is the cheapest you  
can buy

The first cost may be more—but the first cost is the only cost.  
Suppose one fence costs \$40, and lasts, say, for 8 years. That fence costs you \$5 a year.  
Suppose the same length of Frost Fence costs \$5. But the Frost Fence—made of

of only \$2 a year.

you ever brewed.

We have a little better tea at a little better  
price, but the majority of tea-drinkers don't pay  
more than 40 cents a pound, especially when they  
can get such a nice tea as our "Star Blend" at that  
prices.

This tea is bought especially for us—we mix it  
to suit and sell it only in bulk.

You can have as much of it as you want at 40  
cents a pound.
