

HARVESTING "SUCCESS"  
FROM OCEAN TO OCEAN WITH  
DEERING HARVESTERS.

THE DEERING LINE OF LIGHT-DRAFT IDEALS

Is recognized as the embodiment of the best and most advanced ideas in harvester construction. It is an invariable rule that where a Deering machine is once used it is permanently installed with the regular farm equipment. Generation after generation have used Deering Harvesters without departure from their allegiance to the products of the big Deering works, the largest harvester plant in the world. It requires genuine merit to win such recognition.

The Deering Harvester Company controls the entire output of the Mann Manufacturing Co., Limited, of Brockville, Ont., and are prepared to supply the trade with the famous Mann line of Seeding and Tillage machines.

DON'T

BUY A SEPARATOR UNTIL  
YOU HAVE SEEN THE

National.

EXAMINE

The simplicity of the design.  
All wheels and bearings protected, being perfectly safe in the hands of a child.  
It has anti-friction ball bearings.  
Few parts to wash—only two pieces inside the bowl.  
The National is made by the Raymond Mfg. Co. of Guelph, whose success with the celebrated Raymond Sewing Machine is sufficient guarantee of the high finish and workmanship.  
In 1901 five machines a day were manufactured. For 1902 the capacity is increased to 25 machines per day, showing the satisfaction given by the National in the past two years.  
The 1902 National contains all the strong points found in other separators, and is placed on the market with the guarantee of being the best and most up-to-date machine in every particular offered to the Western farmers to-day.  
The National will well repay investigation by intending purchasers.  
National No. 1, capacity 330 to 350 lbs. per hour.  
National No. 1 A, capacity 450 to 500 lbs. per hour.

The Specialist

is the man who succeeds above all others in this age. It should be so. When a man

devotes all his time and energy to one single thing, he usually does succeed. We are specialists in making Spramotors. We have never made cheap machines, knowing that to be synonymous with poor machines. These things being true, is it surprising that the Spramotor is the very best spraying machine in the country? That is the testimony of all who have used the Spramotor. It was awarded First Place in competition with ten other machines in the Canadian Government Spraying Contest.  
It is unequalled for painting barns and other buildings, inside and outside, with whitewash, oil and water paints.

We will mail you free an 84-page copyrighted Treatise on the diseases affecting fruit trees, and their remedies, entitled, "A Gold Mine on Your Farm." Ask your dealer for the Spramotor, or write us direct.

SPRAMOTOR CO., London, Ont., and Buffalo, N. Y.

Perhaps you prefer Shallow Cultivation?

Many farmers do; they say it is better than plowing often. The

CLIMAX CULTIVATOR

Is a weed and thistle killer. The teeth are independent and can be set to any required depth.

We have introduced the Climax Cultivator to suit those farmers who favor shallow cultivation and desire their land thoroughly cleared of weeds and thistles.

And if you want a Mower, Rake, Binder or Seeder, call on our agent and examine our samples.
