

Look After Convalescents on Their Arrival in Canada

New Hospital Unit Will Include Ten Divisions, One for Each Military District in Canada.

Ottawa, June 29.—Details of the new hospital unit to which reference was made last week were announced today. The new command will be a duly established branch of the Canadian expeditionary force, but will confine its work chiefly to the care of convalescents on their arrival in Canada. This work has been under the Military Hospitals Commission, but it has grown to such an extent, and will be so greatly increased as a result of the recent heavy casualties in the Ypres region, as to call for special provision. The new unit has been constituted by order-in-council for purposes of administration, discipline and command. It will include ten divisions, one for each military district in Canada. In each hospital or convalescent home there will be an officer and subordinate, having direction of its affairs, subject to the general jurisdiction of the central commission in Ottawa. The new unit will be in command

of Lt.-Col. Sharples, of Quebec, who has been charge of the depot for returned soldiers there. The unit will co-operate with the army medical service in the arrangement and discipline of the various institutions and for the purpose of medical attendance on the men. It is expected that the work of this new organization will have very beneficial results in preventing cases of hardship and distress among returned soldiers.

Non-alcoholic beer is proving to be a favorable drink in London saloons. Inquires show that the beverage has been approved by the Board of Liquor Control. During the hours when the sale of intoxicating drinks is prohibited, there is no demand for anything but this new ale.

UNITED STATES SEEKS APOLOGY FROM AUSTRIA

Attack Upon an American Steamer "Deliberate Insult to Flag of U.S."

Washington, June 29.—The American minister to Austria regarding the Austrian submarine attack on the American steamer Petrolite, made public yesterday by the state department, describes the act as "a deliberate insult to the flag of the United States and an invasion of the rights of American citizens," and requests a prompt apology, punishment of the submarine commander and payment of indemnity.

In vigorous language the communication to Austria regarding the Austrian submarine attack on the American steamer Petrolite, made public yesterday by the state department, describes the act as "a deliberate insult to the flag of the United States and an invasion of the rights of American citizens," and requests a prompt apology, punishment of the submarine commander and payment of indemnity.

Tissue of Falsehoods
The Austrian claim that the Petrolite's captain voluntarily gave up supplies taken from the steamer by the submarine commander is flatly contradicted, as are the claims that warning shots were fired across the Petrolite's bow before she was shelled and that her appearance was such as to justify the submarine commander in mistaking her for a cruiser.

The attack on the Petrolite, a Standard Oil tanker, occurred in the Mediterranean, Dec. 5. A protest sent soon afterward on preliminary reports from the steamer's captain and crew, brought the Austrian communication to which the new American note replies.

ERAMOSIA

(From our own correspondence.)
On Sunday morning, June 18, a reception service was held in connection with the Stone Church, Eramosia, when a number of young men and several young women were received as members of the Methodist church. A number of members were also received by letter from other churches, where they had formerly attended before moving to this community.

On Sunday, June 25th, Rev. Mr. Evans preached his farewell sermon. The service opened at 7.30 p.m. and a large congregation including representatives of adjoining churches assembled to attend the last service. For three years Mr. Evans has been the pastor of this circuit, and during that time he has been a faithful worker and a most kind and benevolent friend to everyone. Mr. Evans and his family will leave this week for Troy, the future circuit for our present pastor. We wish them every success, and true happiness in their new home.

On Tuesday evening, June 20th, a social evening was held under the auspices of the Stone Church Epworth League. A notable feature of the evening was the presence of Mrs. Evans of a party of gold and an address which read as follows:
Dear Mrs. Evans:

On learning of your intended departure from our midst, we, your friends and acquaintances have met together to spend another social evening with you as a partaker of the pleasure.

During the interval you have been with us you have been an ever-inspiring and faithful co-worker. Owing to your sterling character and most cheerful disposition you have at all times been an inspiration for good and happiness. Many times you have transformed difficulties into pleasures, and at all times your most candid opinion and sane judgment has been a guide to any who have sought your counsel.

We shall not only miss you as a friend, but also as a co-worker in our midst. In every sphere of work in connection with the church you have labored to the best of your ability.

On behalf of the Ladies' Aid we are greatly indebted to you not only as president, but as organizer of the first institution of the kind in connection with this church, and we shall miss you not as a leader alone but also as a co-operator in the many phases of the work amalgamated in the society.

In connection with the Epworth League you have always been a most able and willing worker and both your musical and literary talent has been tested to a high degree, while you have borne with us in our weekly programmes since our organization.

