Wanted—Successful Farmers

In the San Joaquin Valley, California. This great valley in the heart of California yet has room for over half a million men who will farm its fertile acres in the way they should be farmed. There is no room for the failure—no place for the man who can not succeed where he is. But there is a wonderful opportunity for the man who has the success habit.

Here is a climate that will grow all the products of the temperate zone, and many of those of the tropical. You have no long cold winters. Every day can be profitably spent in out-of-door work. Here is a soil which under irrigation is of surpassing richness. Here is ample water and all conditions of pleasant living in a well-settled land.

We will tell you of the opportunities in general. We will search out for you just the kind of a location you are seeking. It might take you weeks or months and many miles of travel to find the spot that our knowledge of local conditions will direct you to at once.

After you have found the spot we will send to you a man who knows this country thoroughly, and if you wish he will tell you the methods and crop rotations which are most successful here.

All this service is free. It is part of the effort the Santa Fe is making to let people know of the advantages along its lines. The railroad has no land to sell and no interest to serve but your ultimate success here.

What the San Joaquin Valley is, and what others are doing here, is told in our two books, which are free and yours for the asking. Then if you are interested enough to ask further questions, you will find me eager to answer.
