Few Public School Teachers

have used our facilities for doubling their salaries during the past few years, while many have studied with us for the COMMERCIAL SPECIALIST CERTIFICATE. About 90 per cent. of all who have ever written this examination have been our students.

Our very

Excellent

Mail Courses

are now in

Great Demand

among Teachers. Scores are studying ACCOUNTING and BUSINESS PRACTICE, SHORTHAND and PENMANSHIP, in order to become better teachers of these subjects. Scores are taking Academic work by correspondence, preparing for Departmental Examinations. All this work is now carried on by the

Shaw Correspondence School

(Formerly Correspondence Department Central Business College)

For all particulars relating to any part of our work you are invited to write to
 W. H. SHAW, President

Central Business College

Cor. Yonge and Gerrard Street, Toronto