Regarding your assistance in connection with the Sunday School and church your aid has been almost inestimable. We have most thoroughly appreciated your kindness and willingness in assisting as organist during the past and the choir of which you have been the leader for some time regret that such a vacancy is to be made. But what is our loss will be Troy's gain.

Before dispersing this evening in this our farewell meeting we wish to express our appreciation of your capability and congeniality among us by asking you to accept this purse of gold, not for its intrinsic value, but as a slight token of remembrance of your short stay with us.

We trust and pray that you may have many happy and prosperous years to follow and that whenever you may be stationed in the future that the all-wise Providence may have an ever watchful and far-reaching guidance over you and your family.

Signed on behalf of the members and adherents of the Stone Church, Elsie Walker, Mrs. A. Croft, Mr. Wm. Gamble, Mr. R. Thatcher.

In a few well chosen words Mrs. Evans made an appropriate reply thanking the people for their kindness in remembering her in such an impressive manner.

Discontinues Enforcement

By Special Wire to the Courier.
London, June 28, 3.50 p.m.—Lord Robert Cecil, minister of war trade, told the House of Commons that as the result of conferences in Paris the French and British Governments had decided to discontinue partial enforcement of the Declaration of London governing maritime trade and that he hoped the other allied governments would concur. An order-in-council, he said, would be issued withdrawing the successive orders enforcing the Declaration of London and a statement would be given out setting forth the reasons for this step.

EIGHTEEN-INNING BATTLE WON BY PITTSBURG.

Chicago, June 29.—Art Wilson's drive into the left field bleachers gave Pittsburg the winning run over Chicago in the National League's longest game of the season yesterday, an eighteen-inning affair. The score was 3 to 2, the same by which the Pirates won the first section of the double-header. McConnell, the Cubs' pitcher, worked through the entire first seventeen innings, and was taken out in the eighteenth only after Wilson's home run, it being one of three made during the game.

Pittsburg used four pitchers. Miller started and gave way to Schultz, a pinch hitter, after pitching a splendid game for seven innings. Harmon worked for two innings, and also quit to let in a batter.

Jacobs was the slab in the 11th when Zimmermann, running for Knabe, scored the tying run, and was taken out in the 13th when it looked as though he were wavering. Cooper finished the game in great form.

NINE STOLEN BASES HELP HIGHLANDERS TO THE TOP

"KITCHENER" CHOICE OF BERLIN VOTERS

Berlin, Ont., June 29.—The name Kitchener was the choice of the electors for a new designation for this city, although only a very small vote was polled during the four days the poll was open. Brock was a close second, being only eleven behind for first place, while the other four names "also ran." A total of 729 votes were counted as good as follows: Kitchener, 346; Brock, 325; Adams, 23; Denton, 15; Corona, 7, and Kowansa, 3.

There was no demonstration last night, as the citizens evidently are waiting for the official christening, which will take place about a month later. The next move of the city council will take place next Monday when they will pass in council the by-law formally giving the name to the municipality.

BAN ON VODKA PARTIAL REMEDY

However, Bill Providing for Permanent Prohibition Will Probably Carry.

Petrograd, via London, June 29.—The bill providing for the permanent prohibition of vodka came up in the Douma yesterday for the first time and the session was given over to a discussion of the effectiveness of the present regulations forbidding the sale of liquor and the advisability of perpetuating the advantages of the increased prosperity evidenced throughout the country since the imperial decree at the beginning of the war.

The present prohibition has been prescribed by the government, and no option given to the people except in the matter of light wines and beer which had been left in the hands of the municipal councils in various parts of the empire. But judging from the preliminary debate the representatives of the people will support their approval of the prohibition by abolishing forever the sale of vodka.

In fact the general sentiment expressed by the members of the Douma was dissatisfaction with the laxity in the enforcement of the present regulations.

Drunkness Not Abolished.
Quoting the figures covering eleven months in 1915, in which, despite the prohibitory regulations, nearly 4,000,000 vedros—a vedro equaling three and one-quarter gallons—of government liquor had been sold, one speaker asserted that drunkenness was becoming as prevalent as before the war, and declared that measures should be taken to strengthen the laws now in operation.

Drunkness, continued the speaker, also had been increased by the limitation of large quantities of furniture polish, eau de cologne and other substitutes for liquor, consumed by the peasant population. The measure making the prohibition permanent will probably be passed in a short time.
