**Seven Good Reasons for using THE MILES**

It makes all blocks FACE DOWN.

It makes all sizes of blocks from 4 to 24 inches long, in 5 widths of wall, including Circles, Gables, Watertables, Octagon, Chimney and Pier blocks, all on the one machine, and one sized pallet.

It has nine different sized Cores, all interchangeable without changing the back plate on pallet, which allows you to make a heavy or light block, as desired.

It can be changed from one sized block to another in less than two minutes.

Our FACE DOWN patents antedate all others, and have never been questioned.

We give you a thorough demonstration before you buy.

If you are going into the block business you want a machine that will make blocks to meet the Architects' specifications.
