PIANOS By Mail.

THROUGH our Mail Order Department we sell pianos direct from our Toronto warehouses to almost any point in Canada, no matter how remote. In this way the purchaser saves that large portion of the cost necessary for agents' commissions and local expenses.

We ship subject to approval and will pay the return freight if not entirely satisfactory, consequently customers living at a distance can buy just as safely through our Mail Order Department as those who have the opportunity of visiting our warehouses and making personal selection.

Our easy-payment system is applicable everywhere, and on the most costly instrument as well as the more moderate priced. A card of enquiry will bring a personal letter with full particulars.

We are wholesale factors for the following instruments:

KNABE PIANOS.

The more closely you investigate the more clearly you demonstrate their peerless character.

GERHARD HEINTZMAN PIANOS.

Loved by every owner, admired by every hearer for their delicious tone-quality.

COURLAY PIANOS.

Distinctly artistic creations; in excellence our highest attainment. Already a favorite with every musician.

MENDELSSOHN PIANOS.

WE SHALL BE PLEASED TO CORRESPOND WITH YOU.

The American Shropshire Registry Association will hold its annual meeting Wednesday, December 2, 1903, 10.30 a.m., at the Record Building, Union Stockyards, Chicago, during the great International Live Stock Show.

There will be a sale in the pavilion, same afternoon, of high-class Shropshires.

GOSSIP.

Vol. IV. of the "American Leicester Record" is now in the hands of the printers, and Secretary Temple, of the Leicester Association, informs us that it will be up to its usual high standard, both in arrangement and typographical work. It will contain 2,200 pedigrees and over 500 transfers, besides appendix, index, etc.

"Dis is a fine paper," said Meandering Mike. "It says dat de difficulty is not so much in perducin' value as in gittin' it to de best market."

"What's dat to you?" said Plodding Pete.

"It describes my trouble precisely. I've got an appetite dat some o' dese rich folks would give a million dollars fur. An' what good is it?"

THE HAMILTON SHORTHORN SALE.

The announcement in our advertising columns of another grand combination sale of high-class Shorthorns, to take place under the management of W. D. Platt, at Hamilton, Ontario, on January 20th, 1904, will interest a very large number of the readers of the "Advocate," as it will be the first important event of the kind in the new year. Mr. Platt states that he has never made a better importation, from the view-point of the breeder, than the one now in quarantine at Quebec, and which, under the new regulations, will be due to leave there about Christmas. The consignment comprises what every one will admit is much needed in this country—a lot of excellent young bulls of Scotch breeding and of the type that leaves its impression for good wherever it is used, conforming its progeny with admirable certainty to the popular stamp which experience has amply proven is not a fad, but a substantial benefit, fixing the quality of kindly feeding and early maturity, which counts for so much in these times of close competition and the need of reckoning the cost of production in determining profit and loss. Canadian farmers are waking up to the necessity of improving the quality of our cattle, and the field for the sale of improved breeding stock is constantly widening, with the prospect of being yet greatly extended. Our farmers are prosperous and in good circumstances for taking advantage of the opportunities now being afforded for improving their stock in all lines, and by judicious buying and management may in a very few years completely transform the general stock of the Dominion, and take and hold the first place in the meat markets of the world, a position for which we possess all the needed facilities. Besides a strong contingent of good young bulls, a grand lot of young cows and heifers will be included in the sale. Mr. Platt having determined to make a fair division with the public of his importation, while a half dozen other prominent breeders have consented to contribute from their herds from five to ten head each of first-class representatives of their cattle. Further particulars of these contributions may be looked for in these columns from week to week, and, meantime, the catalogue will be prepared and mailed to those applying for it. Applications will be booked in the order received by Mr. Platt, and the first received will be first responded to.

TRADE NOTE.

LADY MINTO'S APPRECIATION.—We are pleased to learn that Messrs. Gourlay, Winter & Leeming, of Toronto, widely known as manufacturers and dealers in musical instruments, have just been honored with instructions from Her Excellency, Lady Minto, to forward a piano of their own manufacture to Government House. The compliment is all the more highly valued as the instrument is for the use of her daughter, Lady Ruby Elliot, and came unsolicited through their appreciation of the piano this firm is manufacturing, one of them being in the music-room of an Ottawa friend, where it came under the notice of Her Excellency. It is gratifying indeed to observe the recognition being won by the superior merits of Canadian-made instruments, such as those of Messrs. Gourlay, Winter & Leeming.
