Dr. Longstreet's Lecture on Its Relation to Business.

Rights of the Laborer and Other Points in the Theories of Those Who Believe the Application of the Doctrine Would Cure Many Evils.

Dr. B. F. Longstreet's second lecture in Dominion hall Friday was attended subject was "Single Tax and Business," and the speaker said in part:

"There is only one class of law-the laws of nature—and the laws enacted by governments are merely petty rules that have become accepted among men for their guidance. But too often in establishing their self made rules, men forget these incontrovertible natural laws, and it cannot be expected but that these so-called laws, these man-made rules, out of harmony with nature, must of necessity fail.

"Society is a natural thing, for men by instinct live together. As it is necessary for these people to be governed, thing. In a natural body health is the ness, headache, insomnia, kidney and medicine prescibed by different physicnatural condition, and a natural system liver troubles. This is the time when lians, but all to no avail. of government must of necessity be a the neuralgic and rheumatic should get healthy government. It must go with- rid of their misery and pains. so they to try a bottle of paine's Celery Comout saying then, that poverty goes only may fit themselves for work and enjoy- pound. Before I had taken half of it I with an illogical system of political ment during the summer season. Paine's began to feel better. Sleep, which in
